**Re: Expanding the Economic and Innovation Opportunities of Spectrum
through Incentive Auctions, GN Docket No. 12-268, AU Docket No. 14-252.
WRITTEN EX PARTE PRESENTATION**

Dear Ms. Dortch,

On August 2nd, 2016, Joan Marsh, Michael Goggin and the undersigned representing AT&T Services, Inc., met with Gary Epstein, Jean Kiddoo, Charles Meisch, Erin Griffith, Sasha Javid, Brian Smith, James Costas, Dorann Bunkin and Karla Hoffman of the Incentive Auction Task Force, Paul Malmud and Jennifer Tomchin of the Wireless Telecommunications Bureau, Hillary DeNigro and Barbara Kreisman of the Media Bureau and Aspa Paroutsas of the Office of Engineering and Technology. The purpose of the meeting was to discuss the repacking process and to recommend that the Commission take a regional approach to a nationwide repack that takes advantage of lessons learned in previous spectrum relocations and provides visibility to the spectrum purchasers to facilitate the new deployment process. The attached presentation served as a basis for the discussion.

If you have any questions or need additional information, please do not hesitate to contact me.

Respectfully Submitted,

/s/ Brian J. Benison
