Re **CC Docket No. 02-6**
Petition for Waiver
FCC Form 471 No. 171049159
Applicant: Cornell School District 426, BEN 135988

Dear Ms. Dortch,

With this letter Cornell School District 426 ("CSD") requests a waiver of the FCC Form 471 filing window deadline for Funding Year 2017 under the schools and libraries universal service support mechanism (E-Rate).

Background

CSD serves over 100 students through eighth grade level in Cornell, Illinois.

We do our best to comply with the rules of the E-Rate program, but in this case we may have fallen short in finishing the application and certification process on time.

Analysis

CSD filed its FCC Form 471 on 5/25/2017, within 14 days of the filing window deadline. To the best of our knowledge, our E-rate funding application is otherwise in full compliance with all FCC rules and USAC requirements.

In *Academy for Academic Excellence*¹, the Wireline Competitions Bureau ("Bureau") found that in cases where a delayed Form 471 filing came as a result of circumstances beyond the control of the applicant, the complete rejection of these applications was not warranted, given that the violation at issue was procedural, not substantive. The Bureau found further that rigid adherence to filing procedures would not further the purposes of section 254(h) of the Telecommunications Act of 1996 or serve the public interest.

In *Acorn Public Library District*², the Bureau found that a delayed Form 471 filing of not more than 14 days after the filing window deadline was not likely to impede USAC's ability to administer the E-Rate program. The Bureau found that the violation at issue was procedural, not substantive, and the Bureau found further that complete rejection of these applications is not warranted. The Bureau also found that (in the absence of any evidence of waste, fraud, or abuse, misuse of funds, or a failure to adhere to core program requirements and) because the FCC Form 471 was filed within 14 days after the filing window deadline, it was in the public interest to waive the FCC Form 471 deadline.

And in *Academy of Math and Science*³, the Federal Communications Commission reiterated that filing of Form 471 late but within 14 days of the filing window deadline is a special circumstance which justifies the grant of a waiver. The Bureau has applied this precedent in several subsequent orders⁴.

Finally, we note that denial of our funding request would impose severe hardship upon CSD, and the effect of such denial would be a profound adverse impact upon the educational services we provide for our students. The consequences of a denial of funding would not further the purposes of section 254(h) of the Telecommunications Act of 1996 or serve the public interest.

Request for Waiver

For the reasons stated in this letter, CSD respectfully requests that the Federal Communications Commission grant a waiver of the FCC Form 471 filing window deadline for CSD's Funding Year 2017 E-Rate funding application.
