Re: CG Docket No. 03-123 - Telecommunications Relay Services

Dear Ms. Dortch:

On July 24, the undersigned and Roger Fleming of Northfork Strategies met with Amy Bender, Legal Advisor to Commissioner O'Rielly, on behalf of IDT Telecom, Inc. ("IDT"). We discussed the information and analysis contained in IDT's Petition for Rulemaking filed in the above-referenced docket on November 25, 2015.<sup>1</sup>

IDT's petition requests that the Commission issue a Notice of Proposed Rulemaking ("NPRM") in which the Commission would seek comment on the impacts and benefits of expanding the contribution base for the Telecommunications Relay Service ("TRS") by including intrastate telecommunications revenue as well as interstate and international revenue. We noted that such an expansion would not only result in a lower TRS Fund contribution factor but it would also create more stability for the fund by introducing more predictability and less volatility in the factor as it is periodically re-set. We pointed out that IDT's proposal has received support from relay service users and advocates and that Section 225(b)(2) of the Communications Act provides the Commission with authority to take favorable action on IDT's proposal.

Please feel free to contact me with any questions or concerns regarding this filing.

Sincerely,

A handwritten signature in cursive script that reads 'Colleen Boothby'.

Colleen Boothby  
Counsel, IDT Telecom, Inc.

cc: Amy Bender
