Federal Communications Commission
Office of the Secretary

DOCKET FILE COPY ORIGINAL

July 11, 2019

We are calling on the Federal Communications Commission to require phone companies to adopt call-verification technology as soon as possible to stop harmful 'spoofed' robocalls. We also are demanding the FCC police the phone companies' implementation of this technology to make sure it is as effective as possible at stopping these robocalls, and at no cost to consumers.

DOCKET NO.

17-97; 17-59

Attachment A

DOCUMENT OFF-LINE

This page has been substituted for one of the following:

- o This filing contains confidential information (Not For Public Inspection)
- o An oversize page or document (such as a map) which was too large to be scanned into the ECFS system.
- o Microfilm, microform, certain photographs or videotape.
- o Other materials which, for one reason or another, could not be scanned into the ECFS system.

The actual document, page(s) or materials may be reviewed by contacting an Information Technician at the FCC Reference Information Center, at 445 12th Street, SW, Washington, DC, Room CY-A257. Please note the applicable docket or rulemaking number, document type and any other relevant information about the document in order to ensure speedy retrieval by the Information Technician.
