**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docker No. 18-141; Category 1**

Dear FCC,

I am a subscriber of a small ISP in the SF Bay Area, and I strongly support more competitive broadband network services. Sonic is innovating and providing low cost gigabit, privacy protections, and great spam and robocall filtering. More providers are better than fewer, and monopolies are doing a terrible job expanding access at an affordable cost. Please regulate the market to ensure competition, and dont bend to corporate capture.
