To whom it may concern:

I am a real estate agent who relies heavily on prospecting for business. One of the biggest ways to find business is by "cold calling."

By restricting cold calling it would be detrimental to our business. So we urge you to please support our position.

Thank You.

OFFICE OF THE SECRETARY

Re: Telephone Consumer Protection Act of 1991

Dear Sirs:

It has come to my attention that the Federal Communications Commission is drafting a regulation to restrict person-to-person solicitations to residential homes. I am writing to let you know how important "cold calling" is to my business.

"Cold calling" is my way to reach the general public and let them know, adverse to what they are reading and hearing from the news media, that Real Estate is still one of the best investments they can make today. It is also a means to let the people know the market activity in their neighborhood, thereby continuing to keep real estate active, which definitely stimulates the economy.

We, in the Real Estate field, are very courteous in our calling. "Cold calling" is one of the most important aspects of our business. It would be devastating if this regulation were to pass.

Please give this careful consideration.

Sincerely,

Rose-Anne Wood
