To whom it may concern,

It has come to my attention that there was a clerical error made when completing our Form 471 for fiscal year 2015.

When Item 21 details were submitted there was a miscalculation of extended costs. The total extended costs for Local Phone Service Only should have been \$5,232.60 (9 lines times \$48.45 times 12 months) and extended costs for Long Distance Phone Service Only should have been \$11,232.00 (9 lines times \$104.00 times 12 months).

If your offices would kindly consider my appeal to have our form number 115220001329567, line 21 for Local Phone Service Only increased from the approved \$581.40 to \$5,232.60 and Long Distance Phone Service Only increased from the approved \$1,248.00 to \$11,232.00 it would be greatly appreciated.

Please contact me directly with any questions relating to this request.

Sincerely,
