To whom it may concern,

I Jonathan Cahal, am making this appeal for FitKids, Inc. dba Champion Schools (Champion) in hopes of receiving an approval for the FCC form 471 #171049151 (*the MIB form*) that was filed outside the filing window. *The MIB form* was filed outside the filing window because of an administrative oversight. An prior FCC form 471 #171047748 (*the equipment form*) was filed that contained category 2 networking equipment, but left out the managed broadband services that are crucial to the operation said equipment. Thus, *the MIB form* was filed in an attempt to correct this issue. *The equipment form* met all requirements and deadlines, has been certified and is currently under review. If *the equipment form* is approved and *the MIB form* is not, the equipment on *the equipment form* will be woefully unsupported and would put in jeopardy important daily communication, reporting and IT related tasks.

Sincerely,

A handwritten signature in blue ink, appearing to read "J Cahal".
