**RE: Leaco Rural Telephone Cooperative, Inc., Notice Regarding
Requirements for E911 Indoor Location Accuracy, PS Docket No. 07-114**

Dear Ms. Dortch:

On behalf of Leaco Rural Telephone Cooperative, Inc. ("Leaco"), we are writing to notify the Commission that, as of June 30, 2018, Leaco ceased providing mobile voice service, and accordingly that Leaco will no longer be reporting on or certifying to the Commission's E911 indoor location accuracy requirements.

Leaco did submit to the Commission E911 live call data on August 1, 2018 ("August 2018 Report") for the period covering January 1, 2018 through June 30, 2018, during which Leaco was still operating as a non-nationwide CMRS carrier. Leaco also provided the August 2018 Report to the public safety organizations ("PSOs") that have been designated to receive this information. Leaco will not, however, submit any further E911 live call data reports to the Commission or to the PSOs. Also, Leaco is not submitting today a 36-month progress report regarding efforts toward E911 indoor location accuracy because Leaco no longer has a mobile voice network. Leaco will retain 911 call tracking data pursuant to the Commission's requirements.

Please contact the undersigned if you have any questions regarding this notice.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'G. Whiteaker', with a long horizontal flourish extending to the right.
