This is a response to a request for more information regarding this appeal.

The process completed on behalf of Solon Springs School District is as follows:

- Establishing 470 # 180024368 was filed for a firewall and components on 3/9/2018.
- The competitive bidding process of 28 days was observed.
- 471 #181039073 was filed on 7/25/2018 and FRN number #1899075733 is on this 471.
- FCDL was issued on 7/21/2017. The FRN was reduced to match the budget but was funded.
- Because this issue with the category 2 eligible funding categories had just happened with other applications, I file Appeal #126238 was filed on 10/12/2018. If this issue hadn't come up with other applications, we would not have known about this clerical error until we filed for our refund.
- The Revised Funding Commitment Decision Letter was issued July 10, 2019 and denied the appeal because it was filed more than 60 after the 471.

We would like to change this FRN to the correct service category so that our Solon Springs School District can be refunded.

Sincerely,

Mary Maderich
