Re: MB Docket No. 17-197, Media Bureau Establishes Pleading Cycle for Applications to Transfer Control of Tribune Media Company to Sinclair Broadcasting Group, Inc. and Permit-But-Disclose Ex Parte Status for the Proceeding

Dear Ms. Dortch,

Enclosed please find the comments of over 28,810 MPower Change members telling the Federal Communications Commission to reject the Sinclair-Tribune merger.

The petition reads:

To the Federal Communications Commission:

The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves.

I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions.

Thank you!

This is a top priority for the survival of American Democracy.

—Craig J Chessari, Woodbury, CT

Further consolidation of media undermines diversity of opinion which is the bedrock of our democracy

—Rita Archibald, San Francisco, CA

Haven't we had enough of right wing media ?

—Joe White, New York, NY

I also think 70% is far too high for the amount of control allowed one media company. It should be more like 50% maximum.

—Michael Doran, Vergennes, VT

I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves.

—Marie Markesteyn, Alcalde, NM

I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves.

—Jean Ogilvie, l, WA

I do not support this merger. No single media group should own over 70% of the country's airwaves! Diversity of opinion is necessary in a democracy in order for it to remain a democracy!

—Diane Wiswall, Saint Louis, MO

Keep freedom of the press but not allowing monopolies.

—J Caldwell, Key West, FL

Monopoly of any industry does not serve the customers. But monopoly of the media industry does not serve our citizens. It will impair greatly our second amendment rights.

—John Prusch, Scotia, NY

Sinclair is attempting to dominate the public airwaves with partisan programming that will contain miss information and falsehoods billed as current news. Do not allow this to happen please.

—William Wilson, Raleigh, NC

Sinclair's propaganda machine must be stopped for the good of the nation. They do not represent what a good News Organization should, and should lose their license.

—William Sigfried, Grover Beach, CA

The FCC needs to do it's job and prevent our airwaves from becoming controlled by a company with a political agenda pushing propaganda. You must protect our fourth estate.

—JoAnn Cubberly, Sylvania, OH

We resist the conversion of the United States into a fascist state via propaganda promulgated and forced upon local stations by the Sinclair Broadcast Group.

We want our Free Press do not stop it leave it alone we do not want Donald Trump's news we want our regular every day news all the good the bad and the ugly stop messing with our news fuck Donald Trump he's nothing but a egotistical narcissistic bastard

—Patricia, Albemarle, NC

We will not abide propaganda tv. I will not watch Sinclair owned tv news.

—Helene Wienclawski, Liverpool, NY

Why is the FCC allowing such a dramatic increase in the ownership of the stations. Isn't there some protection of the public interest, that would penalize the peddling of lies and propaganda. It is especially Heinous that local news people will be required to put forward inaccurate information.

—Diane Leamy, Westchester, IL

Wow talk about a conflict of interest. Yeah I really want my president and his family members having this much control over the media. That'll really help us get the truth about what's going on with the government. Please oppose this merger.

A 70% takeover of the the country's airways is not what democracy is about. It limits freedom of speech through corporate control. Democracy is built on civil discourse which allows for a sharing of ideas. Broad based communication and a free flow of ideas have the potential for helping citizens make sound decisions that are favorable for the common good. Monopolies destroy competition and encourage mediocrity at best and corruption at worst. Once again, it is a way to put more power into the hands of fewer people.

—Barbara Nilsen, State College, PA

A balanced media is important to a democracy. Most people wouldn't even be aware that one media group was controlling/influencing their media intake.

A conservative media monopoly such as the Sinclair media takeover further undermines our democracy. The American people are watching the actions of Congress and will respond accordingly for future elections!!

A decade ago a third world country, not the USA, was exposed using killer terror strikes against regular citizens. The need was gotten out to the world by cell-phone owners before the Internet was shut down by interference. Does the USA plan to use similar tactics and not want the world to see it. How will they do that? Will the news media be shut down by a majority power media company at the trigger finger of our POTUS? Don't allow this to happen. Keep the news media non-collusive and free to report the truth of American life.

—Neda Holliday, Detroit, MI

—Janice L. Dusek, NAPERVILLE, IL

A democracy is only as free as its ability of its citizens to hear a broad spectrum of opinions.

A democracy MUST be multiple independent voices, not a single megaphone! Over a hundred years ago President Theodore Roosevelt was a buster of trusts and monopolies -- and he must still be an example for us today!!

A free and fair press is essential to the health of our democracy and our nation. The potential merger of Sinclair and Tribune would concentrate too much power in the hands of one company, enable control of information by a small cabal of individuals, and limit access to diverse viewpoints.

A Free unfettered press is one of the things that makes America - America. Letting one company or a few individuals control such a large sector of American news puts our democracy at risk, which will put our very existence as a nation at risk. I urge you to stop this madness while it can still be stopped.

—Gerard Wardell, Great Falls, VA

A free, diverse press is FAR more important to our democracy than a uniform press, and the FCC has no obligation to hand even 70% to any one company, which is anyway dangerous. Squelching opposition in the press - of which TV is a part - is what Hitler. Do we need that?

—Brenda Winnewisser, Worthington, OH

A free, independent media is key to a free, independent democracy. We had to break up AT&T because it was too big, and that breakup led to all sorts of innovation through competition between the "baby Bells" (Lucent, etc.). Lets not get into a situation were we have to break up "Ma Media" -- lets foster competition among media outlets now, rather than later, and protect our nation for the centralization of media-control.

—Steve Mack, Alameda, CA

—Nancy Erb, Oakland, CA

A healthy democracy needs many different media companies. Please do not allow this merger.

—Lisa Geiszler, Lodi, CA

A healthy democracy needs more, not fewer, voices providing ideas, opinions, and alternatives for all of us to consider. What will happen to democracy in the U.S. if we lose that?

—Marsha Maguire, Sequim, WA

A healthy democracy requires diversity in its news sources and reporting. As such, a monopoly of any part of our communications industry is both unhealthy and dangerous.

—Lynn pierson, Tarpon Springs, FL

A media environment monopolized by one company is not a free press, and a free press is essential to democracy.

—Sue Hilton, Arcata, CA

A media merger of this sort would constitute an emergency measure of the worst sort -- a threat to the free flow of information and opinion essential to a healthy democracy.

—Gar Smith, Berkeley, CA

A merger of Sinclair and Tribune Media would be a virtual monopoly over one of our most valuable assets as Americans--a wide range of opinions and ideas accessible to the public.

—Alicia Ostriker, ny, NY

A merger of this nature, exponentially increasing the power of the covertly biased Sinclair network, does not serve the public interest and misuses the public airwaves. This merger poses a deep threat to journalism and to the freedom of the American people. It simply should not be allowed.

—Elizabeth Joyce, Silver Spring, MD

A merger of this scale would be contrary to the very spirit of America - it would be a huge step toward a dictatorship, put into effect by control of the nation's communication system.

—Dennis Radabaugh, Nathrop, CO

A merger of this size should not be allowed as it would be an almost monopoly on the news reporting and we need diversity so that varying opinions can be heard by the masses. Furthermore, it is egregious that such a merger would be the antithesis to the values of Americans for several reasons. 1) The entity in question does not embody true freedom of speech. 2) They promote divisiveness amongst the populace, when our country was founded by people coming together for a cause. 3) They actively disregard the requests of the people. Do not allow this to pass.

—Dustin Klingele, New London, MO

A merger would promote another attack on access to responsible journalism in our country.

A monopoly on communication outlets is a threat to democracy.

—Lisa Kaihara, Skokie, IL

A monopoly on the media is nothing more than a propaganda pandering company. This should not be allowed. We need alternative views available.

—Carol Valitsky, Ashtabula, OH

A monopoly or near monopoly of news media will allow propaganda of the owner's choosing to dominate the air waves.

News outlets are often inherently biased. It is the ability to change the channel to an unrelated outlet which allows us to distinguish between propaganda and truth. We are already challenged with a White House which openly lies and then calls the media "fake news". Allowing this merger would be the next step toward a dictatorship.

—Joan Williams, Elkmont, AL

A monopoly should not take place.

—Catherine Houtakker, Sinsinawa, WI

A muzzled press is the hallmark of a dictatorship, NOT a 'democracy'! We need to maintain diversity in our national media.

—Sonya Rodolfo-Sioson, Berkeley, CA

A nazi-era nightmare. America will soon be a dictatorship if we allow this to happen.

—Lisa, New York,

A near monopoly of our airwaves by any entity, and Sinclair Broadcast Group in particular, threatens our democracy.

—Christian Fierro, Santa Rosa, CA

A partisan propaganda tv news channel shouldn't be allowed. The public is best served by a variety of tv news channels that report actual facts.

a single broadcast group owning 70% of the country's airwaves is DETRIMENTAL to any democracy. Democracy THRIVES on diversity

—Mary Cunningham, Manassas, VA

A single company beholden to Trump owning over 70% of the country's airwaves is certainly not freedom of the press. Freedom of the press does not involve monopolies. Corporations must operate within restricted boundaries set up by the Federal Government, or greed takes over and great harm results.

—Louise Pillai, Copake, NY

A single media company or conglomerate cannot own over 70% of the market. Done.

A strong democracy depends on a strong and honest media, and honesty in reporting requires many players to cross-check the truth.

—Lois Braun, Falcon Heights, MN

A vital and treasured part of our democracy is a press that can speak freely from diverse points of view. I am opposed to any media group controlling a majority of the airwaves, which will only stifle freedom and truth.

—Hattie Gerrish, Paauilo, HI

Absolutely Block the Sinclair-Tribune merger and Reinstate Policies! No to Propaganda ..

—Michael Stanley, Oakland Park, FL

Absolutely DO NOT allow a Sinclair-Tribune merger. It is against the anti-trust laws, AND it will work against a free press as well.

—Louise McClure, Princeton, NJ

Absolutely do not allow this monopoly to own 70% or more of media airwaves bandwidth.

—Wendy Scholl, Pierce, WA

Absolutely need to prevent this

—Claudia Walker, Clinton, WA

Absolutely NO merger - this group should NOT have that much power over the airwaves.

—Rhea Osland, Laurel, IA

Absolutely NO one company or organization should be allowed to own such large percentages of the airway. It is a very dangerous precedent and threatening to a free democracy.

—Diane, Manassas, VA

Absolutely NO!!! This is an unconscionable law.

—Sue, Glem Ellyn, IL

—Amber McCormick, Star, ID

Absolutely ridiculous. This is not Orwell's 1984 and Trump has no right to try & brain wash people. It's bad enough he's still having "campaign" rallies in between his vacations, reveling only in crowds to revere and adore him.

Add my name and censor me or brain wash me as best you can. God bless all the intel and counterintel. Only hope is to unplug.

—Klaus Jekeli, East Elmhurst, NY

Add my name to the list of seriously peeved Americans who are now and have been firmly against any takeover by Trump or any of his cronies. You at the FCC must surely be well aware that any takeover, this one or any other, will spell a death knell to our free press and our ability to speak our opinions. I urge you to vote on the people and not the conglomerates.

Ajit Pai needs to be stopped and this is one of the places it needs to happen. It's just part of the Trump selling our country out to the rich.

—Dr. Dan Cavanaugh, Allen, TX

ALARM BELLS should be sounding ACROSS America -- AND inside the FCC. Our Founding Fathers would be APPALLED by this attempt to subvert the FIRST AMENDMENT, which they created to insure a BROADLY informed citizenry. This is VITAL to a democracy. Rescinding this rule would be BEYOND reprehensible. DO NOT DO IT ... WE IMPLORE YOU!!!

—Paula Gordon, Atlanta, GA

All 4 commercial broadcast stations in our local market would be part of this disaster...absolutely not acceptable

All journalism media, including television, radio, and newspapers, must be fair and impartial. Please do not allow any biased media to operate in the United States. Thank you!

—Tanya Mravik, River Falls, WI

All media is supposed Constitutionally free. Free of any involvement from outside sources that would and will alter news stories. At this moment that is occurring in Russia, North Korea, Cuba, China, the Philippines, Venezuela and in Turkey. No one wants that bullshit here in the United States even if it is brought on by Fascist, hypocrite and liar Donald Trump and his family and supporters.

—Albert Rodriguez, Clifton, NJ

ALL news should be non-partisan. I do not want to see the radical-right or even moderately conservative views on my television channels. Keep it truthful without bias.

—Angela Downing, St Petersburg, FL

All news, whether local or national, should be impartial.

—Kurt J. Noack, Cedar Rapids, IA

All over-the-air stations in my market, Eugene, Oregon (except 5 of the local OTA channels of the 16) are owned by Sinclair!! I am voting with my antenna, and I will be more inclined to BOYCOTT the advertisers on the Sinclair stations UNTIL the stations are sold to another company besides Sinclair. The only local over-the-air channels here in Eugene (aside from the 3 different PBS subchannels) that AREN'T owned by Sinclair are KEZI, the local ABC affiliate on channel 9.1, as well as it's MeTV sub-channel on 9.2-- my antenna stays tuned to one of these two as a default, I try to view them as often as I can (while trying to avoid the Sinclair-owned stations as much as possible), and I will and DO support the advertisers on KEZI's two channels there on RF 9. But as soon as I see a business advertised on a Sinclair channel, they, that business, just lost my money. The idea that this ONE awful company can buy up literally the entire set of VHF and UHF spectrum licenses (except for the ABC and MeTV affiliates as I mentioned earlier and as well as PBS on 28.1, 28.2, 28.3) in MY TOWN makes me furious, and they can have the Tribune Media Assets over my dead body, as well as those of numerous other Oregonians in our blue state. Those airwaves in the VHF / UHF spectrums BELONG TO US, we, THE PEOPLE, of the United States! They don't need to be auctioned off to a single company, much less a complete piece of garbage company like Sinclair. If Sinclair wants whatever is owned by Tribune media, whether it be broadcasters or print media-- they shouldn't get it, not even for trillions of dollars. Nope, that eliminates ALL OF the competition, and I expect the FCC to start being assertive about the anti-monopoly laws that have been on the books for decades, and those rules are there for a reason. If the FCC and feds don't care about monopoly prevention: WE THE PEOPLE are prepared to boycott and do whatever the heck it takes to split up any company that decides to literally buy the entire VHF/UHF band in whole towns, like mine, whether that be pirate TV stations using our own home-brew transmitters, or conveniently placing large slabs of metallic objects in certain places to weaken the strength of ATSC signal that the transmitters owned by Sinclair push out. Sinclair can either sell it's stations or get it's act together as far as right-wing propaganda and right-wing bias in news reporting-- or, it can watch it's advertising go away due to boycotts. If boycotts are outlawed, then they can watch their own Dtv signals pixelate into messy on-screen oblivion with choppy/inaudible sound, as angry viewers like me start carefully crafting metal objects to match their spectrum wavelengths and some of us even set up our own low powered unlicensed TV stations in our attics, our garages and basements, mount our transmitters on our bikes, our cars, our unmanned tiny aircraft (toy drones) and our boats. If boycotting is criminalized, then, I guess FCC rules about broadcast licenses shouldn't matter anymore, since, at that point the law is obviously NOT built with "we the people" in mind when free speech is criminalized by outlawing boycotts.

—Stefan Kwiatkowski, Eugene, OR

All sides in an issue/ issues needs to be heard. Don't shut down democratic speech.

Allowing a group to take over a broadcast network when that groups plan is to stream propaganda for the president hurts the freedom of the press. Please do not approve this take over. —Barbara Storms, Palm Desert, CA

Allowing a merger of this proportion is unthinkable, a disaster to democracy.

—Therese Schneckenburger, Gustine, CA

Allowing any entity. to control that much of the media market is harmful to our democracy.

—Sandra Waldrop, Palm Desert, CA

allowing flagrant propaganda sandwiched into actual news broadcasts is a disservice to the American public.

—Cindy Chrisler, Loma Linda, CA

Allowing media consolidation is a bad thing for our country. We need independent radio and tv stations, independent press to provide a mix of viewpoints so we can try to figure out what is true, what is hype, what is bad, and then decide what we think. If Sinclair already has a history of being "bought" by a political candidate or party, there is no way they should be allowed to acquire more outlets. Consider which side of history you want to be on; this administration is already dangerous enough.

—Elizabeth Douglas, Laveen, AZ

Allowing media mega-mergers is violating anti-trust laws and is so dangerous to our democracy.

—Lorraine Moore, San Antonio, TX

Allowing one company to own over 70% of the airwaves seems counter-productive to a healthy democracy.

—Kathy Egan, Petersburg, IL

Allowing Sinclair Broadcast Group to merge with Tribune Media Co. is tantamount to State TV which is not the way a democratic country like America functions.

—Roberta G. Zuckerman, New York, NY

Allowing Sinclair Broadcasting to merge with the Tribune Media, Co. creates an unwanted monopoly.

—Vickie Woo, Seattle, WA

Allowing Sinclair control over such a large part of the TV market is just as bad as gerrymandering, voter suppression, poll taxes, censorship, and a myriad of other anti-American, anti-democracy, and immoral practices.

—William Kooi, Edmond, OK

Allowing Sinclair to carry out this agenda would be the end of freedom of the press.

—Michael Peck, Las Vegas, NV

Allowing such a controlled media would forever damage our democracy.

—Marvin Gammon, Richmond, VA

Allowing the Sinclair group to blast its blatantly skewed agenda from 70% of the country is unacceptable. They have no intention of lending weight to any opposing opinion or fact. This move would, in effect, turn the vast majority of television into the Right Wing Propaganda Network. Unless you bring back the stipulation that the media -- especially the news -- has to tell the factual truth with no partisan spin, this move goes against everything this country stands for. It cannot be allowed.

—Molly Burkhart, Joplin, MO

Allowing this merger is detrimental to the welfare of this nation.

—Lisa P., New York, NY

Allowing this merger would clearly limit free speech, and would have the effect of a singular takeover of our media nation-wide.

—Lisa R Ragsdale, Minneapolis, MN

Allowing this merger would consolidate 70% of public news and information sources under a single corporate banner. It would signal your hostility to the Constitutional guarantee of freedom of the press, since that freedom requires that we encourage the broadest possible diversity of voices.

—Thomas Mora, Leander, TX

Almost a monopoly. Prevent it!

—Alyce, Mstamorss, PA

Already happened in Portland. Viewers very unhappy.

—Naomi Bloom, Portland, OR

Also, please check to see if three stations Sinclair run in Flint, MI which are WBSF, WEYI and WSMH should come under scrutiny as that gives Sinclair too much control over TV media in the Flint/Saginaw/Bay City MI TV market.

Americans expect a free and impartial news media. Racist propaganda that masquerades as new media is as anti-American as Adolf Hitler's fascist Germany.

—Victor Suben, Stony Brook, NY

Americans need television that reports factual news, not government press releases or corporate opinion pieces. The monopolization of the broadcast media has already progressed much too far. Allowing Sinclair Broadcasting to further monopolize the airwaves would be bad for America and should be prevented.

—Lloyd Johnston, Seattle, WA

Americans need to hear from many voices. Please do not support this merger!

—Gail Pool, Sanibel, FL

Americans trust and deserve local news outlets. Americans do not want or need an even larger national merger, especially with a company already known for regularly promoting hate and bigotry on it's news outlets. Please just say NO!

—C Lenihan, Beaver, WA

An alarming trend that must stop.

—Tom Cashman, DesMoines, WA

An educated public is critical to the security of a democracy. Large corporations must not be allowed to infiltrate and control local news and inundate voters with propaganda-- no matter what side of the aisle they are on.

An INDEPENDENT media is as critical to our democracy as are the other three branches of government!

—William Forbes, Bountiful, UT

An independent media is integral to a successful democracy, and we should not allow mega-mergers to jeopardize our access to information.

—Joshua McKain, Scituate, MA

An informed electorate is essential to the existence of our nation, which means a free press and access to many different sources of information and points of view. Obviously, this means that no single media group should ever control more than a small percentage of the nation's news outlets.

Anti-monopoly laws please.

—Cheryl A. Eichstaedt, San Jose, CA

Anti-trust laws provide clear guidance on these issues: monopolies, and near-monopolies, are overwhelmingly harmful to a competitive, free market economy. They also pollute the cultural and intellectual capital of a society by denying the enriching power of a plurality of perspectives and promoting in its place a stagnant, homogeneous monoculture. Human decency, notions of fair and objective reporting, and an enlightened society provide additional insight: bias, prejudice, and tribalism (ideas seemingly promoted, or at least tolerated, by the Sinclair Broadcast Group) are not compatible with an advanced, diverse nation. For these and other reasons, I urge you to disapprove this merger.

—Patrick Whitson, Winchester, VA

Anti-trust laws were designed to prevent exactly this type of monopolistic situation. Block this merger!

—Kim Rose, Raleigh, NC

any company owning that many media outlets is not a good thing. the fact that it's this bunch of lying fools is even worse.

Are you really going to promote more hate-mongering and violence? What kind of people are you?  
—Llona Crane, Baker City, OR

As a 20+ year advertising and television professional I know this is not something we can allow to happen. It's bad for the market, bad for the consumer and bad for the nation.  
—Andrew, Nashville, TN

As a 62 year old American, I am affronted by these tactics. My country stand for freedom - freedom of the press, freedom of expression, freedom of thought. Sinclair Broadcasting stands in opposition to all of these ideologies and hides behind the banner of "news".  
—Barbara Dodd, Enfield, CT

As a citizen, this action would be intolerable. We can not have state ran propaganda. This is not Russia or North Korea. It is The United States of America, where we the people still have a voice and believe in democracy.  
—Terry Riley, Tell City, IN

As a conservative, I am fed up with the narrative coming from the Right. Stop the propaganda.  
—Herbert R Wolfe, Atlanta, GA

As a consumer in a market where Sinclair owns stations, I believe this merge does not benefit my interest nor the public's interest as a whole.  
—Terry L Patterson, Little rock, AR

As a democratic nation, we must guard against the monopolization of our communication systems. Please respect and uphold our values as encapsulated in the U.S. Constitution.  
—Edna Cabcabin Moran, Alameda, CA

As a former broadcaster, I know this to be dangerous!  
—Howard J Schwartz, Beachwood, OH

As a former print journalist and journalism teacher, I find this prospect nightmare-inducing. Without a free press, our country will fall. Do NOT allow this merger. Sinclair should already be sanctioned for its unconscionable policies.  
—Laura Hardy, Little Rock, AR

As a former radio broadcaster and printing and publishing specialist I know how important diversity is for any community. Our media needs not only to reflect our local communities, but to open our local communities to the world. Homogenization is for milk, not people. The whole World's watching, again. Prevent monopolies from homogenizing the media (press) by limiting the amount they are permitted to own and operate. Thank you.  
—Rhyschenda Owens, Newark, CA

As a former TV production worker, I oppose any more consolidation of media especially when it has the potential to dilute and control national media outlets.  
—Patti J Kurtz, Minot, ND

As a journalist, I find this truly frightening.  
—Donna Miceli, Ft. Myers, FL

As a Marylander I have been seeing Sinclair take over the media market slowly over the years unchecked, and it's time to STOP it.

—Karen Kraft, Baltimore, MD

As a media professional, Sinclair should not be allowed to purchase the Tribune Media holdings. It places too much monopolistic power in the hands of too few.

—Jeff Kantor, Saugerties, NY

As a naturalized citizen, a veteran's wife, an educator, and a major contributor to Education, I abhor the thought that our local media outlets are swallowed up by bigots and racists. Trump MUST NOT be allowed to take over our media, in any way, shape or form. Please stop him.

—Huda Giddens, Seattle, WA

As a person of progressive Christian-Jewish heritage, I'm disgusted by the hypocrisy of so called Sinclair BC and their idol Donald Trump who attack liberal and Western-abiding Muslims as terrorists all the while the very Trump-Pence-Sinclair-Republican ans... make lucrative and lavish arms deals and finances with the actual Islamic terrorists i.e. Saudi Arabia, Gulf states, Erdogan in Turkey and even ISIS ISIL monsters! That Christianistic fundamentalistic alliance with Islamic fundamentalists and actual terrorists or terrorists' financiers has to be fought against!

—Vel Santic, Mostar, PA

As a PhD, I know just how we must restrict this activity from happening.

—Clair Claiborne, Apex, NC

As a professor of Media Studies, I am particularly concerned about this. History has proven that having diverse media outlets is crucial to the functioning of democracy. Policies that prioritize diversity in media ownership, content, and distribution are thus urgent, and I urge you to institute such policies.

—Lynne Joyrich, Warwick, RI

As a radio station manager and community organizer, I find this consolidation of power over the airwaves extremely dangerous and troubling. We need to decentralize and localize broadcast systems, not put them all in the hands of few giant monopolies.

—Matthew Thuney, Deming, WA

As a USA citizen I am alarmed that this merger is even being considered! No network that runs biased information and is slanted as "must run" on networks across America can be seen for, exactly, what it is; State Run TV but with message of political parties which is biased like FOX News! This is not American and if the FCC approves this merger for Sinclair and other parties, as I see there are others, they are allowing Dictator type TV into mainstream America! Honestly, if this is approved I will cancel my \$200+ month TV package and go back to watching movies as I will NEVER honor State Run mega mergers that the UK denied to Rupert Murdoch of FOX! The FCC approval of this would signify that ANY department is up for sale and that American Constitution which guarantees "freedom of the press" will not be honored. In short, this type merger will be seen by Americans as a Dictator type TV and a serious "Constitutional Crisis!" We see, prior, laws to stop these mergers would be changed to create TRUMP TV & allow them to state all other legitimate news is fake news as I'm seeing Trump's daughter say on TRUMP TV right this moment! This is being done with taxpayers dollars and is TREASON at its finest! Americans demand SINCLAIR be stopped now! We are watching all the details seeing the FCC will have to "bend the rules" to do this for TRUMP who is under federal investigation? If this is passed we demand a full investigation of this take over of our network channels to spread propaganda! We are Americans and we will fight back against this! You will destroy our freedom of the press! Stop them or all America will disconnect and stop providing revenue to stop TRUMP TV of alternative facts! This explains WHY FAKE NEWS appeared when TRUMP did? It was to get State Run conservative TV into households on network TV? This is most ANTI American move I have seen in my 57 years and you are enabling an American President under FEDERAL investigation! This is a dark day in America when freedom of our press is in the hands of an FCC that will change laws so TRUMP & billionaires can spread LIES into EVERY home in America! Sincerely, An America watching America looking a lot more like Russia...than America! Do the right thing for AMERICA...not TRUMP or Republicans. We are Americans and this is like Russia TV? God help our country and protect it from the mad man destroying democracy that is what our Constitution guarantees us...

—Cecilia Maida, Shingle Springs, CA

As a viewer in the Syracuse area, I no longer watch either Channel 3 or 6, which are now owned by Sinclair, due to its political messages which disrupt actual news programming.

As access to news was to Hitler, so will be access to news for Trump.

—D Jamison, YORKTOWN, VA

As American citizen currently living abroad I am appalled that a single media group could gain control over such a large percentage of the airwaves. This isn't the United States I know.

—Arna Desser, Oslo, MD

As an American citizen I reject this merger. We have been down this road before. Didn't work then...

—Allison Oakes Condon, San Diego, CA

As an honors graduate in Western Political Theory, such a merger must not be permitted. Diversity is democracy.

—Lee Hobb, Boise, ID

As far as I know, neither the Sherman Anti-Trust (1890), the Clayton Anti-Trust Act (1914), nor any other subsequent laws have been repealed. Why aren't they enforced? The continued amalgamation of smaller entities into massive corporations is anathema to U.S. principles and it is especially odious when it comes to the flow of information to the public. This needs to be stopped.

—George Milkowski, Chicago, IL

As free marketers, you should know that competition is the access for low prices, quality service, and local accountability.

Please do not allow this merger!

As I recall, it's the job of the FCC to protect communications in the US. Please do your job!

—Barbara Donohue, Athens, OH

As noted by Carly Fiorina, business and media in our country is becoming overly concentrated in a few hands, decreasing the benefits of a free market and increasing the tendency toward corruption.

—Eugene Nagle, Escondido, CA

As someone who believes in a free, diverse press and who lives in New Orleans, where Sinclair is trying to buy one of our stations (WGNO) - I strongly urge the FCC to block this merger.

—EM Williford, New Orleans, LA

As soon as Sinclair took over our news station in Traverse City, I saw the change to a right-wing Republican biased takeon the news.,

—Carol Johnston, Harbor Springs, MI

At a time such as ours, maintaining a free press is critical. Where all think alike, no one thinks much!

—Jeffery Gaustad, Puyallup, WA

At a time when Trump's connections with Russia are in question, we should not be allowing the Russians unlimited access to American airwaves. Those who vote to do so are also suspect when it comes to collaborating with Russia to consolidate their power and keep others from taking that power from them. Those who vote for this bill are criminals and we know from where the dark money comes.

—Kathy Overshiner, Lafayette, IN

At some point the FCC needs to show some non-partisan independence.

—Stephanie, Burnsville, NC

Boris Epshteyn and Sinclair do NOT represent my political or moral views, most especially as a mouthpiece for either Trump or Putin. Boycotting the local 'news' on my affiliate and encouraging others to do the same.

—Cari Cusick, Fall River, MA

Boris's opinions are not what I want to see or hear on my local New. This news is not impartial, it is cut to only include positive conservative comments and it ignores liberal view points. This station is not worth watching anymore.

—Joanne Richards, Roseburg, OR

Boycott if that happens. Stop watching fake news.

—Marzia Letteri, Chester Springs, PA

Broadcast media should be exactly that broadly cast with a broad representation of opinions and voices. It should represent the mixed ethnicities and experiences of all who make America their home.

—Jan Tommila, Towson, MD

Broadcast monopolies should be prevented.

—Sara Burke, San Francisco, CA

Broadcast monopolies undermine First Amendment freedoms by cutting off information outlets from an inquiring citizenry. It is anti-democratic, and should never be allowed.

—Daniel T George, elkins park, PA

Broadcast talk radio has become almost entirely a right wing propaganda wasteland and political arm of the Republican Party, Libertarians, extreme Christians, and Tea Party thanks to Sinclair (and also Liberty). This has led us to the rise of authoritarians such as Trump. We do not want more of the same. Instead we need to have available far more progressive shows, and Sinclair/ Tribune would not allow this to happen. Please stop the merger, and do what it takes to balance the shows and bring back far more progressive views available on talk radio broadcast.

—Tim Drum, Boulder, CO

Broadcasters are licensed to serve the PUBLIC interest not their parochial, self-serving personal interests.

—Bill Russell, Eureka, MT

Broadcasting dishonest and hateful information about different ethnic groups such as Muslims, Blacks, or Jews without a balanced discussion and analysis with all sides represented is undemocratic and promotes discrimination and/or violence towards these groups as a whole. News agencies use to have a Fairness Doctrine giving channels free air time for honest news based on facts and objectivity in presentation to the public. News was not based on popularity and making money for the channel.

—Mary Georgiton, Columbus, OH

—Maureen jungbluth, Coos bay, OR

Bust the Trusts.

—Margaret Beegle, Golden Valley, MN

By all means, don't let Sinclair buy or merge with any other broadcasting company.

—Eileen Langlois, The Woodlands, TX

By loosening restrictions and allowing the Sinclair company freedom to both dominate the market and force stations to air "news" that is propaganda for the current president, the very foundation of democracy, free market, and free press are threatened. It's the FCC's role to be our check and balance to protect the public from this abuse of corporate power.

—Sarah Brooks, Virginia Beach, VA

By now we all should be aware of how dangerous these very large media mergers have proven to be to our civic culture!  
Like the man says: Doesn't take a weatherman to know which way the wind blows!

—Pamela Allee, Portland, OR

By the way, the "UHF discount" was made obsolete back in the 1980's - while the Golden Age of Cable Television was under-way. Besides that, Sinclair is only a few stations away from being maxed-out nationwide, even without the Tribune stations.

—Alan R Linn, Kennesaw, GA

C'mon, already. This is silly, ridiculous, even.

—Nancy, Wallingford, CT

C'mon, Fox News has already defiled the concept of broadcasting. You want to duplicate that?

—Ron Weber, Springfield, OH

Call for a national and international boycott on any & all goods sold by any company that advertizes on Sinclair.

—Steven McClure, Portland, OR

Channel 3 here has gone to the birds since Sinclair bought them use to be my favorite channel

—Donald, Las vegas, NV

Channel 3 is the worst especially since they are the only local tv news in Pensacola area. We are bombarded constantly with their right wing propaganda. Stop Sinclair!

—Amy McDonald, Navarre, FL

Citizens United has already put too much power in the hands of few. This would make it worse!

—Jeffery Davis, Poland, OH

Clearly a disaster in the making!!

—Paul Lerman, Wyncote, PA

Come on FCC, this is basic. We can't have a monopoly on media ownership and news broadcast. The relationship between Sinclair and Team Trump makes what would normally be just a theoretical threat both real and immediate. This is the kind of thing that threatens our very democracy; it's not a partisan issue. It must not be allowed.

—Michael King, Albany, CA

Come on, FCC. This is outrageous. You have an important job. This is the time and place for you to do it.

—Robert P. Grabhorn, Olympia, WA

Commentary from Boris Epshteyn has already been added to my local news and the introduction to the segment did not mention his close ties to Trump. I don't believe this belongs on the news, but if they're forcing the stations to run these segments they need to be upfront that these are opinion pieces and not straight news.

—SC Richard, Chattanooga, TN

Communication is the best way for mind control and the dissemination of propaganda. Please block the Sinclair-Tribune merger!

—Diane Garetz, Hopkins, MN

Communist countries have monolithic media outlets. Here, we must continue to have freedom of the press. Money can stifle the will of the people, as well as tanks.

—Betty Lawrence, Asheville, NC

Competition is healthy in the media. Do not let one media company control over 70% of our airwaves. No monopoly please.

—Dolores Wood, Portland, OR

Competition is the lifeblood of free-thinking. Putting the airwaves in the hands of fewer and fewer corporations diminishes the public's access to a full range of information and the ability to form its own opinions.

—Marc Wiesenberger, Chapel Hill, NC

Competition keeps costs down and quality up. Reject the merger.

—Michael Butler, Clayton, CA

Consolidation of broadcast media, particularly under corporate rules requiring uniform news commentary and coverage, is socially undesirable and contrary to the public interest.

—Thomas Wm. Hamilton, Staten Island, NY

Consolidation of broadcast stations to such an extent makes a mockery of the first amendment.

—Paula Sommer, Worcester, MA

Consolidation of media is dangerous to any democracy. Furthermore, this is not free enterprise, OR good capitalism. That concept is no longer applicable to the oligarchy that now is in control of the United States of America. If you believe citizens aren't aware of this, you are wrong. If you think citizens can't do anything about this--you are mistaken. Your mission is to safeguard the airwaves for all American's, not pocket the money of giant media corporations who want to own everything. Shame on your lack of patriotism and your greed.

—Aileen Spillman, Herbster, WI

Consolidation of media outlets is a threat to one of the fundamentals of this country - the marketplace of ideas. If 70% of our news outlets speak with one voice, the other voices are drowned out, depriving us of valuable viewpoints. Please block this merger.

—S Ryan, Las Vegas, NV

Consolidation of media outlets under a single owner, in this case Sinclair, will lead to an unwarranted and unprecedented diminution of alternate opinion. Consolidation of informational opinion is always a direct threat to democracy.

—Michael, Tucson, AZ

Consolidation of news outlets is a very bad thing and this is exactly the reason. In my City of Pittsburgh, Pa., Richard Mellon Scaife bought the Tribune Review and turned it into an extreme right political tool. He intentionally (proclaimed his intention) used his fortune to lower the paper's price to target the Pittsburgh Press and his ploy worked. The reason is so he can push his extreme right agenda and he made no bones about his purpose. He put the Press out of business. Now he has targeted the Pittsburgh Post-Gazette and intends to put them out of business so he has free reign to push his extreme right political agenda with no countering media force. Do you think for some reason that Sinclair has any different intentions? Allowing the consolidation of media groups into an effective monopoly is simply wrong because it allows the news to be controlled and formulated to the interests of the owners and not the interests of the American public. By allowing this merger, you will effectively be creating a propaganda media force that will have dire consequences. If you allow this merger we can forget actual news and can only suffer through a right wing propaganda onslaught.

Consolidation of the media does not serve the interests of the American public.

Dear FCC, Please block the Sinclair-Tribune merger and reinstate policies that do not allow for one company to own 70% and more of the airwaves! I do not support this merger and want to preserve freedom of the press. Thank you.

—Elizabeth Wilmerding, Pullman, WA

Dear FCC: You work for the citizens of the USA NOT the large media groups. Do not allow the Tribune to be merged with the Sinclair Group!

—AC Powell, Clinton, SC

Dear Members of the FCC, As you know a varied free press is one of the bedrocks of a democratic society. Please prevent any one dominant point of view from owning a majority of the airwaves. Undereducated people do not have the breath of information to be able to discern and put news in perspective. News by definition is SUPPOSE to be objective and unbiased. We know that is not possible. However many people assume what is on the news is fact, not just a point of view. Fear tactics are not an acceptable form of "news"--its opinion and needs to be labeled as such. Even though my political leanings are to the left of center I would not want news coverage that is only from my point of view. Part of the back bone of a healthy democratic society is to have a variety of points of view. As I'm sure you know one of the ways Hitler came to power and was a dictator was to take over the press. Please prevent that from happening in our great country. Sincerely Whitney Lane.

Donald Trump has a history, of denying the rights protected by the first amendment. He has prompted attacks, on the press, to divert attention from his shady actions both past and present. In my opinion, this has damaged the integrity of our main information resource. One that is not bias. Also Trump has made his admiration and respect for Putin Very Public. He believes, by his own words, that Putin got it right. Putin knows how to be a leader of a country. Considering Trump wants to control the majority of networks, is another way he want to emulate Putin. As in Putin T.V, all day every day. America is the land of the FREE. Not the land of Dictatorship and Chosen Dictator TV. Having a monopoly on television networks, that can be used to instill the owners agenda is fundamentally wrong and breaking all Americans Right to choose.

Especially now, we cannot allow a monopoly of our airwaves. With an unstable POTUS, we would veer dangerously close to George Orwell's "Dept. of Misinformation" in his book "1984". The President and his administration are indulging in a massive 'lying spree'; the President lies blatantly and constantly and his team push those lies as truth. If this merger is allowed, it will give the Pres. 70% of our country's airwaves to spew lies and his racist hate agenda on, unchecked.

Ever since the advent of right wing AM talk radio in the late '80's and Fox "News" arrival on cable in the '90's, the political dialog in our country has been systematically dumbed-down. Sinclair Broadcast Group's attempt to merge with Tribune Media is the antithesis of making America great again. Excessive concentration of power and control in any sector is not in the interest of the public nor the economy. Allowing a single entity to control the broadcasting and content options of over half of all OTA media outlets will stifle innovation and competition, and particularly in the case of an entity that has a history of pushing specific political viewpoints and agendas, this could allow that single entity to unfairly and unwisely dictate what the public is allowed to see and know, stifling and corrupting the vital processes of public debate, freedom of expression and freedom of the press.

—April Harris, pleasant hill, CA

FCC: do not allow Sinclair Broadcasting to acquire the Tribune Broadcasting co. This would create a broadcast monopoly which is harmful to freedom of the press and to our democracy. Sinclair has been fined by the FCC numerous times for broadcasting violations and there is no reason to think that they have changed their modus operandi.

For shame! The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you.

Fox News is enough!!

—Su Allison White, McKees Rocks, PA

FOX NEWS is enough, do not want propaganda on regular free channels! This type of messaging of mostly FAKE news should not be on public airing TV channels. What if they go into the dark areas of white supremast hate speech. We do not have a chance to voice our opinions if this is STATE owned propaganda. Going down a very slippery slope here! Same as Hitler in Germany 1930s or current Turkey/ dictatorship type governments!

—Sharon Edwards, Chesapeake, VA

Fox news One America News Clear Channel You already have plenty of news/media outlets. Now you want to force a media monopoly on All of us? Disgustingly illegal and a totalitarian like move. Doing this says to me you do Not believe in a Democracy. I will fight for my democratic rights to deny your take over of the right to free speech for all people, not just for a few. If there wasn't a Fox News or One America News then you might have an argument but you do. That does not give you the right to totally quash my right to hear from local media and for my right to hear from several sources of news that I want to hear. You do Not have the right to control what everyone listens to for the news. Free speech and the right to assemble freely without prejudice you do not have the right to control. The right to hear and choose my own news siurces is my right and I choose from an array of free speech nees siurces and I demand my rights to choose from several not just only One channel or source but many as unbiased as possible. I do not want to hear from only one news source and I do not want my local news to be forced to read cherry picked clips from just one news source. That is Nazi-like and using Gestapo like tactics that do not bode well for a free press.

—Gwyneth Mason, Oklahoma City, OK

Fox News spreads enough fake news, we don't need every news outlet forced to run fake news!

—EJ Hagedorn, Bend, OR

FOX News viewers have already been determined to be among the most poorly-informed group in our country. We don't need the problem to worsen. Sinclair is likewise more focused on toeing a conservative party line than verifying facts or trusting science, economics, history, experts in a variety of fields, etc., and this is a pernicious trend.

Hab 2:4 [LB] Note this: Wicked men trust themselves alone .... and fail; but the righteous man trusts in me and lives! Hab 2:6-8 [LB] The time is coming when all (your) captives will taunt (you), saying: You robbers! At last justice has caught up with you! Now you will get your just deserts for your oppression and extortion! Suddenly your debtors will rise up in anger and turn on you and take all you have, while you stand trembling and helpless. You have ruined many nations; now they will ruin you. You murderers! You have filled the countryside with lawlessness and all the cities too. Hab 2:9-11 [LB] Woe to you for getting rich by evil means, attempting to live beyond the reach of danger. By the murders you commit, you have shamed your name and forfeited your lives. The very stones in the walls of your homes cry out against you, and the beams in the ceilings echo what they say. Hab 2:12-13 [LB] Woe to you who build cities with money gained from murdering and robbery! Has not the Lord decreed that godless nations' gains will turn to ashes in their hands? They work so hard, but all in vain! Hab 2:15-17 [LB] Woe to you for making your neighboring lands reel and stagger like drunkards beneath your blows, and then gloating over their nakedness and shame. Soon your own glory will be replaced by shame. Drink down God's judgment on yourselves. Stagger and fall! You cut down the forests .... now you will be cut down! You terrified the wild animals you caught in your traps — now terror will strike you because of all your murdering and violence in cities everywhere.

—David Porter, Jonesboro, GA

Hands off our local news! Stop the brainwashing propaganda!

—Dara Smith, Liberty, NY

Hard enough now to get comprehensive news. Don't need Sinclair blasting and filling the air with single view bias!

—Anne Harrison. Harrison, Longmont, CO

Has to be stopped.

—Gordona L'Dera, New Orleans, LA

Hasn't Fox already proved what damage can be wrought through propaganda being disseminated as news? Sinclair Broadcast Group will be even more insidious and this must not be allowed if we are to remain a democracy.

—Charlotte Buckner, Eutaw, AL

Hate and ignorance have no place on this country's airwaves.

—Josiah Fisk, Salem, MA

Hate has no home here

—Frank Furey, Bala Cynwyd, PA

Have we arrived in Russia & everybody's ok with this?? America must NOT allow this.

—Lauraline Holston, Ewa Beach, HI

Have you ever heard of the term "monopoly"?

—James Huffman, Toledo, OH

Have you not had history as part of your education? America was a land where the English went to get away from oppression. I might add that "Men" lost no time in wrecking the land, raping the native women etc. They never stopped wrecking the environment. If they find another livable planet, it will be the same. Men think they are God and play with people's lives. You the lowest form there is here. Animals are higher than then you. I just renewed my passport as many of my friends. We do not support your merger plans. Before this is over there will be a civil war. Live and let live is the key to living in peace. If there is a THREAD of Decency in you will block the Sinclair-Tribune merger and reinstate policies that allow for a free press. Anything else puts you in the category of supporting a Dictatorship for Mad Man Trump. Rev. Annette Saint John Lawrence

—Annette Saint John Lawrence, Sherman Oaks, CA

Haven't we had enough of this right-wing propaganda crap for 20 years now?

—Darren Rozumek, Lynn, MA

Having a single media group own such a large percentage of our airwaves is EXTREMELY dangerous for democracy.

—Terry Travers-Davin, Easton, MD

Having all our information come from one source is not the American way. Stop this merger.

—Jo Sanders, Rocklin, CA

Having one company control the majority of the local airwaves and local news content is harmful to our Republic, which depends upon free debate of the issues arising from the accurate portrayal of the state of affairs in our world.

—W Turner Boone, Geneseo, NY

Having one company own over 70% of broadcast ability is contrary to having a free press.

—John Santamaria, Stoneham, MA

Having one company own this large a fraction of the nation's airwaves could severely limit the diversity of perspectives necessary in a free society.

—Joel Shore, Rochester, NY

Having our airwaves controlled by a just a few corporations is similar to having them run by a government. It leads to unmitigated propaganda. This is not good for democracy. This is not good for our country.

—D G Chilson, Sahuarita, AZ

Having this kind of biased TV as the main group for 70% is scary. Please vote no. Block the Sinclair-Tribune merger! A free press is too important - vital for a democracy. ewc+

He is the one who would instigate and perpetuate "fake news"; he is more dictator than president. It would be that much more like living in China--criticism of the government would land you in jail. Or Guantanamo Bay, left to rot for years without due process. He needs to be impeached \*NOW\*.

—Liana R Lovas, Lomita, CA

He is the president. He can not be doing any dealings with outside companies and neither can his son-in-law as long as they are in the White House!! Someone needs to get that to sink into their little heads!!!

Help, we must act fast to stop Sinclair. What could the FCC be thinking???!!!

—Cornelia McMurtrie, FALMOUTH, MA

Here in Eugene, Oregon, all but one station is now Sinclair owned. Propaganda is too optimistic of a description. Blatant lying, war mongering, and treason, is closer to their agenda.

—Terry Hodgins, Veneta, OR

Here in Syracuse 2 of our main TV channels are owned by Sinclair. News media are already too consolidated and impeding the free marketplace of ideas so essential to democracy. The FCC is essential to protecting citizens' access to information. Do your job.

—Janet Muir, Marcellus, NY

Here's hoping his wrecking of the White House; and America's standing in the eyes of the world ends soon.

Hitler controlled everything and look how that turned out!

—Lucille Bosisio, Ocean View, NJ

HITLER did the same thing in pre-WW2 Germany. Took COMPLETE CONTROL of ALL media. tRUMP already floods twitter with his outlandish jabber, is CONSTANTLY on EVERY TV news report and the news media just laps it up like a thirsty dog! This Sinclair/Tribune will VIOLATE THE FIRST AMENDMENT RIGHTS OF FREE SPEECH! This merger will result in a monopoly of the airwaves. The Sinclair Broadcast Group has a blatant history of Islamophobia. In 2015, the Council on American-Islamic Relations requested Sinclair comment on its policies related to programming that promotes hate and bigotry after one of its hosts used hateful rhetoric towards Muslims, saying that "the false religion of Islam is about hate, lies and death."

—Guy Barnes, 29 Palms, CA

Hitler has risen!!

Horrific idea

—Zahida Siddiqi, Sugarland, TX

How about re-instating the Fairness Doctrine while you're at it? The U.S. cannot be a functional democracy with a misinformed public. The Republican party already has a propaganda outlet: Fox News. It doesn't need another (Sinclair).

How about taking the side of the peole for a change

—Ed Marquart, Stanhope, NJ

How can we protect the free flow of accurate information if this is allowed to go through?

How do you keep freedom of speech - a cornerstone of our democracy - when you allow such a merger. Stand up for your fellow Americans and stop this disgusting merger that threatens our freedom of diversity.

—Jain Hutzell, El Sobrante, CA

How do you spell monopoly? 70%

—Ted, COLUMBIA, MD

How is it even possible that one company had been allowed into so many markets? This is dangerous and un-American.

—Susan Doroba, Palm Coast, FL

How would this not be a monopoly? Please block this dangerous merger.

—Julie Rand, Bangor, ME

Hundreds of years have gone into shaping US systems to foster the ideals of democracy. Reinstatement of the UHF discount will (perhaps inadvertently) allow that to be seriously eroded. I want my child to have the opportunity to enjoy this country as I have.

—Daryl Beardsley, Sherborn, MA

I absolutely do not support the monopolization of media. We need to have a diversified number and type of media outlets to allow for the continued public debate of issues important to us. Having so much control of the nation's airwaves in one company could clearly impact the variety of news and information accessible to the population. I do not feel that is in the best interests of our democracy.

—David Mayer, Olympia, WA

I absolutely DO NOT support this merger. It would represent a dangerous loss of free press and diversity of opinions.

—PL Poole, San Antonio, TX

I agree with commentators who have said the US gov't has been allowing too much concentration of industries. The media in one industry that cannot tolerate centralized ownership. Please reject this merger.

—Ralph Hughes, wheat ridge, CO

I agree!

—Christine, madison, WI

I already see the effect of the Sinclair ideology infecting public airways as I am a viewer of KOMO in Seattle. Let's keep the airways as free of bias as possible.

—Sandra M Krot, Mount Vernon, WA

I already tune to BBC to get the news, and fear for making America Ignorant Again if corporate propaganda is allowed to dominate the airwaves.

—Billy Hayes, Cooperstown, NY

I am a FCC part 74 license holder. I urge that the FCC should not allow the Sinclair-Tribune merger.

—Terry Thomas, Salt Lake City, UT

I am a firm advocate of a free press!

—Janice Perrault, Methuen, MA

I am a retired media software CEO and M&A consultant. I oppose more media consolidation. America needs more perspectives not less. As our founders said: e pluribus unum. Please vote no on this merger. Thank you.

—Robert May, Sausalito, CA

I am a United States citizen, and I live in the United States of America, a FREE COUNTRY, not in Nazi Germany, Russia or North Korea, or other such countries ruled by DICTATORSHIP. Under the United States Constitution's 1st Amendment, America is allowed FREE PRESS. Please abide by our Constitution.

—Barbara Rubin, Van Nuys, CA

I am a US citizen from the Chicago area currently living abroad for my work.

—James Strait, Ferny-Voltaire,

I am against corporate consolidation of our local news outlets. We need to block the Sinclair-Tribune merger and keep policies that foster diverse views across media outlets.

—Suzanne Ryon, Evergreen, CO

I am against monopolistic news and news coverage plus bias towards big corporations against middles class workers!! No to Sinclair takeover!!!!

—Rhonda Baldez, Lakewood, CO

I am against the Sinclair-Tribune merger. Thank you.

—Carole B Hubbard, Escondido, CA

I am alarmed that political statements are required to be broadcast by the Sinclair station in my community. This should not be allowed by any network.

—Linda K Lindquist, Shoreline, WA

I am alarmed that the Sinclair group is putting a 'canned, propagandized, group message' on local channels across the country. To allow them to merge with the Tribune Media is frightening. The Trump era has proven that we have to have a strong, independent news source to inform on the TRUTH. This merger would be a huge step backwards and pave the way for single sided opinions...perhaps, one day...to...dictatorship. Block this merger, please. Support a free press and diverse opinions. Please.

—Carol Rice, San Antonio, TX

I am amazed at the rapidity of the fascist regime take over of our media. Fake news is Sinclair Media - we don't need any of that.

—Shana Rosenberg, WDC, DC

I am an American citizen living in Canada ... but I still vote!

—Sandra Mortensen, Battersea, NY

I am appalled that the FCC would be on board with censorship and letting the American people down!

—Deborah Jacobson, WILLISTON, ND

I am asking the FCC to treat Sinclair Broadcast group like all other media outlets . Limit their reach. I do not support any action that will allow this group to become more powerful. This merger could be seen as a means for an outlet for propaganda.

—Kim Chatterley, Colorado Springs, CO

I am concerned that these mergers will do harm to our communication system.

—Philip G Rich, Albany, NY

I am currently looking to get a local news broadcast in New Jersey; the FCC pushing our Middletown station, WJLP, to channel 33 from channel 3, and not requiring New York cable to carry it, makes that financially impractical for the station. This harms me directly; I suspect, but am not sure, that it is a result of the UHF change. In any case, mergers that limit the number of broadcasters on the PUBLIC air waves is extremely troubling to me. Please fix this for the customers and the independent broadcasters; the large corporations can take care of themselves without any help from the government.

—Sally Jane Gellert, Woodcliff Lake, NJ

I am deeply opposed to any more Media consolidation.

—Andrew Saldino, Asheville, NC

I am disturbed by the forced content, such as the "Terrorist Alert" segments, that local TV stations are mandated to play on air during local news show. These mandates are a direct threat to free speech and free press.

—Pat Hanbury, Reno, NV

I am disturbed by this, one of my favorite local news channels is perhaps part of Sinclair Group, I will have to be much more discerning in the news that I hear from this station.

—Lynn Vellenga, Columbia City, OR

I am extremely uncomfortable with one media group owning 70% of America's airwaves. This country has to have a free press and the freedom to express ourselves!

—Susan Watkins, Worthington, OH

I am for anything to NOT have to see or hear the horrible being!! Now let's make it permanent!!!

—Nancy Fifer, Lewes, DE

I am getting very tired of "edict by tweet"!

—Sister M. Glenda, Sacramento, CA

I am mortified that these monsters share my last name.

—Dorothy Sinclair, Mill River, MA

I am not fooled by Trump's indoctrinating spiel where he censors media news from his own billionaire's club by calling it n"fake news" thereby to exploit and dominate the masses

—Christopher S. Minich, Lewis Run, PA

I am not interested in any of #45s or the PERVERT AND CREEPS propaganda especially the Republcutns. I am for a free and fair press.

—Bobby Chastain, Sylva, NC

I am not interested in listening to propaganda provided by the Sinclair Broadcast Group.

—Norma Macal, Muskego, WI

I am not supportive of a state run station spouting propaganda.

—Stephanie, Lewiston, ME

I am opposed to the Sinclair -Tribune merger as a progressing monopoly of media and its coverage could have untoward implications and directly impact democracy as we know it. It's also extremely troubling as we have become more aware that our president would try to manipulate real news and replace with false facts and thus potentially keep Americans from knowing truths that affect us all.

—Neena Reddy, Pittsburgh, PA

I am opposed to this for the sake of our country and to protect our democracy from toxic companies posing as honest yet they are truthfully poisonous.

—Rita Melton, Redwood City, CA

I am opposed to this merger. It will give one company control over most of our news outlets Nationwide. Furthermore, the news should be reported as unbiased as possible. This company already requires its stations to read propaganda on its airwaves. Protect the First Amendment and the citizens of the USA by protecting a free press

—Beth, City, PA

I am opting out of cable tv.

—Holly Kukkonen, Iowa City, IA

I am signing to prevent a Trump takeover of our TV stations through Sinclair Broadcasting.

—Elizabeth Bryant, Troutman, NC

I am so concerned that this could turn into a state owned communication/propaganda news outlet

—Cynthia Becker, Green bay, WI

I am so disgusted with this guy.... he needs to be stopped & the whole family needs to go to an uncomfortable jail

—Kelly Martin, Schaumburg, IL

I am so outraged at the takeover of our local media by interests that place requirements on presentation of particular political viewpoints. We are moving closer to losing our democracy every day. This is a horrible merger and must be blocked to prevent the corruption that ensues by such a dramatic consolidation of media power.

—Garth Hitchens, Bellevue, WA

I am so sick of that lying clown act. The last thing I want is more of the same.

—Nancy Morris, Lakeway, TX

I am sonworried about a slide into dictatorship.

—Josephine Novak, New York, NY

I am strongly opposed to this merger, which would not support diverse opinions nor a free, independent press.

—Susan Jay Watson, Greenwich, CT

I am tired of the fake news being dished out by this administration.

—Peggy Oneil, bloomfield hills, MI

I am tired of you already.

—Cynthia Clark, Conyers, GA

I am totally against this merger.

—Barbara Schwarz, Homewood, IL

I am totally against this new happening of Trump. Bev Amsterdam

—Beverly Amsterdam, Rockville, MD

I am totally opposed to the Sinclair Media Co receiving a special ruling from the FCC to allow them to take over the Tribune Media Co.

—Mari-Ann Marx, Glenview, IL

I am very concerned about one company controlling all of the media.

—Candy Hasan, Boca Raton, FL

I am very concerned about Sinclair Broadcasting. There should not be any "state owned" media in America. I've been following what they required their stations to broadcast. The airways need to be free.

—Linda, Greenwood, MO

I am very concerned about this proposed merger. Balance and objectivity in the press is critical.

—Virginia Highfield, Bountiful, UT

I am very concerned that an avowed propaganda network is trying to buy up all these stations. This is not a good move, FCC. Protect our airwaves from this.

—Deborah Dutcher, Brentwood, CA

I am worried about who owns the media and controls the news. This merger is scary!

—Lora Lunt, Potsdam, NY

I am worried for the state of our Republic.

—RN carol Farina, Lakewood, CO

I appreciate differing opinions and ideas. I fully support our first amendment right of free speech and believe that would be jeopardized by a monopoly of our airwaves by a company that has already been paid off to air a slanted point of view.

—Dalene West, Winfield, KS

I ask the FCC to block the Sinclair-Tribune merger and preserve policies that foster diverse views across media outlets. Sinclair should not be allowed to force the racist broadcasting of the Trump wing of the party. Sadly, it is always filled with lies, bigotry and everything else this democracy of America stands against. I do not support this merger at all. I say "NO" to this merger.

—Marva Herndon, Milwaukee, WI

I ask the FCC to block this merger. If allowed to go through, then Sinclair, etc. will control 70% of the US airwaves. This is a concerted effort by the Trump administration to undermine Democracy in our country.

—Janet Anderson, East Lyme, CT

I believe in a free press and a diversity in the press.

—Joanne Shlemmer, Carlsbad, CA

I believe in a free press and the availability of a broad diversity of opinions.

—Anne C. Courtright M.D., Pueblo, CO

I believe in freedom of speech but when you buy up all the channels and spread fake news that is not freedom of speech.

—Jane Perry, Indianapolis, IN

I believe in the "Free Press!"

—Tracy Coyle, Macon, GA

I believe in the first admendment, but not to the extent of insisting that stations are forced to broadcast hate speech.

—Julie Yates, Higginsville, MO

I believe in the freedom of speech. The freedom of the press is the 1st amendment of a free society, and this action would cause insecurity in a democracy, something we have seen far too much of with this Trump administration.

—Judith Hayes, MEDFORD, OR

I believe in variety. Sinclair should not merge and take over more TV shows.

—Lonnie Spinozza-Johnson, Garrison, NY

I believe it's against the law to run political propaganda and psy ops on US citizens. This is dangerous stuff.

—Stacey Sims, Bedford, TX

I believe strongly in the First Amendment and I feel this merger will take away that right.

—Nancy McCoy, Clark, WY

I believe that local news should stay local and not be dominated by one group. There should be no monopoly in news.

Please stand up for the best interests of our people and economy and not for single groups who have broken the rules you set and are trying to corner the market on local new coverage.

—Patricia Essick, Ojai, CA

I believe that one of the primary responsibilities of the FCC is to prevent our airwaves from being monopolized by a single voice. There is little that is more critical to our democracy. Allowing the Sinclair-Tribune merger would make a mockery of the Commission's responsibility to promote competition and enable diversity and localism to flourish, particularly given the national control Sinclair Broadcasting has exercised to date over the local voices of the stations in its network.

—Betsy Rubinstein, Chevy Chase, MD

I believe that the prevention of this merger is vital to the success of our democratic form of government.

—Nancy Bennett, Tubac, AZ

I believe this merger will result in a huge monopolisc type of marketshare. Please keep the Obams era rules in effect that limit canidates from overtaking sections of the media. Making companies share political messages from both sides allows for informed votes to be cast.

—Lacey Berumen, Denver, CO

I believe we have a right to choose our own news station. I don't want state run news. I don't want to live in Russia

—Barbara Truitt, Parthenon, AR

I belive in the freedom of the press and that must run segments that lean in either political direction are a threat to democracy and a tool of authoritarianism.

—Sarah Gulotta, Shorewood, WI

I can not believe that Trump and his accomplices have the nerve to take over TV in America. What next??

—MaryEllen Andrews, Bartow, FL

I can see the lawsuits piling up against this merger now.

—Dennis Caristi, Acton, MA

I can't believe how undemocratic this is and how much it would damage our country. To control the information people get is antithetical to democracy. Don't do this.

—Julie Anders, Oceanside, CA

I can't believe this is something I even need to be concerned with living in the United States! Don't take away our right to make informed decisions for ourselves! If I want to listen to liberal media, that's my right as an American!!

—Sherry Hickok, Brentwood, CA

I can't believe we have to sign this!

—Heather Brophy, Santa Barbara, CA

I can't believe we need this in the country that is supposed to be the leader of the free world.

—Karla Milner, Las Vegas, NV

I cannot agree with mandatory propaganda programs. News channels must be fair and balanced for truth in reporting.

—Kay Newcombe, Richmond, VA

I concur with this petitions's statement and goals

—Douglass Dox, Overland Park, KS

I consider that this proposed merger is a danger to free diversification of news outlets.

—Manuel C. Zenick, Chevy Chase, MD

I continue to see too many mergers that bring us back in time to when the companies were too big and rang things so there was no real competition. I don't want to see us go back to that! We need to keep these mergers from happening. It's too many and it's hard to watch the backslide.

—Sandra Van Domelen, Grand Chute, WI

I definitely do not support this merger or any sponsor who advertises on the Group.

—Severine grant, Toronto, OH

I demand a free press. This is a Democracy, not a Facist State

—Karen Lowell, Astoria, NY

i DEMAND FREE PRESS AND A DIVERSITY OF OPINIONS

—Carol Flesher, Orlando, FL

I demand the right of impartial truth based news!

—Cheryl Powers, Morris Plains, NJ

I disapprove of larger mergers especially that of Sinclair media group and tribune entertqinment which would have a monopoly on information in big parts of our country. This curtails freedom of information and freedom of speech. I urge the FCC to block the merger and to eliminate the UHF discount so that other such mergers are not tried. We need diverse opinions and ideas in our country. Thank you for your time.

—Nick Seidler, Wauwatosa, WI

I DO NOT support this merger, which would allow a single media group to own over 70% of the country's airwaves!

—Patricia Degre, Lake View, NY

I do believe that there is enough fake TV around that we do not need any Trump TV or Ultra conservative we need well-rounded news not news from pathological Liars

—Patrishia Avery, Clearlake, CA

I do not accept or agree to a Trump TV Takeover.

—Beverly Smith, Cottonwood, AZ

I do not agree with Sinclair Broadcasteting Group should be able to "merge" with Tribune Media and maintain that present schedule of hateful broadcasting.

—Mrs Chaim & Elizabeth Larsen, Plano, TX

I do not and will watch your biased take on the truth.

—Melissa Weber, Eads, TN

I do not believe in monopolies or virtual monopolies in any area and I believe this merger comes uncomfortably close to one. Freedom of speech should take precedent over business, especially business which is bad for American people and American standards and morals.

—Pamela Check, Chico, CA

I do not believe that any company should be allowed to have the ability to have a monopoly.

—Shannon Anderson, Ponca City, OK

I do not condone state run media... this is wrong and should not be influencing local news.

—William Johnson, Driggs, ID

I do NOT in any way, shape, or form, support this merger.

—Laurie Ludlow, Quincy, MI

I do not NEED to watch any particular TV station or program. I will not support fascist propaganda.

—Penelope Steward, Mountain Home, ID

I do not support a media monopoly especially if it is being done in the interest of one person to ensure their message, and their message only, is the loudest one out there. NO!!!!!!!

—Tammy Royce, Ventura, CA

I do not support a merger that would allow a single company to own more than 40% of our country's airwaves. We need diversity in our Media

—Karrie Craiglow, Lockbourne, OH

I do not support a merger that would allow one media group to own over 70% of the country's airwaves.

—Sandra Ward, Madison, WI

I do not support any additional mergers in the communications industry at all (internet, TV, radio etc). Competition is key-for hearing multiple views and for having a choice in programming. The consumer must have more choice and mergers are contrary to that mission. Once upon a time there were ownership limitations to the number of stations, companies, print editions etc and they existed with a good reason. That policy MUST be brought back and strictly enforced! Bigger is NOT always better.

—Stacy Rauch, new york, NY

I do not support consolidation of media.

—Lynnea F, Minneapolis, MN

—Deborah A Murphy, Chesterfield, MO

I do not support the merger of Sinclair Broadcast Group with the Tribune Media Co. This will allow a single media group to own over 70 percent of the country's airwaves. That is not democratic and becomes a totalitarian control of the airwaves.

—lucille Mayton, osprey, FL

I do not support the merger of Sinclair Broadcast Group with Tribune Media, Co, which would allow a single media group to own over 70% of the country's airwaves.

—Audrey, Renton, WA

I don't believe ANY media outlet should be able to control over 70% of the country's airwaves. Actually believe the per centavo needs to be lower!

—Susan C Soroka, Tempe, AZ

I don't believe in shoving propaganda down people's throats. It's totally unAmerican. There are already several right wing "news" channels. Allowing one media company to own over 70% of America's TV channels and allowing Sinclair to force them to air right wingers segments is beyond disturbing.

—Claudia Sutton, Juneau, AK

I don't believe that one media group owning over 70% of the country's airwaves will be impartial. I want the truth from my TV, like the old days of Walter Cronkite and other reporters when the facts were given and then viewers could make their own decisions. I urge the FCC to block any merger that allows one media group to own so many airwaves that they could possibly have the power of propaganda.

—Martha Scoppa, Liberty, NY

I don't care which party is in power. There should not be a company that controls a majority of the broadcast channels.

—Carolyn Hohne, Lumberton, NJ

I don't see how this merger could possibly be in the interest of the American public.

—Lynne Glaeske, Denver, CO

I don't support and encourage you to represent people, not corporations. Over 70 percent is quite a monopoly. I encourage you respectfully to please not allow these kinds of takeovers and monopolies.

—Cathy Dobbs, Middleton, ID

I don't think anyone media outlet should have that much power. It isn't healthy for our media as a whole.

—Kelsey Keyes, Saline, MI

—David, Mineola, NY

I don't want to be subjected to propoganda.

—Marie Majetsky, Mahanoy City, PA

I don't want to hear comments from Boris or sinclairs political views. I watch to hear local news not someone's political stance. You have just lost 4 viewers in this household, so much for top local station before Sinclair.

—Elaine Weygand, North kingstown, RI

I don't want to hear the right wing propaganda! I will not watch WLOS and I do not support this merger!

—Barbra White, Fairview, NC

I don't want to listen to the ultra right, conservative fascist views of the Sinclair Broadcasting Group. Tell these nazis to crawl back into their holes and force them to watch their programming 24 hours a day!

—Christina roberts, Jackson, KY

I doubt that you will block it, given the political agenda of your chairman, but you should.

—William griffith, Hope, ME

I fear when control of airwaves and print media fall into the hands of too few people, the rights of the public to access a variety of objective information and points of view limits our freedom to form well researched and reasonable, objective opinions of our own and will be severely hamper our right to cast intelligent votes in future elections and will impair our judgement of our neighbors in our daily lives.

—Sharon Albistegui, Vista, CA

I feel the consolidation of media companies does a serious disservice to local communities. When any one company controls such a large proportion of the media, local and regional voices lose out.

—Ann Pinkerton, Oakland, CA

I feel this move will negatively affect how news is reported to the citizens of this country; therefore jeopardizing our democracy and freedom of speech and press. Do not let this happen!

—Sandy Abney, Austin, TX

I feel very strongly about this. We cannot allow our news to be so completely one sided. Conglomerates are not good for the people.

—Anne Watts, Santa Rosa, CA

I find Donald Trump offensive and a liar! I have ABSOLUTELY no interest in listening to him or anyone else stroke his ego. We are not a communist country and you would be infringing on my rights for a free press. If this is forced on me I will make it a point to NEVER watch the channels associated with this propaganda. I have hundreds of channels to watch! I urge the FCC TO BLOCK THE SINCLAIR-Tribune merger and reinstate power licies that allow for a free press and a diversity of opinions. Thank you

—Linda Duerden, Palm Bay, FL

I find it appalling that we have to fight to block this merger. It's clearly illegal.

—Eleanor Linn, Ann Arbor, MI

I find this merger extremely concerning and encourage you to reject it. In the interest of democracy and a free press, no single media group should own 70% of the country's airwaves.

—Janelle Treibitz, New York, NY

I get more of Trump than I want as it is! I Definitely Do Not Want Trump TV!

—Laura Azar, SPOKANE VALLEY, WA

I grew up in West-Berlin during the seventies and this brings back memories of the Soviet controlled media my cousins, who grew up on the other side of the wall, were exposed to. Very un-American, but very Russian! I no longer watch my favorite local news broadcasts because of the blatant propaganda that has nothing to do with truth.

—Desiree Schuler, Warwick, RI

I hate the lies on TV news. So it won't bother me; I get my news from carefully selected private Internet news outlets .

—Ruth ferguson, Cozad, NE

I HATE trump and I HATE trump supporters !

—Herbert Peterson, Elkhart, IN

I hate trump stop it.

—Roberta James, Salem, OH

I hate! I hate! I hate my Trump TV!

—Kevin McDonough, Asheville, NC

I have already caught WCHS Chanel 8 an @ABC Affiliate owned by #Sinclair & FoxNews11 also owned by #Sinclair showing Stories on topics like Medicaid Fraud, claiming it was from CHARLESTON WV, when I called to confront them, I was told our News is all made in #BaltimoreMD and we have to USE IT! Its noting but #FRAUD, they put their OWN #Editorials with a Twisted RIGHT spin and preempt ABC NightLine stuff. It makes me FURIOUS that I can't bypass my LOCAL Broadcasters to opt for TRUE 100% Network #Affiliates!

—Michael D Schmidt-Kerley, Hurricane, WV

I have already contacted my NBC station in Mobile, which is my area's broadcaster, and informed them of my concerns re this. I no longer watch the station's local newscast due to their association with Sinclair Broadcast Group. I resent being subject to their propaganda!

—Barbara Strausser, Milton, FL

I have already seen a discouraging change in our local news WGN 9.

—Patricia Acha, Evanston, IL

I have always thought that the idea of limited ownership of tv and other media outlets is sound in that it allows for diversity of opinion and ideas. I ask the FCC to protect the American air waves from dominance by any one voice.

—Therese Georgulas, San Francisco, CA

I have been against deregulation from the very beginning. Now there is less editorial diversity and fewer jobs available in the industry. I would prefer to roll back to pre-regulation days.

—David M. Clothier, Wailuku, HI

I have been aware of this thanks to Rachel Maddow. It is horrible.

—J Box, Houston, TX

I have heard Boris' commentaries. They are pure propaganda delivered in a straight forward manner at a late hour when peoples' subliminal brains are on. They have no place in a free society.

—Rina Diamond, Grants Pass,, OR

I have heard Sinclair Broadcasting. It's content is dangerous. While i do believe in free speech we should not be using our free speech to denigrate others as did Hitler.

—Jim Carstensen, Raymond, MS

I have made every person I know aware of this takeover of their local airwaves and will continue to spread the word. This is a propaganda platform, pure and simple. Not acceptable under any circumstances.

—Deborah Burton, Cheshire, OR

I have my own liberal values, please don't try to stuff conservative bull down my throat.

—Denise Santos, Layton, UT

I have no interest in being exposed to more Trump propoganda.

—LM Brown, Seattle, WA

I have promised myself to never watch KOMO news anymore because of this forced bias on the Seattle news scene. Seattle will not go for this. No one should force bias in news.

—Leslie Sandberg, Shoreline, WA

I have seen some of Sinclair's "news" and it is disturbing.

—Mitch Dalition, San Francisco, CA

I honestly cannot even believe I have to sign something like this.

—Christina Jones, New York, NY

I hope this works

—Craig Fleming, Bethesda, MD

I just won't watch local tv.

—Pam dolby, Chicago, IL

I know people that have switched to watching international television rather than our very own news. They feel it is more accurate. Please don't make them right by giving too much control of our networks.

—Deb Wilson, Clark,, MO

I live in a county where many businesses have a monopoly, as a result we pay a lot more & have fewer choices. This merger is Un-American

—Joyce Stokes, WALLACE, ID

I live in a rural area with only over-the-air TV, so I have very few media choices. I would be very upset if Sinclair took over one of the few channels I can receive.

—Albert S Woodhull, Leyden, MA

I live in rural America. There are areas that don't get much more than Fox news. If the local stations are also controlled by right-wing, distorted news coverage vast swaths of people will no longer have televised access to the truth.

—Judi Sharp, Lake Ozark, MO

I live in the Tribune Media coverage area, and I think their reach is already too grand. We don't need an even larger one controlling our local media, and not a media company w/racist tendencies. Please do not allow this dangerous merger take place.

—S Carlson, Evanston, IL

I live in the United States not North Korea

—Carol Adamski, Bellevue, NE

I love The unbiased Chicago Tribune, and real news. If Sinclair owns it, there won't be factual reporting or healthy, responsible editorials.

—Joan Fenton, Phoenix, AZ

I make it a point to seek out varied viewpoints in the news, so that I can make my own decision. Please don't smother my ability to learn from the diversity. No one side of a discussion is ever 100% right 100% of the time!

—Judith Passmore, Middletown, CT

I miss my Local news since Sinclair took over I can't watch it anymore! What is happening to our trusted news?!?

—Shireen Nickel, Weed, CA

I neither support nor abide by any attempt by the FCC to allow a single media company with a history of pushing biased and dangerous opinions, presented under the guise of facts, to control 70 percent of the country's television stations. This is a brazenly partisan attempt to push right-wing opinions upon a greater amount of the population and may be reversed in three or four years' time, and such a decision may lead to a lawsuit with the FCC as a defendant.

—Joseph Pettit, Iowa City, IA

I object to forcing my news stations to replay prepared political propaganda as if it were news.

—Sarah Wiener, Long Beach, NY

I oppose allowing The Sinclair Broadcast Group to acquire control of such large share of US airwaves.

—David R. Guinnup, Bear, DE

I oppose media monopolization.

—Jane Gillespie, Gila, NM

I oppose the merger of the Sinclair Broadcast Group with Tribune Media Co. It would all a single media group to own over 70% of the country's airwaves. I want the FCC to reinstate and vigorously protect the American Free Press and diversity of opinions.

—JoAnne Ja, New Canaan, CT

I oppose the monopolization of local television. The consolidation of broadcasting power is contrary to the interests of democracy.

—Thomas J Walsh, Tucson, AZ

I oppose the proposed takeover of any additional media outlets by Sinclair.

—David Laffitte, Jacksonville, FL

I oppose the Sinclair Broadcast Group attempt to merger with Tribune Media Co.

—Joanne Puglisi, Viera, FL

I oppose the Sinclair purchase of the Tribune. One corporation cannot have such a large control of so much news broadcasting.

—Rob Miller, Flagstaff, AZ

I personally think too much of media is consolidated already. It is rare to find actual "local" media today. For a venue that was intended originally to serve in the public interest it is falling short of that due to media consolidation and it certainly curtails true freedom of the press.

—Peggy Rishel, Brandon, VT

I refuse to watch local television be monopolized and manipulated.

—Carmen Miller, Toledo, OH

I reject authoritarian rule. This must stop. Free press is an essential part of Democracy.

—Millissa Skemp Gould, Tampa, FL

I say no to communist tv

—Frank Allard, St. Thomas, NY

I Say NO to Sinclair Broadcasting Group. Make trump tv pay for a cable channel. No to Sinclair Broadcasting airing on local news. In any form. Taking advantage of those who don't know better. Propaganda out

—Helen Schonenbach, Ashland, MT

I say NO to Trump TV!

—Elizabeth Jones, Columbia, SC

I see no good coming from this sale/merger for the public at large.

—Jordan Gary, Chicago, IL

I seem to recall the term "never again" regarding racist hatred & bigotry towards certain cultures. What happened?

—Katrina James, Riverdale, GA

I sincerely hope that the FCC will prevent the Sinclair-Tribune merger and will reinstates policies supporting a free press and diversity of opinions.

—Jonathan Best, Middlefield, CT

I stand against monopolies no matter what form they take

—Sally Cloud, Denver, CO

I started in radio over 40 years ago when ownership rules would not allow one entity to own more than one AM and one FM station in the same town. Now one company owns at least six and maybe more stations in my home town. The idea was to prevent the suppression of free speech and/or the spreading of only one point of view. As far as I can tell, if Sinclair is aligned with the Trump agenda, how far away are we from state run media as found in Russia and other dictatorships? This is not only a bad idea, it is a very dangerous one as well.

—Gary Duck, Austin, TX

I strongly object to decreased regulation which would allow a media conglomerate to masquerade political opinion as local home grown news. My position has nothing to do with my own political views but instead my value for the integrity of local news and potential misuse of public trust. The FCC must uphold its mission and protect and preserve decent values and a fair playing field.

—Suzanne O'Shea, Cranston, RI

I strongly oppose any attempt by Sinclair Broadcast Group to merge with any more local TV stations - we need them to be as independent as possible.

—Kirsten F Davis, Dawson, GA

I strongly oppose corporate consolidation of local news.

—Kimberly Smith, New Albany, IN

I strongly oppose the merger of Sinclair Broadcasting and Tribune.

—Robert Reeves, Cape Girardeau, MO

I strongly oppose this merger! A diverse free press is core to the democracy of the United States!

—Khanh Dinh, Dracut, MA

I strongly oppose this merger, which would dangerously limit freedom and diversity in broadcasting.

—Ruth Bauer, Hendersonville, NC

I strongly oppose this merger.

—Suzanne Edmondson, Oklahoma City, OK

I strongly urge the FCC to block the Sinclair-Tribune merger!!!

—Amal Severance, Allen Park, MI

I strongly urge you to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. An open and free media is essential for true democracy.

—David King, Santa Fe, NM

I support a free press.

—Charmaine Bobski, Blaine, WA

I support a FREE press. Do not allow this merger.

—Joan Hemm, Boulder, CO

I support free local press and urge you to block the Sinclair-Tribune merger. They will broadcast only one type of opinion, a conservative one. All sides should have equality and we don't want one huge corporation that is, frankly, racist.

—Lucille Walter, Cedar Falls, IA

I support Free Press. No Fake News.

—Virginia Moffatt, Brooklyn, NY

I support freedom of speech; freedom of the press, freedom via tv broadcast, the web, cable, etc. Anything other than that constitutes a suppressed and oppressed people. Thank you.

—Mary, Evanston, IL

I support the first amendment, which includes a FREE press, not a press that is required to push propaganda!

—Yolanda Debyle, San Francisco, CA

I support the petition but do not want to be added to any e/mail lists

—Mary Pezzuto, Oakland, CA

I support the statement Move on.org has made. It would be horrible if one mass media group controlled our news. We deserve unbiased news.

—Patty Kinnett, Carbondale, KS

I support, why is this monster still in office why is someone scared to put handcuffs on this moron what are you waiting for America

—Patricia Cooper, Green Bay, WI

I think a diverse media is needed, not a media that consists of one voice, owned by one monopoly.

—Michele Ayers, Clarks Summit, PA

I think I can understand "Free Press" but I cannot understand one group owning 70% of the airwaves. Isn't that on the way to becoming a "monopoly". That's also something I understand/

—Bud Rutkowski, Urbana, VA

I think it is a good idea to keep news media mergers to a minimum. Sinclair Broadcast Group's attempt to own over 70% of our airwaves is not a good sign. Why not support independent newspapers' ability to improve their coverage rather than provide blanket news for all?

—Kathie McCleskey, Baltimore, MD

I think it is a huge mistake for the FCC to ease a key Obama-era restriction that prevented a single broadcast company from owning more than 70% of the country's airwaves and allow the merger for the Sinclair Broadcast Group to merge with the Tribune Media, Co. No single company should control that much of the U. S. airways. More U. S. Citizens trust local news outlets over national news outlets—but if a biased broadcast group such as Sinclair is successful in its corporate consolidation of local news, who could Americans trust to give them unbiased news. Sinclair has tried to evade the rules in the past and has been fined millions of dollars by the FCC for not acting in good faith during negotiations. So how can we trust them today? I urge the FCC to return to the Obama era- rule that allows for a free press and a diversity of opinions and block the Sinclair -Tribune merger!

—John Petersen, Lake Ann, MI

I think it's horrifying that a single media group would control 70% of our airwaves. Talk about fake news, it would be terrible

—Fran Ransom, Lakewood, NJ

I think television should be impartial in reporting news. This merger would be biased and not give viewers the option to decide how they will determine if the news is good or not. We need to keep news impartial. Thank you.

—Carol Moss, Sacramento, CA

I think the US needs to go back to the Fairness Doctrine - and eliminate all partisan news channels.

—Wanda Schwerer, Belleair Beach, FL

I think we have too much consolidation in the media. I oppose this merger.

—Barbara Council, Greensboro, NC

I think it's dangerous for a single media group to own over 70% of the country's airwaves. It makes it all too easy to spread one-sided propaganda.

—Denise Jennings, Dix Hills, NY

I thought monopolies were illegal. I do not want to live in Russia

—Marilyn McIntosh, Cincinnati, OH

I thought our country was against monopolies. This has to stop. Our democracy is based on free press and welcomes diversity. This is bad policy and we the people are against it. Please do the right thing and stop this. Thank you.

—Cassandra Harmon, Washington, DC

I thought the USA did away with monopolies over a century ago. We shouldn't allow them to make a comeback in the 21st century.

—Ronald Shank, Albuquerque, NM

I thought there was a law to prevent monopolies.

—Yola Hesser, Florence, OR

I thought there were laws against monopolies! No station should be able to dominate local airways and control huge portion of local news.

—Evelyn Davis, Wakarusa, KS

I treasure the FREE PRESS in all its forms...

—Rosamunde Blanck, New York, NY

I understand that Sinclair owns 173 stations (per Wikipedia) and Tribune owns 42 more. I don't support their proposed merger, which would overly consolidate media power into one company. I don't understand the public benefits of the merger and feel that it's anti-competitive nature will result in poorer service and reduced options for the public. Thank you.

Sincerely, Steven Gordon

—Steven Gordon, Waban, MA

I understand the pressure of employer influence on your voice.

—Sandra E Portko, Grand Rapids, MI

I want the press to remain FREE not required to air biased propaganda

—Betty, Conemaugh, PA

I want to choose programs that tell the TRUTH. I want variety, and I don't want right-wing propaganda dominating the television schedule. Not everyone in the U.S. likes Trump, nor do they want politically biased news and programming presented by a company that owns more than 70% of stations. Monopolies are WRONG!

—Pamela McDonald, Riverside, CA

I was a TV broadcast tech until 2 years ago when I retired and I can categorically state it would be a bad move to allow Sinclair to buy Tribune Media..

—Kerry Dickson, Portland, OR

I was born into Fascist Italy and have studied it all my life. Control of mass media and communications is a pillar of Fascism.

I was watching our well loved local Channel 12 evening news when suddenly it had been taken over by what I thought was the Russian controlled broadcast, RT News. I would like to have differing points of view in the news, not pabulum spoon fed to us by the conservative right.

—Rosalie Pelch, Beulah, MI

I would prefer the news to the alternative news that the likes of Sinclair "news" offers. I want our great Republic to continue to have free speech, and not be controlled by any political party or objective.

—Sandra OMalley, Waterford, MI

I'd HATE for Don Alhart of WHAM 13 to end his illustrious 50 year career on this SAD note...

—Bernice Whiting, Rochester, NY

I'd never never turn on the TV if that happens.

—Mary Muller, Phoenix, AZ

I'll stop watching cable news altogether and simply get my news through online sources as well as newspapers. I refuse to be part of the brainwashed conservative lemmings in this country, who would gladly follow trump off a cliff if he directed them that way. He's a liar, and a con man, and the more "conservative" shows I've seen, including fox news, the more I'm convinced that trump and his entire cult following, are certifiably crazy. Any group of people who threaten to kill those with a difference of opinion are nothing more than terrorists. They threaten to start a civil war if he's impeached, even if he IS found guilty of treason. And just for the record, Hitler started off by calling the media "fake news" and "lying news" as well. We all know how that ended.

—Melissa Gallagher, Huntingdon, PA

I'm 68 years old and I've worked my whole life. Do not give our freedom away! The airwaves belong to all Americans, not just the very rich!

—Dale Jenkins, San Martin, CA

I'm a former owner of 2 TV stations (Ch 33 Springfield,MO & Ch 23 Minneapolis/St.Paul) now owned by Sinclair Broadcasting. If the FCC does anything, it should break up the monopoly of over-the-air stations that Sinclair has orchestrated! Shame on you if you approve this purchase!

—Donald W. O'Connor, Monteagle, TN

I'm absolutely tired of these relentless attacks on our democracy and our freedoms! They keep trying to wear us down so we'll acquiesce to the brownshirts of this drumpf administration. No! I wish I could financially support our democratic fight but am a disabled senior on soc. security and medicare who stands to lose everything (including my fragile health) under this horrific excuse for a cicc who so disrespects the very home WE allow him to live in! The Koch bros are bound and determined to use him to further their agenda to take over our country to further their extreme right-wing Agenda. Why doesn't the FCC see what's going on? They have the means and ability to stop this power-grab!

—Elizabeth Schulz, Medford, NY

I'm against monopolizing the airwaves with this Sinclair deal.

—Rick Smith, Watertown, MA

I'm against the merger of Tribune Media & Sinclair Broadcast Group. One group owning the majority of the USA airwaves is not diversity. We want the opinion of many.

—Lynn Sanchez, San Francisco, CA

I'm against this stop or else

—Joseph, Columbus, OH

I'm already sick of seeing Trump's face on TV! I sure as hell don't want him to take over the TV!

—Pam Turner, PRYOR, OK

I'm also urging the FCC to block the Sinclair-Tribune merger.

—Judy Kirkpatrick, Shawnee, KS

I'm appalled to think that so much airtime would be controlled by so few people--especially those committed to promulgating a specific and narrow political perspective. Democracy thrives when many different voices have access to media outlets. Please stop the merger.

—Kathryn Zellich, Alton, IL

I'm counting on the FCC to protect the public and block this proposed merger.

—Leigh Shaheen, Canton, OH

I'm including this line to indicate that I'm a real person and that this issue is important to me.

—Susan Swor, West Suffield, CT

i'm old enough to remember the state sponsored propaganda stations out of the old russia in the 60s and 70s. look at our "news" stations today and that's EXACTLY what we have in the us today. right wing, conservative christian propaganda machines. how sad... we've become what we fought against!

—Bill Chockla, Estes Park, CO

I'm opposed to this merger.

—S McGaughey, West fork, AR

I'm sickened by Sinclair attempts to distort the truth and make their stations, using PUBLIC airwaves, present misleading or false news. They should be prevented from owning any public airwaves licenses due to their past misconduct.

—Chuck rocco, Simi, CA

I'm sickened by this horrible propaganda outfit

—Mike farley, Madison, WI

I'm smart enough to recognize propaganda when I see it..I'll simply change the channel; it's the masses of uneducated and fearful people that will follow like sheep. No thank you we must protect them from themselves.

—Joanne Scarfo, Massapequa Park, NY

I'm very concerned about this merger, which could likely result in increased censorship and misleading news.

—Jennifer Kleindienst, Middletown, CT

—Karl K Willoughby, Pensacola, FL

I've heard these "commentaries" that less discerning folks will take as truth.

—Lisa E Kunin, Laguna Vista, TX

I've long been alarmed by lack of diversity in ownership of radio and television stations. We need an abundance of varying views in order to make significant electoral and other political choices.

—Christopher Hamilton, Berkeley, CA

I've seen some of Sinclair's broadcasts. They are NOT news but propaganda! And their propaganda is forced on the local TV stations. We want freedom of the press, fact-based news casts! NOT what someone thinks people should believe or do. That's just not a free press!

—Angela Liberato, E. Lansing,, MI

I've thought for a long time that the mergers in communications, TV, radio, cell phones etc. have been bad for free speech protected in the Constitution. We have antitrust laws for a reason. We want competition broader opinions and lower costs. I urge the FCC to block Sinclair - Tribune merger.

—Alice Goss, Clinton, WA

I've watched KOMO TV in the Seattle market for 45 years. If they succumb to Sinclair's brand of hate and racism I'll be picketing Fisher Plaza.

—Ron, medina, WA

I, like so many, do not want to live in a fascist country. How many lives has this government sacrificed for so called freedom. Freedom for power and \$\$ or freedom for a sane world.

—Geraldine Duffy, Bayfield, CO

Ideological Media bias will be greatly increased if this purchase is approved. Please keep our airwaves open to a wide range of diverse views and independent. Thanks.

—Dr. John English, Athens, GA

If Aetna could not merge with Humana, this surely should not happen either!!!!

—Marcia Campbell, Mansfield Center, CT

If all news media could be trusted to just report the facts without bias or spin then this restriction would not be needed. Unfortunately this is not the case.

—Debbie Piatt, West Liberty, OH

If allowed there would be one voice to have too much control

—Ronald Sturman, Martin, MI

If allowed to acquire Tribune Media, SBG will be in a position to leverage its ongoing editorial overreach and become a detriment the public service the FCC has vowed to uphold.

—Bengt Strom, DENVER, CO

If anyone is spreading "Fake News" it's Donald Trump.

—Joshua M. Lambert, Murray, UT

—Helene Huchital, Delray Beach, FL

If the media is self censored it will be the end of our democracy.

—Melody Priceman, rohnert pk, CA

If the news is "fake" now, what can we expect from this awful merger?

—Judith Worrall, Sherwood, OR

If the right wing agenda is so fair & just then why the need to force feed propaganda! Not necessary, provide the news without bias and then let the people decide, which is what this country was founded on.

—Norreen Thomas, Parma Heights, OH

If the Sinclair-Tribune merger is allowed by the FCC that would be a monopoly and wrong!

—Mohsen Shenan, whitewright, TX

If this "deal" goes through I will never again watch WGN in Chicago. I can go to cable for bias but I want /demand that local news stay as balanced as possible

—Patricia McNicholas, Chicago, IL

If this approved, many will be deprived of other points of view. Consolidating sources of information means control of the public and a propaganda network. In 2017, this is the wrong move. Stop the acquisition.

—John L Aponick, Harrisburg, PA

If this becomes a monopoly, will it be illegal?

—Leila McCarter, Chilmark, MA

If this country is about giving smaller businesses a chance, then this Sinclair-Tribune merger must not be allowed. Please support listener choice.

—John Etter, Portland, OR

if this goes through it brings us closer to a communist state and this is very troubling and our Press needs to stay free and not allowed to bring in such propaganda!

—Robin Redden, waterford, MI

If this is allowed to go through, this will be a government controlled broadcasting system and smacks of Hitler to me.

—Jackie Shea, Blanchard, ID

If this merger goes through we risk turning into a Berlusconi-type circus making journalists' jobs even harder than they already are.

—Angela Starita, Brooklyn, NY

If this merger happens then we could all end up hearing only the news or lies that a certain political party wants us to hear. This could be as devastating as Russian interference in our elections.

—Donna Shimpfky, Orangevae, CA

If this occurs, it will be straight out of the Nazi handbook!

If we keep up on the hatred of Muslims, expect the same being done to Christians in the rest of the world.

If we lose freedom of the press, we are no longer America. Dictatorships attempt to control the press. Block the Sinclair-Tribune merger.

—Bonnie Jones, Olympia, WA

If we want an informed citizenry then we need a real spectrum of opinion, not a dominant Right-wing one.

—C M. Ashley, New York, NY

If what I understand is true about the proposed Sinclair-Tribune merger, then the FCC has an obligation to me, a citizen to prohibit it.

—Elizabeth Guss, Langley, WA

If you allow Sinclair to become trumps state-sponsored propaganda mouthpiece, our democracy -indeed the USA- is dead. Save our democracy: Stop Sinclair!

If you care anything about our democracy you will not approve this merger.

—Barbara Holland, Hendersonville, NC

In a democracy it is imperative to have a free press. This would be a very bad step in the wrong direction for the country that is supposed to have a democracy.

—Gary Babb, Tucson, AZ

In a democracy, information needs to come from different sources and to show different points of view. This is not possible when the same group owns most of the airwaves.

—Caroline Ponceau, Lille,

In a Democracy, no company, corporation, or other individual or group of individuals should own more than 10 stations.

When groups/persons own more than that, they have the ability to have an undue influence on the airwaves. When did it become OK for so many stations to be owned by so few? All citizens should be concerned about this. It leads to corruption and collusion, not clarity and unbiased coverage. Not OK. R. Sheets

—Ruth Sheets, Brookhaven, PA

In accord with the constitution and human decency, free speech must be guaranteed and protected. Right....

—Khaleeq Kaashif, Jacksonville, FL

In addition, I object to the merger because of Donald Trump's close relationship with Russia. Our country's news must be true, free and independent, and Trump has proven over and over again that he does not intend to have true, free and independent news on our communications systems. I also totally object to propaganda channels of any sort being labeled as NEWS channels. (Fox is presently an 'entertainment' channel.) Our country is based on Freedom, and no one should be allowed to interfere with our freedom, even Trump. And, no one should also be allowed to announce false and misleading news as facts. Such a channel as Trump wants should NOT BE REGISTERED AS A NEWS CHANNEL, but rather put into a new category listed as an OPINION channel owned by Donald Trump, etc. (including Fox, NewsMaxTV, One America News), and that they be required to label their channels as such and stream constantly on the television screen that they are OPINION channels, not NEWS channels. Credible news channels should also be required to place a streamer of some sort when they show programs that voice opinions instead of regular news. The difference between these channels would be that the OPINION channels can voice all the opinions they want during their so-called 'news' portions (where they slip in false and derogatory information about someone they don't like) as long as they are registered as OPINION channels and stream the disclaimer on the television screen that they are not news channels. By doing the above, viewers would be able to know immediately what is factual news and what is not.

—Carolyn Stine, ENOLA, PA

In culture and ideas, diversity is critical to a strong and united society of many peoples. Keep America strong this way on the electronic band waves.

—Martin Iseri, Fair Oaks, CA

In diversity there is strength.

—Judy Brody, Washington, DC

In its wisdom, the FCC saw fit to limit the number of media outlets that local television and radio organizations could own. The idea being that no one local network could control the distribution of news and public affairs. It was a lesson learned immediately after World War II. One of the key components of Hitler's Fascist Regime was the takeover of the media. The German people were indoctrinated by Hitler's media, and subsequently, blindly followed the dictates of their Fuhrer. Do not jeopardize a free and open country by allowing this merger. Do not allow any one media outlet to have a monopoly on information. The future of our control rests on this.

—Cyril John Gundling, Scarborough, NH

In my former life in Germany, I worked as a TV journalist for Deutsche Welle TV. Even now after having been granted American citizenship, I am aware of the necessity to keep a free press. One of the requirements to keep it free is to have a structure that is not monopolized or an oligopolized. A merger that would give the Sinclair Broadcast Group a market share of 70% is definitely a move in the wrong direction, making the US populace even more a victim of indoctrination and propaganda than it already is. If you can still stop it, please do!

—Hildegard Nichols, Seattle, WA

In my view, this would be a monopoly. Control of our airways should be diverse as possible to ensure that all are represented.

—Linda Lambert, Ojai, CA

In no way do I support a merger which allows a single group to own over 79% of the country's airwaves. The dumbing down of America by listening to only one set of opinions and perhaps lies. This sounds too much like Nazi Germany or any country who has turned over their freedoms to those who care only about power among themselves. I urge the FCC to not support this in the name of our great country and the freedom it was founded upon.

—Rosemary Smith, Tempe, AZ

In order to have a truly free and democratic society, it is imperative that our press be unrestrained and factual! Any group that subverts our free press is in violation of the constitution and undermines our society.

—Barbara Bernstein, Nanuet, NY

In Seattle Sinclair has already begun their policy of requiring propaganda releases, the station has no option to refuse to air them. We need news, not propaganda & misinformation.

—Kathy Ingram, Tenino, WA

In the early decades of the 20th century the United States took steps to prevent monopolies. We cannot now go back in the wrong direction, especially when it comes to the right of free speech and the importance of accurate information in a well-educated and free society.

—Karin Hemmingsen, Attleboro, MA

In the United States of America, we are a Republic and a Democracy. We should NEVER allow a political party to spread their agenda of deception and anti democracy. We demand you put an end to this corruption and deceitfulness. Country before party!!

—Mya State, Los Angeles, CA

In these dark times under Trump, where ethical, honest and informed journalism can be the difference between an increasingly dangerous Authoritarian society rather than the Democracy I have known, it's vital to pay attention to emerging news outlets like the Sinclair Broadcast Group, as they attempt to ascend the news ladder to saturate and dominate our news airwaves. We have a chance now to stop their efforts, rather than face wringing our hands in future times, wondering how did our free press become dangerously dark and slanted - which would be the scenario if the FCC allowed Sinclair Broadcast Group to merge with Tribune Media Co. Do not sell out our future sources of diverse, responsible news by allowing this.

Kathy M. Small

—Kathy, Oakland, CA

In this time of a rapid erosion of free press and free flow of opinions and ideas, please block the Sinclair-Tribune merger. A government that controls the press is no longer a "free" country.

—Emel Cambel, Barre, VT

In this time of unprecedented national crisis, this issue is crucial and I will do all I can to get out the word to stop this totally inappropriate merger!

—Susan Francis, Lisle DuPage County, IL

Inappropriate concentration.

—Byron Terry, Neenah, WI

Increasingly, local licenses are coming under ownership by fewer and fewer owners. When I was young, local stations had their licenses pulled for failing rather frequently, compared to recent days, for failing to serve local markets rather than consolidating for regional markets. Having lived in the UK, I saw how Independent stations can create quality programming that serves not only their local markets but is syndicated throughout the other markets. Even now we see a similar structure in PBS. We need to foster greater independence of licenses, greater consolidation, which fails the local markets of a diversity of thoughts and opinions. We need a diversity of purchasers, a greater turnover of licenses, to open the diversity that local audiences need to be served by!!!

—Michael Klein, Akron, OH

Independent journalism is essential to our democracy. What are you doing?? Please block this monopolistic and propaganda-prone merger. It is a terrible idea.

—Kaara Kallen, Chicago, IL

Independent media is crucial to the preservation of our democracy. Please don't enable any merger or acquisition that consolidates more than 70% under a single owner. Thank you.

—Howard Carson, Wyndmoor, PA

Independent media is fundamental to our democracy. Do not allow this merger.

—Marcela Zarate, N Miami Beach, FL

Independent media outlets protect our news from one point of view

—Kathleen Streeter, Livermore, CA

Independent news cannot be compromised.

—Ophelia McNeill, Phonix, AZ

Independent news is important.

—Mary K Sykes, Seattle, WA

Independent news outlets are the lifeblood of America's political system. Please block the merger.

—Martin Weinhaus, Bellmore, NY

Information instead of propaganda, that is what's happening here! Wanting to control the information people need to form an opinion or vote concerning what they are told by a propaganda machine, like Fox News!

—Steven Rowley, Tahlequah, OK

Information must be accurate and not controlled by a few to their own benefit.

—Leana Bosley, wylie, TX

insure a diverse set of broadcasters; block monopolies; keep the press free!

—Kevin Leveret, white river jct, VT

Internet needs to remain neutral safe from takeovers by corporations which are interested only in pushing their own agenda.

—Eugenia A. Patterson, Poulsbo, WA

investigate!

—Ben Freedman, Nashua, NH

Is anyone watching the hen house?

—Gregory LaBelle, Minneapolis, MN

is my understanding that this is Exactly what the FCC is supposed to prevent. Seems very dangerous, especially in today's world, & in opposition to a free press & diversity of opinions. Getting too close to a monopoly.

—Carol Bowker, Parker, CO

Is the FCC committed to protecting open freedom in this, ostensibly free country? Or is it more enchanted by Russian style authoritarian propaganda? Americans, if they love their country, will find a way to liberty, in spite of the vermin that have infected the White House.

—Judy Cisney, Denver, CO

Is there an ounce of decency anywhere in the current administration and its enablers? The American people need to hear truth and facts, not more non-stop lies.

—Jeff Higgs, Wilmington, MA

Is there no end to Trump's shameless power grabs???

—William M. Batkay, Upper Montclair, NJ

Is this a conflict of interests if Kushner is involved.

—Karen Clifford, lake ronkonkoma, NY

Is this a Democracy or not? The very thought of having more Fox type broadcasts companies is too disgusting for words.

—Maggie Richards, Pensacola, FL

Is this how Putin does it?

—Dennis/April Clobes, Newburgh, IN

Is this North Korea?? We don't want propaganda being forced on us!

—Lori, Hilliard, OH

Is up to the people so this racists will not get their way.

—Angeles, Moralo, CA

Isn't Fox "News" enough? Hitler and Goebbels propaganda model is alive and well in today's America and obviously spreading

—Roxie Mogilles, Woburn, MA

Isn't it against the law and fairness for a "political " party to own radio stations? I say NO to this blatant takeover of our radio airwaves!

—Lori Melena, Centennial, CO

Isn't this like THE DEFINITION of a monopoly? I STRONGLY oppose this merger!!!!

—Susan Balaban, Wilmette, IL

It can work, as Medicare can work, indefinitely if the highest income citizens chip in their share. Reliable, local, preventive and management care has proven to be the best defense against onerous medical costs down the line. LET'S DO IT!

—Maurie Sacks, Fair Lawn, NJ

It does not make sense that in a democracy that any one company be allowed to monopolize the airwaves. That give too much power to any one company. I am strongly opposed and urge the FCC to block the Sinclair-Tribune merger.

—Andreas Klute, Playa Del Rey, CA

It has already happened at my local station that I've watched for 30 years!

—Elaine Forsythe, MIDDLETOWN, RI

It is a dangerous situation to allow Sinclair and Tribune to merge. It is a threat to having a free press.

—N Refes, NYC, NY

It is a terrible idea to force local channels to push propaganda on the air.

—Todd Applegate, Spring, TX

It is absurd to allow this merger to proceed. No one company, no matter what it's political leaning, should be allowed to control 70% of the airways. This move would clearly be part of establishing a totalitarian state.

—Dr. MJ Koerper, Wrightwood, CA

It is against public interest to allow Sinclay to buy up more communications net works. No one company should be allowed to control such power in and media. Do your job and deny their wish for more control . Public interest will be undermined if you approve. Who do you worke for the Smerican people or the oligarchy who rules from the White House.

—Henry Coleman, Williamsburg, VA

It is alarming in many respects besides its probable dominance of the free flow of information to and from the democratic institutions of our Nation and governance. This major influence already is controlled by a group of political ideologs who wish the deconstruction (read that destruction) of our American Constitutional system and our values.

—Dr William Stephanie & Hamilton, Mayer, AZ

It is already airing with Boris Epstein in my area. My concern isn't that it is conservatice my concern is that they are telling falsehoods in order to advance their politics. Lying isn't conservatice or liberal it's just lying.

—Paul Buehler, Troy, NY

It is criminal that any one company could own 70% of the airwaves in my country. Corporate owned America, is not the America our brave forefathers fought for.

—Jacqueline Feulner, Arvada, CO

It is critical that no single corporate voice has absolute control of 60% or more of our airways! Even 70% is too high & dangerous!

—Lori, Brentwood, CA

It is critical to avoid a media broadcast monopoly, which would silence a diversity of perspectives and put our democracy at risk.

—Lee Heller, Summerland, CA

It is crucial for our country and all of it's entities to uphold free press and diversity as part of a democracy. We cannot allow a media monopoly under any circumstances but especially not now.

—Vicki Fitch, Mukilteo, WA

It is crucial that the media not allow huge mergers that skew political opinion. Our country needs a free press to be a free nation.

—Elizabeth Sledge, New Haven, CT

It is crucial that this merger not take place. Viewers will be fooled.

—Home, Palos Park, IL

It is crucial to maintain diversity of opinion on the air waves.

—Kenneth Christiansen, Jacksonville, FL

It is dangerous to allow a politically motivated group to dominate the airwaves. Just say no.

—Cogbill Sharon, Chicago, IL

It is dangerous to have a broadcasting group insist on political messaging. This is in contrast to a democratic system with a trusted journalistic media.

—Barbara A Snowadzky, Winthrop, ME

It is essential that we keep the press and other sources of news free in this country. No company or government should be able to monopolize the airwaves or the press.

—Virginia Wilkinson, New Haven, CT

It is extremely important to me to have news from a variety of sources. I watch a variety of TV stations including public TV (which is most likely to have a panel including people of opposing viewpoints)

—Elizabeth Smart, Brookfield, IL

It is immoral and unethical both, for a government to allow only a few private news organizations to dominate public discussions of events. Kill and bury this monster as quickly as possible!

—Tom Nordgren, Trinidad, CO

It is imperative that to protect democracy there be a completely free press, and NEVER be allowed to be dominated by a singular media organization. Truth and facts must always be the bottom line, and that is only possible with freedom of the press.

—Shannon Rose, Bend, OR

It is imperative to avoid having one view streaming out to Americans with no choice in changing channels. By keeping multiple Broadcast/Media Groups on the lineup we are able to evade the snare of a one-sided or slanted version as in Turkey, Egypt, and Russia. If we want to hear "talking heads" discussing politics we can go to cable news. We want our WGN, and other channels to be straight reporting of facts about news, sports, and weather without the spin. We had to read "1984" back in high school and do not want to live it.

—Lyndon Lanes, Johnsbury, IL

It is imperative to our democracy that free speech and the technological means to share information remain available to many, and not monopolized or owned by only a few.

—Norman LeClaire, Lewes, DE

It is important for educated citizens to hear and see a variety of news sources on TV and the internet. Parroting the exact report from "headquarters" over the entire network with no analysis permitted is scary.

—Alice Mott, Milwaukee, WI

It is important in a democracy that the press be an impartial voice that reports what is occurring in our government! The President and members of Congress were elected to represent all the people and are accountable to the people. News should be presented in an unbiased way, so that we the people can decide who we want to represent us!

—Sharon Wittern, Clinton, NY

It is important that this merger be blocked because a divergence of opinion and multiplicity of ideas is key to a well-functioning and effective democracy.

—Steve Riege, West Hartford, CT

It is important to have diversity in media and encourage democracy within media.

—Samantha Futhey, Colorado Springs, CO

It is important to keep local media in local hands. Sinclair broadcasting gives their broadcasters scripts to read from - the same scripts all across the country.

—Shari Hirst, Santa Fe, NM

It is important to keep many voices- no one should have a monopoly.

—Mary Homan, Warren, MI

It is important to label a program that is nothing but propaganda as such--Americans are already dumb enough to believe fair tales already. Stop the sale!!!

—Nancy Terry, Ontario, CA

It is important to our democracy that local stations maintain their ability to deliver the news without being forced to show what a corporation wants them to show.

—Nancy Wall, Tucson, AZ

It is incomprehensible that Sinclair be given increased access. Pushing division and hatred is the antithesis of who we are!!! I strongly oppose allowing Sinclair this expansion of their prejudiced views!

—Martha Roberts, Centennial, CO

It is not good for the truth to limit the information and news outlets. Joan and William Hunt 44224

—Joan and William Hunt, Stow, OH

It is not to the benefit of the country to have so many stations in the same hands.

—Janet E Vetter, Staten Island, NY

It is ridiculous and undemocratic that such a merger is even being seriously considered. A huge, diverse democracy needs a large number of diverse news outlets to survive as a democracy,

—Curtis Holgate, Lancaster, PA

It is scary to think of having one media outlet with so much coverage. People will lose the advantage of having access to differing viewpoints.

—Helen Lauritzen, Port Townsend, WA

It is the FCC responsibility to protect our free press and a diversity of opinions. No consolidation.

—L Wages, Boulder, CO

It is the responsibility of the FCC to ensure that we have an independent press serving all markets. Independent of partisanship and corporate agendas and profit motives.

—Dorothy Jo-Ann Munderloh, Baltimore, MD

It is time to stop the consolidation of media in this country. Too few companies already own too much of the spectrum.

—Ruth Mays, CINNAMINSON, NJ

It is time to unite our funds & support MSNBC & other Truthful News Media Out Lets. This means stop paying for services connected to SBC including, radio, retail and etc. Fight back using the tool of Money! First!

—Franklin Woods, North Palm Springs, CA

It is totally UNAMERICAN to allow any company this much control over a market. Have we entirely forgotten what monopoly's have done that is detrimental to our democracy. Block the Sinclair-Tribune merger NOW!

—Allen Taylor, Salem, OR

It is unacceptable and dangerous for fear based distorted news and spreading non factual news!

—Ken Silvestri, Nyack k, NY

It is unconscionable to allow this without giving equal time to the opposition. Freedom of speech is fine, but equal time is necessary!

—Beth enned, Austin, TX

It is unconscionable to let this merger happen. Sinclair is biased and our country demands free press.

—Anne Johnson, Rochester, NY

It is unconstitutional for one media group to control more than half of the nation's air waves.

—EP Sternberg, Shaftsbury, VT

It is unwise to allow this domination of a single media group.

—Carla Felsted, Albuquerque, NM

It is very dangerous for our democracy when a single media group to own over 70% of the country's airwaves. I therefor very much oppose this merger. do not support this merger, which would allow a single media group to own over 70% of the country's airwaves.

—Geertruida R. Oberman, TUCSON, AZ

It is very frightening that Sinclair Broadcast Group, the mouthpiece for Trump's "good media". Do not allow that merger; it would destroy freedom of the press.

—Diane Kopan, chicago, IL

It is very important that this be stopped in its tracks.

—Kim Spector, Seattle, WA

It is very important to our democracy to prevent any one entity or group from owning or controlling the majority of our airwaves/internet.

—Marcye Philbrook, Kittery, ME

It is very upsetting that our media is becoming more able to be one-sided in presenting the "news." The FCC should not have reinstated the UHF discount that allows the merger of Sinclair Broadcast Group with Tribune Media. Please block this merger! And please reinstate policies that do not allow this to happen!

—Margaret Frysinger, Warriors Mark, PA

It is vital to our democracy that we not allow our methods of communication to become too concentrated.

—Janet L. Flowers, Hillsborough, NC

It is wrong and downright dangerous to allow consolidation of news! That is what dictators such as Hitler, Stalin and Castro did. We deserve an independent press, not one controlled by whoever is president at the time.

—Vincent A Lipert, Summerfield, FL

It is wrong for one company to own that much of the country's media, no matter what their message.

—Carol Adams, Glen Burnie, MD

It is wrong to allow one company so many of the nation's stations. Obama's rule should be kept in tact and not compromised.

—Rita Sullivan, Columbia, NJ

It seems all the lessons learned after WWII are going down the drain! Gestapo news organizations are not what freedom of speech is about or what the U.S. is supposed to be about. Putin would be proud of this consolidation move since it would allow him to gain more than the 200 billion he is worth now!

—Leon Houston II, Bulverde, TX

It sets a president to allow a single news group to control 70% of the American airways.

—Nancy L. Burbeck, Chicopee, MA

It should be a crime to allow a media conglomerate and I am really sick of Fox News being able to be called a news station, it should be called Fox Entertainment, as it is in Europe.

—Linda Gillaspay, Reno, NV

IT SHOULD BE A DIRECT ASSAULT ON THE SHERMAN ANTI TRUST LEGISLATION THAT 70% OF AN ENTITY SERVICING THE PEOPLE IS ILLEGAL.

—George V. Hill Jr, Sicklerville, NJ

It should be covered by antitrust laws if it's over 51%. The US needs to support anti trust laws to all companies

—Phil Mikkelson, Tacoma, WA

It should be illegal for one company to have 70% OF THE AIRWAVES...

—Martha, rensselaer, NY

It will all be fake news if Trump gets his way.

—Edward Kilcullen, New York, NY

It will be very easy to give up TV if this happens. The FCC has got to take a stand. FOX has destroyed families. We do not need more crap broadcasting.

—Donna Allan, El Paso, TX

It will not longer be news but propaganda....similar to Russian news.

—Jan Weber, St Paul, MN

It will stifle competition, not to mention create a monopoly.

—W McGrath, Burlington, VT

It would amount to state-run TV.

—Kathleen Westlund, Angel Fire, NM

It would be all propaganda please stop it

—Janice stclair, Northville, MI

It would be hideous for one company to control over 70% of our airwaves.

—Terelle Terry, Sacramento, CA

It would be nice to have a president rather than a dictator.

—Barbara Race, Green Bay, WI

It would be very destructive to give Trump the ability to Grandstand via his own media company. He does enough damage via Twitter!

—Heather Connaughton, Aptos, CA

It's a shameful tactic meant to scare and brainwash.

—Carrie Gallagher, Burke, VA

It's already happening here in Seattle! They are getting ready to take another station. This must be blocked!

—Karen Koster, Seattle, WA

It's also time to bring back the Fairness Doctrine requiring broadcasters to provide equal time for various viewpoints.

—Bonny Becker, SEATTLE, WA

it's an assault on our free press. we are not venezuela. not the philippines. we are the united states of america not trumplandia.

—Catherine Lee, wimberley, TX

It's bad enough already, when even ``NOVA has to depend upon the Koch "fund for science"

—Albert Rogers, Arlington County, VA

It's bad enough that this miscreant is President. Don't Trump television to push his propaganda

—Marlowe Banister, Philadelphia, PA

It's bad enough that Trump is our freakin' president. Let him take over media and we are done as a nation.

—Michele Fricke, Kansas City, MO

It's bad enough we have to see that retarded Nazi's exploits on the daily news....BUT NOW THIS?

—David P. Dougherty, New Britain, CT

It's better for democracy to keep media control dispersed. Please protect all of us through regulating and preventing mergers.

—David Rupert, Salem, MA

It's called brain washing! It can't stand!

—Leone Gentner, The Villages, FL

it's called Freedom of ... the Press, not freedom to own the press. The monster you help create will bite you too eventually.

—John & Linda Platt, Chicago, IL

It's called freedom of speech and of the press!

—Mary Orr, Atlanta, GA

It's easy enough to change channels should this happen. Advertisers wouldn't like it when hundreds of thousands Join me.

—Victor A Hurtowy, Morton Grove, IL

It's essential for our democracy that the FCC do everything it can to prevent mergers like this one that would give overriding control of our airwaves to one company.

—Phyllis Harmon, Strafford, VT

It's fearmongering!

—Pat Peck, Keosauqua, IA

It's hard to believe the FCC would even consider allowing Sinclair to become the owner of the airwaves. Whatever happened to the idea that a democratic government is supposed to exist for the good of the it's citizens.

—Madeline Edwards, Warren, PA

It's imperative that we retain access to unfiltered information and true facts.

—Dorothy Mehler, Riehen, NY

It's not "freedom of the press" if one entity owns everything, or nearly everything!

—Kathleen Anderson, Colfax, CA

It's profoundly important to prevent this kind of media consolidation over many markets, and/or in a single market.

—Susan Bianconi, New Haven, CT

It's time the FCC commits to its mandate, and part of it is to protect free speech--which is NOT the right of billionaires to propagandize the American public.

—Lisa Hakonson, Lakewood, CO

It's unconstitutional, an infringement of the 1st Amendment.

—John Neville, Sedona, AZ

It's unreasonable for one company to hold a monopoly on the airwaves. In the interest of the American people, do not allow Sinclair Broadcast Group to merge with Tribune Media, Co.

—Angela Wolf, Middletown, CT

It's wrong!!!

—Craig, Tucson, AZ

I'm Richard Berg, the author of "The Greater Universal System." I advocate for the inhabitants of Earth that have been denied their rights, and for prosecuting judicial, political, military, corporate, pentagon, banking, law, and media criminals!

—Richard Berg, Valley City, ND

Jared is doing the same his father-in-law Donald Trump, in the White House for himself and not for the American people.

This is a blatant act of conflict of interest. He doesn't get paid but makes up his money by using his political power to take advantage for his financial interest.

—Michael Adame, Conroe, TX

John Oliver explained this in common language easy to understand!

—Kaarina Powers, Macon, GA

John Oliver's commentary on Last Week Tonight should be viewed by anyone not aware of the danger of this move.

—Jennifer Anthony-bogue, New Preston, CT

Journalism...not opinion or spin or LIES.

—Lois Langham, Honolulu, HI

Journalists need to be free to report on the news without a predetermined viewpoint.

—Bettyann Johnsen, Castleton, NY

Just another ploy by Trump to extend his tiny hands on our local media so he can produce more of his "fake news"

—Michael F. Marach, Minocqua, WI

Just another step in control over information to America...monopoly!

—Pam Flohr, Carmichael, CA

Just because our weak-minded president cannot handle the truth does not mean the rest of us should suffer.

—Connie Pratt, Chico, CA

Just here to remind you that the FCC's duties include promoting competition in the cable/radio and internet industries and not allowing any company a monopoly over the spectrum or broadband transmission/broadcasting rights that technically belong to us all. That was my run-on sentence, thank you for your time.

—Benjamin Reynolds, Lacey, WA

—Christina Cahill, Sacramento, CA

Please do the job you were hired to do, and prevent this large media company from having too much influence in every market.

—Beth Walsh, Carlsbad, CA

LOCAL NEWS IS NEEDED!

—Kathy Fish, West Bend, WI

Local news is not the place for slanted news coverage. Sinclair Group requires its local stations to air op-eds from corporate spokespeople as well as requiring airing slanted items produced by their corporate office. Media concentration might be good for profits, but it is bad for democracy. One of the formal duties of the FCC is precisely to fight this kind of media concentration.

—Dr. Bruce Campbell, Williamsburg, VA

Media concentration when the same news is required to be broadcast across the entire network is a dangerous thing. Only if complete editorial control is given to each station should a merger be allowed. This would ensure a diversity of viewpoints.

—Tom Hartjes, Verona, WI

Media monopoly is never a good thing for democracy.

—Barbara, Coatesville, PA

Media Monopoly. This concept is the root of an anti-American Society. The limiting of broadcasting ownership protects two essential tenants of our free society. 1. The free market. 2. Freedom of the press. Only those seeking to control and limit the flow of information would advocate for rolling back broadcast ownership regulations. It is the sole purpose of the government and institutions like the FCC to protect the country and its citizens from any individuals attempting to consolidate power away from The People. The flow of information, competition in the marketplace and freedom of the press is a power of The People. Please protect America, please protect our freedoms.

Neither would I have supported a significant merger with Obama ties.

—Lorraine Marie, Colville, WA

Neither Trump or anyone associated with his racist & hatefilled agenda should be allowed to hold a monopoly on certain sectors of the media.

—Robbin Stichweh, Dayton, OH

Net and media neutrality are essential to our democracy. Neither should be up for sale or available in exchange for personal favors.

—Dianne Marshall, Grass Valley, CA

Net Neutrality

—Nancy Levine, Woodacre, CA

Never in my experience has truth and critical reporting been so under attack by corporate interests and by a government that wants to divide us with messages of hate and fear. This crafted messaging being delivered as news can not be left unchecked and allowing any media group to own so much of the news networks as this merger would allow should absolutely be blocked by the FCC.

—Richard House, Hamden, CT

Never that ia a dictatorship. !!!!!!!!!!!

—Faye o'Shea, No, FL

News and programming should be objective and fair. It should not be used to promote any political party, ethnic group or religion. I'm afraid the current trends serve to violate that principle.

—Grace Clavey, Middletown, NY

News broadcasters must present the news factually, fairly and unbiased. Too many so called "news" outlets are nothing more then Tabloids concocting stories disguised as news or skewing the information to benefit their agendas. This is a very dangerous practice. It's important that the FCC do all it can to protect the public from such deceiving practices or our democracy and society as a whole could be seriously compromised. It is also extremely important that the FCC not allow any one News or Media Company to monopolize. That is anti Constitutional and diminishes the opportunity for diverse opinions or fair, factual and unbiased reporting.

—Beth Kraft, Encino, CA

News coverage by any media group or medium should be held to the highest standards of truth telling and sharing of facts. Opinion and propaganda should have to be identified by disclaimers to avoid confusing and misleading the public audience. The end user of information should be in a position to trust that information is researched, factual, can be fact checked, or clearly states it is bias and who it represents. There may be no greater danger to the American idea of democracy than permitting public/political persons/agencies the unchecked means to spread their personnal flavor of lies.

—Roger Hammond, River Falls, WI

News coverage is not controlled by one group. Commentary and analysis of the day's news stories is at the heart of television news programing and must be protected. The FCC must protect by blocking this merger and so protecting free press and opinion diversity. This merger is MADNESS, INSANITY AND OUTRIGHT CRIMINAL

—Stephen F. Vasas, Maple Heights, OH

News dominated by a single voice ceases to be a free press, but becomes a propaganda machine. This is how a democracy is lost.

—Ronald Goldman, Los Angeles, CA

News for the public is not to be run by government or government officials!

—Hollie Eastman, Spokane, WA

News media is no place for a monopoly.

—Anthony Byrne, Wheaton, IL

news media should be a free enterprise not controlled by partisan agendas-it should be without lies

—Jorine E Stone, Poland, OH

News media should not be propaganda, especially local media. Sinclair Media has many dirty tactics to push an agenda without transparency. They should be allowed to have a monopoly of our local networks.

—Mandy Blumreich, Longmont, CO

News monopllys destroy Democracies. Don't allow it.

—John Schwartz, Richford, NY

News monopolies are bad news for America.

—Brian Heike, Navarre, FL

—Lara Newton, Denver, CO

News needs to be factual. Absolutely no state run media.

—Andrea, Nampa, ID

News needs to be truthful and not lies to serve Trump's agenda.

—Gail Cothes, Capitoka, CA

News reports and journalists are supposed to be objective. Walter Cronkite must be rolling over in his grave, embarrassed to see what has happened to the industry he loved and supported.

—Maria Hamilton, Andover, MA

News should be differentiated from opinion. Putting biased stories into a newscast is misleading, to say the least! Don't allow this takeover to proceed.

—Elisabeth Peterson, Wayzata, MN

News should be neutral when it comes to politics.

—Karen Printz, El Centro, CA

News should be news, not opinion! Free press, please!

—Venus Villamagna, Scottsdale, AZ

News should be news, not political propaganda. Furthermore, we need to break up these media monopolies NOW!!

—Linda Franzman, Santa Rosa, CA

News should be non-biased. Allowing biased media companies to dominate the airwaves is dangerous and demonstrates a failure to regulate. Please do not allow the merger of the Sinclair Broadcast Group with Tribune Media Company.

—Brenda Rion, Blacksone, VA

News should be unbiased and straight to the truth!

—Lauren Kerekes, Butler, PA

News should not be dictated by any person. Facts need to be presented to allow the viewer to make his own decision. We don't want state run tv in the USA.

—Gail Totten, St. Albans, WV

News should not be propaganda. PROPAGANDA OR FAKE NEWS IS NEWS !

—Judith Jane Zetting, Brown Deer, WI

News without the bias, please.

—Nancy Marshall, Syracuse, NY

Newspapers are no longer the major news source for most Americans; it is television. If the FCC allows one company to dominate and control this media a free press is lost. Sinclair presently owns too much of this media and allowing Sinclair more markets continues to destroy a vital element of our democracy.

—Kathy Feingold, Inverness, IL

No broadcast group should own this amount of airwaves/media. We need diverse views. Allowing Sinclair Broadcast Group to own so many stations/media across the country will limit independent news. Please do not allow this to happen.

—Cheryl Bourguignon, Missoula, MT

NO company or Corp or individual should have more than 15% control of broadcasting of any broadcasting medium in any significant market in a free market economy. Monopoly is not an option in a free market let alone our country where we cherish freedom of information and the press!!!

—Leo Navin, Bowling Green, OH

No company should be allowed to force masses to right or left wing propaganda. That's the reason we have FCC so that this never happens!

—Jamie Thompson, Connelly Springs, NC

No company should be allowed to have a near monopoly on news sources. Citizens should be able to choose their news source.

—Paulette Bliss, Saint Louis, MO

No company should be granted almost a monopoly on the news. This is especially true for political persons. A free independent press (media) is vital to our democracy. That is why our founding fathers embedded it in the Constitution. DO NOT let Trump and his ilk have access to an expanded propaganda source such as Sinclair.

—Martha Lewallen, South Bend, IN

No company should control this much of ANY 1 medium. This is like government sponsored propaganda with no independent unbiased news source.

—Katharine Corinne Green, Monument, CO

—Kenneth Proctor, Decatur, GA

No company should own 70% of the country's airwaves - to do so invites abuse and loss of 1st Amendment rights.

—Christopher Pasquarette, Columbia Heights, MN

No company should own 70% of this country's broadcasting spectrum let alone have political influence over the local news broadcast with its racist targeted "must-run" new stories. The Sinclair Group pushes a racist, bigoted agenda on unsuspecting viewers and has a blatant history of Islamophobia. The FCC should block this Sinclair-Tribune merger without question.

—Kyle Lloyd, Wallingford, PA

No company should own such a huge portion of the American media.

—Anna Kisluk, New York, NY

No media company, regardless of anyone's political or social views should be allowed to own as large a percentage of stations as the Sinclair Broadcast Group's proposed merger would create. Ownership of so many media outlets stifles free speech and diversity of views.

No one company should own the air wave if they did we would be more Russia and communist then Russia

—Cindy Quinn, New River, AZ

No one company should own the majority of our media.

No one corporation should have the right to own one-third of U.S. television stations. It stifles competition and does not provide consumers with an adequate choice. Stop allowing mergers and take-overs that ultimately harm consumers.

—Joseph Stitcher, Santa Monica, CA

No one group or company should own the majority of the TV news in this country. That is not Free Press. I believe in the First Amendment. So should you.

—Nancy Hill, New Haven, KY

No one in our government would stand for letting an ultra left outfit dominate our airwaves with messages that were anti business, military or Christian. You will pay dearly politically and socially if you allow this ragtag group of racists to own our TV stations. We will call for severe boycotts of all stations owned by this company if you allow this merger. Monopolies are illegal and especially so when they are pulled off by today's modern Hitler Nazi army.

—Reginald Deal, Beaumont, TX

No one likes to be force fed anything....

—Charlene Conrad, Auburn, WA

No one media company should dominate the market for news in the United States. We have become a great nation because we can access different points of view. Sinclair should not be permitted to merge with Tribune Media Co. because that would permit one point of view to dominate most of local news. Sinclair does not permit its local stations to have autonomy. Do not allow this to happen. Thank you.

No one should be allowed to own broadcast media that reaches into 70% of US homes, especially when that company mandates the stations air propaganda pieces. —Ester Deel, Oakland, CA

No single media company, especially one with such an obvious political agenda, should ever be allowed to own any significant percentage of access to the American public through airspace, the internet, print, or any media that is considered public and regulated.

—James Lloyd Davis, Cuyahoga Falls, OH

No single media group should own anything close to the proposed reinstatement of the UHF discount that would allow Sinclair Broadcast Group to merge with Tribune Media, Co. to own over 70% of our county's airwaves. Freedom of the press is jeopardized, and the very nature of Broadcast impacts would be altered beyond reason...unless you are Sinclair! This is a move in the wrong direction. Competition is eliminated and options for our citizens are severely reduced. We can and must do better than this. The FCC owes the public more, than such a narrow option on their information.

—Mike Tenenbaum, Kalamazoo, MI

No single media group should be allowed to own over 70% of our nation's television and radio stations. This monopolization would tend to restrict and limit diverse viewpoints and, in doing so, damage one of the foundations of our democracy, a free press.

NO to trump tv!!! The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you!

Not a single political person should be involved; if so should be fired from position. The percentages of ownership across should be no more than 50% ... 70% is too high ... and must keep themselves non-partisan politically. Decisions should be diverse politically as in economically/race....

—A Jaime, Scottsdale, AZ

Not all regulations are bad. The rules and regulations prohibiting media monopolies are vital for a democracy and too important to discard. We don't want to end up with something like a state run media like say, Russia for example .

Not only does this merger exceed the maximum size that one broadcasting group should control, Sinclair is notorious for, the amount of central control they exercise over LOCAL broadcasting - see, eg, John Oliver segment. This must be disallowed!

—Subha narasimhan, New York, NY

Not only is the merger itself concerning, but the fact that SBG's stated plans are extremely partisan, to the point of propagandism, is even more so. This is not the type of plan that should be encouraged.

—Stephanie, McDonald, PA

Not only is this airing of a one-sided view point, as in the rants of Boris Epshtegn on the Sinclair stations, shameful, it's unethical journalism. Please hold the Sinclair holdings accountable and if they do not subscribe to the higher standards of American journalism, pull their license. Thank you, Linda Hartman

—Linda Hartman, Yakima, WA

Not only is this airing of a one-sided view point, as in the rants of Boris Epshtegn on the Sinclair stations, shameful, it's unethical journalism. Please hold the Sinclair holdings accountable and if they do not subscribe to the higher standards of American journalism, pull their license. Thank you, Linda Hartman

—Linda Hartman, Yakima, WA

Not only would the Sinclair-Tribune merger be a gross violation of anti-trust laws, but it would undeniably lead to local news stations inserting a biased agenda into their broadcasts. Local news is no place for political posturing and bias. Please do not allow for one company to control 70% of the media market, and do not allow political bias to penetrate our local newscasts. Thank you.

—Jordin Hajek, Westfield, IN

Not right to cram down our throats more lies

—Melissa, New Martinsville, WV

Nothing like a monopoly to ensure the smooth working of Paul Ayn Rand Ryan's free market, right? WRONG.

—Keith B Wilson, Wendell, MN

Now is not the time to loosen restrictions on big broadcast companies. Instead of allowing a more objective, partial news this move will create a cookie cutter approach based on the whims of whomever is in charge of the big corporation. Please stop this merger.

—Cheryl Singley, Provo, UT

Now is the time to just say NO.

—Michael Moeglin, Lincoln, NE

Now more than ever, we need multiple diverse voices in the media, fact-checking stations, journalists committed to the truth. It is dangerous to let any one company control the majority of the news - and especially one with dangerous ties to proven liars and propagandists in the White House. As a matter of our country's safety, security, and democracy, do not allow the Sinclair-Tribune merger.

—Stephanie Crowley, Redwood City, CA

Now this is fake news if it is permitted !

—Edmund Skowronski, Stroudsburg, PA

Now THIS is scary!! Sinclair needs to be stopped, and you're the ones to do it. Thank you!

—Tim Hay, Bellevue, WA

Now, more than ever we need to maintain diverse and independent media so that we can hold on to our democracy. There is a lot resting in the hands of the FCC and it is crucial that you make decisions based on the good of the American Public.

—Kyle Rolnick, Lorane, OR

Obviously, the Trump dynasty is trying to dominate the media--typical of a dictatorship !

—Nancy Fannin, Heath, OH

Of course the more media we have, the more chance to see differing viewpoints. But if Trump controlled much of the media, all we'd hear is the "TrumpTruth" he tweets out of his behind every morning.

—Julia A Baisch, Fresno, CA

On the road to a dictatorship and we need to stop this NOW!

—Sheila Robbins, Boise, ID

Once allowed, we will definitely not be adequately informed. This is the beginning of dictatorship....all the news that's fit for print: AS LONG AS IT SUITS THE OPINIONS OF THE OWNER...

—Judith Smith, WARREN, NJ

Once it's done , it's done, and it's one more thing this regime has taken away from the public. He will not let go of it ever.

This is not democracy, this is a dictatorship who want only what he and his cohorts put out to the public. It's not right, and you should no this. Please don't let this happen...it goes against all that stands holy in this country...and the Constitution.

—Janet Seeley, Seattle, WA

Once upon a time America realized monopolies hurt the nation. We need to re-learn that lesson and block mergers between giant corporations.

—Meryle A. Korn, Bellingham, WA

Once upon a time our government had the good sense to be opposed to monopolies. What happened to that?

—Louis C Harris Jr, Cherry Hill, NJ

Once upon a time there were anti trust laws that were enforced. No single media was allowed to own 35% much less 70%.

—Dawna Peterson, Oxford, OH

One broadcast company should not own 70% of the country's airwaves. This could eliminate a variety of views and opinions which would take away the freedom of the press which is guaranteed in the Constitution.

—Ingrid Nishimoto, Ninole, HI

One channel should not control that much media. We must preserve freedom of choice & varied outlets for news & entertainment. PLEASE ACT!

—Sarah Van Sicklen, Austin, TX

one company or organization should not be permitted to control the media - we are supposed to live in a free world!

—Christine McGillen, Berlin, MD

One company should not be dominating the airwaves.

—Kerri Skrudland, Springfield, IL

One company should not own media in so many locations across the USA. A monopoly such as this adversely impacts free speech and independent journalism. Do not permit this! It clearly un-American!

—Carole Davenport, Elk Grove Village, IL

One company shouldn't own 70%!

—Natasha Rohlifing, St. Louis, MO

One company--no matter whose voice--should not be allowed to control over 70% of the country's airwaves! This would be so dangerous! The FCC must maintain a free press!!! A free press is essential to a healthy democracy!

—Gillian Hauptman, Fanwood, NJ

One group or person controlling what is put out amounts to a dictatorship. We need opposing views in order to make a sane decision. We need to be able to research different forms of information as individuals and gain the perspective of different opinions.

—Pamela Taylor, Dunn, NC

One group should not be given this much coverage.

—Brenda Sherrill, Atlanta, GA

One key element of a successful democracy is an independent press. I oppose the sale of a news company to a Trump related company, thus reducing the number of independent news organizations.

—Renee, Inverness, IL

One media group owning 70% of the airwaves constitutes a monopoly and limit a free press, the cornerstone of our Constitution.

—Janette Strzalka, Chicago, IL

One media group owning over 70% of the country's airwave is un-American!

—JF Guider, Naperville, IL

One more disgusting, and criminal attack on our Democracy.

—Julianna Elias, San Rafael, CA

One more example of corporate takeover.

—James Chalfant, Rockport, ME

One of our core beliefs, as Americans, is our right to a free press, not diminished by single opinion.

—Patricia Ann Pedersen, Seattle, WA

One of the most important freedoms we have in this country is freedom of the press, including broadcast news. Mergers such as Sinclair with Tribune will allow too much power and ability to sway news reports to a specific agenda. This will damage our already fragile democracy, and should never be allowed. It is imperative that the FCC block this merger and fully support policies that ensure a free press and diverse opinions. Thank you.

—Carol Rueber, Traer, IA

One of the pillars of democracy is a free press! Do not allow a Trump takeover of television!

—Carmen Fittro, St Pete Beach, FL

One of the pillars of our precious democracy is freedom of the press. Inherent in this freedom is diversity of the press. This proposed merger would be a blow to our constitution and our democracy. It MUST NOT BE APPROVED.

—Barbara, Spokane, WA

One of Your main jobs is to prevent a broadcaster from becoming a monopoly. Do your job!

—Greg Murphy, Erial, NJ

One propaganda network is enough. Do not add Sinclair.

—Ronald Drahos, Bloomington, IN

One small step away from government sponsored news designed to limit critical thinking among the general population.

—Jennifer Anthony-bogue, New Preston, CT

One station to rule them all, Comrade.

—M C Kubiak, BMI, IL

Only autocratic and dictatorial societies impose this type of control on its citizens. I hope we are not there yet!

—Carol Joseph, West Orange, NJ

**ONLY AUTOCRATIC COUNTRIES WITH DANGEROUS DICTATORS SEIZE CONTROL OF THE FREE PRESS! STOP TRUMP AND SINCLAIR NOW!!!**

—Lorna Marie O'Connell, NORTH PALM BEACH, FL

Only DICTATORS try to force their PROPAGANDA down the throats of the public. THIS IS UNAMERICAN!!!!!!

—Deanne Daniell, Rome, GA

Only if we want the end of democracy in the USA, should such a thing happen to give the shame of the current president any more voice to destruct our country.

—Barbara Joachim, castroville, CA

Only YOU can prevent fascism.

—Dawn Scheyhing, Auburn, CA

Open access to all opinions is at the heart of our democracy and central to the purpose of the FCC.

—Mary Gallagher, Kerhonkson, NY

open opinions =democracy

—Margaret Goff, Novato, CA

Our (including your) freedom depends on a non-brainwashed society.

—Marlen Beach, Kansas City, MO

Our airwaves are meant to disseminate all views and opinions - not dominated by 1 richly funded voice.

—Adelle Drawbaugh, renton, WA

Our airwaves must not become mere tools of propaganda!

—Alison Hale, Tacoma, WA

Our airwaves should not be concentrated in a small number of owners. I am opppsed to this merger.

—Suzanne Kranz, Fort Lauderdale, FL

Our citizens deserve and demand a balanced system for information. This merger clearly threatens that one voice will be able to use the airwaves for political and financial gain in a manner that does not encourage truth and fair play. We have seen enough damage with the lack of integrity that has spread throughout our nation. This will lead to more conflicts and resentment from citizens. I strongly oppose this merger.

—Kim Watson, auburn, ME

Our constitution guarantees freedom of the press. As people of the US we demand the right of choice & unbiased news reporting

—Carol McCullen, Wilson, NC

Our Constitution guarantees Freedom of the Press. Such a huge conglomerate would seriously threaten that Freedom, especially if they become controlled by a so-called President who believes that any news that reports anything negative about his egocentric self is automatically "fake news."

—Ronald Lemmert, Peekskill, NY

Our country is a Democracy, not a dictatorship. One company can not hold everything. Several companies hold the same kind of service. Do not change one thing to benefit one company, it has to benefit all companies.

—Pamela Goodman, Muskegon, MI

Our country is about freedom and diversity. That goes for media too!

—Diane Shaw, Baltimore, MD

Our country is becoming like a third world country where lies and propaganda rule. Please help us God!

—Paula, Santa Rosa, CA

Our country is dependent on a free and competitive press.

—Steve Kuehner, AUSTIN, TX

Our country is going backwards and the media plays a large part in that. One more merger is not in the best interests of fair journalism. Please block this merger. We need a free press and a diversity of opinions.

—Carol Ring, Schererville, IN

Our country is urgently in need of different ideas and opinions.

—Stephanie Schultz, Upper Saddle River, NJ

Our country needs free press and not a merger of companies that promote a monopoly of what news is reported and how that news is reported. Promote freedom of opinions and block the Sinclair Tribune merger. Our country's future depends on you!

—Patricia Myers, Keizer, OR

Our country prides itself on a free market and you can't have that when there is a monopoly (and 70% will drive the others out of business). I'm sure one group would love to control our media - just like communistic countries. We cannot have these types of mergers.

—Ann Harlan, Matthews, NC

Our country thrives on competition—not monopolies. It is imperative that a working democracy have a free press and that people are exposed to a variety of ideas. NO MERGER!!

—Theresa Brands, Colorado Springs, CO

Our country was built not on "First Amendment" rights, but on the belief that different views should have a guaranteed right to equal opportunity and consideration. Your new approach violates this principle.

—Paul Merrel, Charlottesville, VA

Our country was built on the ideals that have made us a beacon of freedom. Since Trump and his associates have been in power it feels as if they believe that they are the King and his court in charge of his servants. I am ashamed to say that this man and his minions are in charge of what was our democracy!

—Mrs. Catherine Solomon, Port Huron, MI

Our country was founded on freedom of press. Freedom of information and freedom from lies!!

—Dianne Longwell, Montgomery, TX

Our democracy abhors media monopolies, which are a danger to our democracy. Please do not allow this dangerous monopoly.

—Joseph Shuffield, Austin, TX

Our democracy depends on a free press now more than ever. Diversity is one cornerstone of a free press. It is absolutely necessary that no one single entity control even 50% of our airwaves. Seventy percent control is an abomination.

—Diane Thue-Vasquez, Oak Harbor, WA

Our democracy depends on a free press that presents different viewpoints. It is not acceptable for the FCC to undermine the principles on which this nation was founded.

—Darlene Norwood, Fairfield, CA

—Laura Doty, Santa Rosa, CA

Our democracy is at stake. We need multiple sources of news and ideally sources which air neutral viewpoints!!!

—Elizabeth Bjorkman, Lexington, MA

Our democracy is being strained by the flood of deliberate lies across the air waves. We must take a stand to protect our free and diverse press by preventing monopolies that can limit the dissemination of open discourse and thought.

—Kathy Jim Kelly and Wright, Nellysford, VA

Our democracy is critically weakened when our media are controlled by a few powerful corporations, especially ones that use the media to promote their viewpoint and to silence diverse opinions. I am afraid Sinclair Broadcast Group will do that. Please protect the airwaves from this kind of monopoly.

—Mary Goodkind, Asheville, NC

Our democracy is tainted when propaganda becomes normalized in our media. A gulf is being created between those receiving their information on television and online. Both with flaws. Sinclair is the absolute last entity that should be involved in shaping our discourse.

—Nathan bertelsen, Las cruces, NM

Our democracy relies on a free press. We are already confronted with far too many attacks on our free press.

—Joe Lendvai, Brooklin, ME

Our democracy thrives on diversity.

—Linda Minshall, Derby, KS

Our democracy will be threatened by a monopoly of broadcast ownership. Different outlets with multiple views and reporting styles is important for individuals to seek the truth.

—Betty McIntee, Louisville, KY

Our economy and our political systems have thrived on diversity. Concentration of power in the media undermines free discourse among competing views and enhances the prospect that we will be informed by propaganda based of falsities rather instead of by rigorously tested facts.

—Alvin Goldman, Denver, CO

our family does not think this is a good idea. We thought there was a law against this monopoly, anti-trust laws and FCC regulations that could not be broken for POTUS or until Congress changes the law. Were we wrong?

—Zoe Ann Gereighty BSN, RN, Metairie, LA

Our first Amendment is Freedom of Speech therefore we need freedom of press

—Maritza Solis, Queens, NY

Our free press cannot be manipulated by one political party or branch of the government. This is a strong basis of our democracy. MONEY cannot rule.

—Dorothy m schwendinger, Dubuque, IA

Our free press faces daily attacks from this White House and Cabinet. Free press is a constitutional right and the first target of dictatorships. Don't let this happen.

—Ria Tanz Kubota, El Sobrante, CA

Our free press is essential! Don't do anything to jeopardize it.

—Renee Comeau, Dover, NH

Our freedom's are in jeopardy !

—Katherine Monte, Newark, CA

Our government's attack on the First Amendment is scary. So is state-run TV. Who knew this would come to pass in America?

—Miranda Bly, Livingston, MT

Our local CBS/Fox station is owned by Sinclair and airs the ridiculous "Terror Report" and other fear mongering propaganda. This should not be on local news which is a source many Americans trust.

—K Cameron, Cedar Rapids, IA

Our local stations and news papers should be separate.

—Carolyn Brock, Onalaska, WA

Our main TV station will be taken over and the talk is they will go down the tubes because their owner will only accept doctored news that says Trump is faultless and can do no harm and should rule the world. - this is illegal and immoral

—Ann C McGill, Brunswick, OH

Our media are already too concentrated. Support free speech and diversity of views by blocking this acquisition!

—Amy taliaferro, Baltimore, MD

Our media reporting is repetitive enough already. Do not allow more consolidation.

—Betty Ramsey, Las Vegas, NV

Our nation needs a free press and no monopolies in the media.

—Karen Coffey, Westwood, MA

Our nation needs media that is not controlld by one or a few it need to have airways that report more points of view.

Especially today when many listen or watch rather than read news. So they are already getting less for they can condence what would be a full page newspaper story into maybe a minute if we are very lucky so much is left out by design or by lack of time but one company should never control over 70% of broadcasting.

—Elizabeth Wilson, Neosho, MO

Our news sources should be free of bias. An entity such as Sinclair which is only adding stations to spread biased information should be prevented at all costs.

—Elizabeth Romfh, North Palm Beach, FL

Our only local paper is Trib Media....this is true for many neighborhoods in our area. It is already a problem in that it maintains a strong conservative slant, but at least it has not been guilty of fake news. If this takeover goes through, we will not be subscribing to the paper.

—Marcia Godich, Trafford, PA

Our own local CBS station in the Hartford, CT area - Channel 3 - is in danger of becoming an ideological tool. Please don't allow this!!!

Outrageous and not in the best interest or higher good of American citizens.

—Valerie Taylor-Crow, Eagle Point, OR

Outrageous media control! The Reussians must be applauding.

—Melody Alexander, Coatesville, PA

Outrageous that the FCC might allow the further concentration of already weakened national diversity of the news media.

—Jay Levy, Takoma Park, MD

Outrageous! We are threatened with limiting access with open press and allowing hate mongering to expand! Crazy!

—Teresa Attwood, Rocklin, CA

Outrageous. Economists and their forerunners have inveighed against "the evils of monopoly" since a century before Adam Smith, well over four centuries ago. There are still a few honest economists, and they still do. It was not until the middle of the 20th century that my discipline became effectively a wholly owned subsidiary of "Global Megacorp," which had its origins decades before anyone thought of that phrase.

—PhD (Economics) Scott A. Weir, Durham, NC

Over 70% is too much. Over 50% is too much.

—David Parker, Sherman Oaks, CA

Owners do influence content. Diversity of opinions are very important if we are to maintain a democratic government. Please prevent the merger of Sinclair Broadcast Group and Tribune Media Co..

—Fred Welty, Chardon, OH

Ownership of so much of TV by a single entity is a danger to democracy. I urge you to prevent us from becoming like Russia and having only propaganda thrust at us through the news outlets.

—Vicki Thomas, Bellingham, WA

Ownership of the media must be diverse for democracy to work.

—Ronald, Denver, CO

Owning 70% of the airwaves will put our media in jeopardy of limiting the range of information/opinions that we receive from our news outlets. We need a free and diverse press, especially when Trump is doing everything he can to discredit legitimate news sources.

—Martha L Ellison, Barbourville, KY

Owning over 70% of any single industry is clearly a monopoly. Please honor our country's historic dedication to anti-monopoly rules, policies, and laws.

—C Cramer, Billings, MT

Owning up to 70% of airways is even too much!

—Amelia Kroeger, Bloomington, MN

Packaged news to over 70% of the population is just wrong!

—cheryl Kozanitas, San Mateo, CA

Partisan media companies are part of the problem. Bring back the Fairness Doctrine and block Sinclair.

—Kathryn Franti, Santa Clarita, CA

Partisanship aside, it seems like this merger would give the Sinclair Media Group a near-monopoly over local TV stations - monopolies, obviously, are bad

—David Janetos, Groton, CT

Pay heed to the anti-monopoly laws. They exist for a reason.

—Bruce Carroll, Ames, IA

PEACE & HARMONY TO ALL

—Pam Gibson, Smithfield, NC

People do not need nor do we want to listen to any more obscene propaganda put out by conservative media.

—Sandra Pena, Tucson, AZ

People don't need to be fed his lies. This really is fake news. He wants us to be like Nazi Germany or North Korea!!

—Cheri Bailey, Spokane, WA

People must beware of anyone doing anything to compromise our our rights to a free press. A monopoly will be the death knell to that most important right.

—Cintra Warden, Newburyport, MA

People need to know the truth, I strongly object to state-run media.

—Jeanie Dooha, BERKELEY, CA

People should not believe the lies.

—Jewell, Mitchellville, MD

Permitting consolidation of news outlets under just a few large corporations limits the dissemination of information just to those items which can pass through these corporations' editorial filters. A diverse free press is the first line of defense for a healthy democracy and a well-informed public.

—Jane Kwiatkowski, Eugene, OR

Please allow the continuation of the free and open internet. Please DO NOT hand it over the predators of the Corporatocracy!

—John Cooper, Lewisburg, PA

Please also enforce regulations preventing Sinclair from forcing its affiliates to air politically biased commentary. If the Obama administration had forced stations to air the commentary of its surrogates, right-wing heads would have exploded in rage. Yet they appear to be satisfied when Trump's surrogates are forced upon the public.

—Franklin Cox, Beavercreek, OH

Please assure objective news

—Matthew Lipschik, B'klyn., NY

Please block this merger. In these days of disinformation, we need to do all we can to maintain a free press. A merger that would give ownership of over 70% of the country's airwaves to a single media group is truly detrimental to informed citizenship.

—Monika Leonard, Harlan, IN

—George and Frances Alderson, Catonsville, MD

Please deny this merger and do not support any one media group to dominate or have a monopoly of the airwaves in the USA!!

—Mary Helen Chapman, Endwell, NY

—Jasmine Rucker, Tucson, AZ

Please do not allow any company to gain control of a majority of news broadcasts. The fifth estate must be diverse and independent to preserve democracy. Thank you.

—Patricia Butler, Ventura, CA

Please do not allow any one broadcasting group to control the majority of the country's media airwaves. We must ensure a Democratic free press and ensure that our local and national news outlets are not forced to be taken over by any one ideology. In Reno, NV where I live, three local stations are now owned by Sinclair. The must run segments they produce stick out like a sore thumb, are politically partisan and put trusted local TV hosts in an unfair situation. I shouldn't be subjected to fear mongering based fake terror alerts or right-wing ideology via Boris Epstein when I simply want the local weather report. Approving the Sinclair Broadcasting Group takeover would be purely political and is not how our airwaves should be managed. They should be managed with fairness and equity where no one company owns the majority.

—Jennifer Simeo, Reno, NV

Please do not allow for this kind of bipartisan network take hold of US households, preaching their agenda on citizens looking for impartial news. Citizens deserve factual reporting and non-biased facts.

—Nayely Gonzalez, Seattle, WA

Please do not allow media monopolies

—Merilee Krebs, Portland, OR

Please do not allow our choice for what we hear and see on television to be owned and manipulated by just one source disallowing for more options and opinions to be available. We are not all leemons that follow one opinion.

—Susan schulz, Clarendon, PA

Please do not allow Sinclair Broadcast Media to purchase Tribune Media. This will put too much of our national media into one company. Their political antics reenforce their unsuitability to handle this much coverage nationwide. Thank you.

—Guy Couch, Mayflower, AR

Please do not allow Sinclair broadcasting group to complete the aquisition. It is important that we have multiple large corporations to maintain freedom of the press.

—Aaron, Harrington Park, NJ

Please do not allow Sinclair Broadcasting to take over any more local stations. They will far exceed the 70% market limit and take away the free selection of what stations to listed too. Already too many stations are "Christian", and if I don't want to listen to their message the only choice seems to be country & western and rock-roll. WE NEED MORE VARIETY in station ownership and programming.

—June Campbell, Kelleys Island, OH

Please do not allow Sinclair Media to merge with Tribune. We need more diverse voices, not fewer!

—Ginny Rabago, Renton, WA

Please do not allow Sinclair purchase of Tribune! If approved, Seattle will have TWO Sinclair-owned stations: KOMO and KCPQ. We are already boycotting KOMO because of its pro-Trump editorials. Please don't punish the hardworking objective journalists at both stations by approving this sale. The Tribune sale will lead to more boycotts, thus a huge loss in ad revenue, loss of jobs and more importantly, the loss of our democracy and a free press. Seattle deserves better. Our country deserves better. Thank you.

—Mimi Gan, Seattle, WA

Please do not allow Sinclair to become a news monopoly. We must maintain a diverse, free press to prevent single source news.

—Robin plume, Bellingham, WA

Please do not allow the media merger of Sinclair Broadcast Group with Tribune Media. We need more diversity of opinions not less!

—Diana Heymann, West Hartford, CT

Please do not allow the merger of Sinclair Broadcasting and Tribune Media. It would go against the First Amendment's protection of a free press.

—Judy Hooper, Moses Lake, WA

Please do not allow the Sinclair-Tribune merger to go through. Their reach into people's living rooms and minds would be unprecedented and they already abuse the power they have in the 38% of the market they currently own (Sinclair, that is).

—Matt Hood, Monmouth Junction, NJ

Please do NOT allow this 40% limit of the news market to be exceeded.

—Karen Frank, Pittsburgh, PA

Please do not allow this action. This is wrong and bad for freedom of the press!

—Nanette Betts, Clio, MI

Please do not allow this degree on media consolidation. It is bad for the country.

—Ann Woll, Cambridge, MA

Please do not allow this festering racist hate to continue to spread. it is spiteful, divisive and serves no value save to embolden bigots and further corrupts the nation by normalizing hate speech. it also places too much power in the hands of one or a small handful of people whose message is detrimental to the health of our nation

—Tom Huppmann, Gaithersburg, MD

Please do not allow this monopolistic precedent to be established

—Elizabeth Clark-Stern, Seattle, WA

Please DO NOT allow this takeover.

—Cheryl Wagner, BEND, OR

Please do not allow this to continue. It is important and necessary that there be some semblance of balance to allow people regardless of their individual political leaning to here/read news and make their own conclusions. One view whether conservative or liberal is not desirable. Again no thanks...we need balance.

—Sara Brown, Florence, MA

Please do not allow this to happen. Local stations should not be mandated to air certain programming.

—Gabrielle, Los Angeles, CA

Please do not allow this to happen. This is suppose to be a free country. Somebody needs to stop the oppression.

—Nivea C Sosa, CASSELBERRY, FL

Please do not allow trump to dominate an American propaganda media conglomerate.

—Lynn Reuter, flagstaff, AZ

Please do not allow trump to take over our news. He is a dictator and we are a democracy, I will stop watching local news as I am an educated woman and can not be brainwashed. I do think that's what trumps end goal is here to brainwash the American public and people with no education will buy into his manipulation. The violence that has contributed to increase is his doing, I believe if we continue to preach his garbage people will die. That is not what we have a president for to divide its people and invite violence on women ,people of color and immigrants. Please just stop the madness

—Bonnie bradley, Rantoul, IL

Please do not allow what will almost become a monopoly. That is not fair.

—Karen Ingerman, Hartsdale, NY

Please do not approve any merger that would give Sinclair Broadcasting more access to local TV markets. Sinclair requires local stations to air verbatim propaganda segments in the guise of news. This is dangerous to our democracy and will cause more divisiveness in an already divided country. I was so disturbed when I heard these 'news' segments on WGME out of Portland, Maine, that I did research to find out WHY these frightening and offensive segments were inserted into the local newscasts. The American people deserve and need fair and unbiased news, not right-wing editorials masquerading as news!

—Mary Edwards, Jamesville, NY

Please do not destroy diversity broadcasting

—Dave and Vergia Seabrook, Tacoma, WA

Please do not follow through on this.

—Kitty L Ray, Alexandria, VA

Please do not let this take over occur. What is happening in our country is extremely terrifying. We need UNBIASED reporting and to allow these conservative (or liberal) news outlets to merge is going to further the divide!

—Cindy Kaplan, Swan's Island, ME

Please do not lock up broadcasting and prevent the expression of a diverse number of views.

—Kim Grossman, Los Angeles, CA

Please, Sinclair Broadcasting Group, read up on the history of World War Two and the rise of the nazi party- they were taking over the radio and systematically exterminating anyone caught using the airwaves. Remember when they declared that what were literally the only two satellite radio companies in the U.S. (the world?) wanted to merge, that wouldn't create a monopoly? Because it was decided that satellite radio wasn't just in competition with satellite radio, but with ALL forms of entertainment (including kids spinning until they got dizzy)? Is that what we're headed for with broadcast television? Different channels which will all be part of a single network? Or is it more likely to be like broadcast radio, where we have a number of NPR stations, and everything else is one monolithic, for-profit network (ClearChannel)?

—Kevin D. McCollough, Bourbon, IN

Remove Trump's propaganda from the airways! This is a democracy not a dictatorship!

—Dina Alvarez, Crete, IL

Reno could be called Sinclair City since it owns two stations here, including Fox (natch). When stations were owned locally they reflected their viewers. I'd like those old days back. Since a majority of the population gets their news from TV news broadcasts it is essential that they have access to news sources that cover the full spectrum of political viewpoints. Do not allow people who wish to present only one point of view to control all news sources. President Reagan opened the door to stations like Fox News when he did away with the ' fair and balanced ' regulations. We don't need that brand of biased reporting to crowd out fact based news reporting.

—Theodore J Bomba Jr, New Britain, PA

Since Sinclair bought a local station (WRGB) the local news coverage has deteriorated markedly and odd, relatively unprofessional Sinclair-sourced segments have been substituted for journalism.

—Stanley Michael Byer, West Sand Lake, NY

Since the Reagan era anti trust laws have either been ignored or legislated away. The Sinclair deal is just one more example in a long campaign to consolidate corporate power and destroy the democratic distribution of news and media.

—Derek Loughran, Santa Monica, CA

Since when can an owner of a TV station use it to broadcast lies & falsehoods. Please put an end to this propaganda

—Leslie Venturoso, Delray Beach, FL

Sinclair "requires" political content be aired on its broadcast stations. This content is substantially from one viewpoint and shows that Sinclair is not neutral in its viewpoint toward listeners.

—Sterling Vaden, Black Mountain, NC

Sinclair already acts as a monopolist. The FCC should not allow it to expand by merging with Tribune.

—Douglas C Smyth, High Falls,, NY

Sinclair already bought KOMO 4 here and none of us will watch it now. If they buy more, we'll watch less.

Sinclair Broadcast group does not protect the diversity reflective of our entire population. They pander to the right wing.

Sinclair Broadcast Group has already acquired local media station KOMO, and requires this local station to run conservative leaning editorials. I do not want my local media stations taken over by a conservative news conglomeration.

—Kevin Jones, VASHON, WA

Sinclair Broadcast Group has already shown that they require their stations to broadcast certain political viewpoints and slanted news. They should not be allowed to corner the marketplace.

—Walter Bishop, Elephant Butte, NM

Sinclair Broadcast Group has been forcing stations to report slanted or fake news stories. This company must be stopped. People should be able to trust what they hear as news, and to know that they can count on accurate, unbiased reporting. Please block the Sinclair-Tribune merger!

—Jeanne Martin, Seabeck, WA

Sinclair Broadcast Group is like Fox News, only worse. They force their stations to air false and dishonest right-wing propaganda that pretends to be news. Please don't let them get control of the majority of our broadcast media. They are a threat to our democracy.

—David Ellis, Natick, MA

Sinclair Broadcast Group is the The New Dominionist American Taliban propaganda machine. Call propaganda and mind control what it is.

—Kathleen Kilcommons, Winnfield, LA

Sinclair Broadcast Group is too large. No one company should have that much influence over the news media.

—Wendy Dallas, San Diego, CA

Sinclair Broadcast Group is very biased with its news reporting, and very dishonest with what it says.

—Heather Locke, San Carlos, CA

Sinclair Broadcast Group must NOT be allowed to acquire the Tribune Group of television stations. It is essential that a diversity of opinions be presented by the nation's broadcasters, and a merger between the Tribune Group and the Sinclair Group would greatly suppress that diversity. It is also essential the FCC reinstate all policies that promote the expression of a diversity of opinions, chief among them the "Fairness Doctrine" that was unjustifiably abandoned during the Reagan administration.

—Paul Rybski, Whitewater, WI

Sinclair Broadcast Group should not be allowed to merge with Tribune Media, Co., the parent company of my local newspaper, the Hartford Courant. Keep the Courant and Tribune Media free from ownership and dominance by Sinclair Broadcast!!

—Andrea K Allen, South Glastonbury, CT

Sinclair Broadcast group should not be allowed to merge with Tribune Media. A single media group is not supposed to own over 70% of the airwaves. Do not support this merger.

—Roberta Carney, asheville, NC

Sinclair Broadcast Group's attempt to merge with Tribune Media, Co. is a sinister attack on freedom of the press and free speech.

—Jeanine Center, Ann Arbor, MI

Sinclair Broadcast has a strong political agenda, which it forces on all of its stations. **THIS IS NOT FREE MEDIA!** Do NOT allow the merger!

—Thomas D Bostick, Whittier, CA

Sinclair Broadcast is coercive to its local affiliates.

—Emily Blank, Mount Rainier, MD

Sinclair broadcast is like the evil Breitbart. Both use hateful rhetoric to divide our country and weaken our Republic. Do NOT allow this merger to go through.

—C Mendel, Columbus, OH

Sinclair broadcast is pure propaganda masquerading as news. This is dangerous, please block.

—Alissa Mellis-Gruba, Asheville, NC

Sinclair Broadcasting Group is dangerous. I fully support all efforts to stop their takeover of local stations!

—Lisa Brown, Yuba City, CA

Sinclair Broadcasting has a long history of Islamophobia, and has been fined millions of dollars by the FCC for not acting in good faith during negotiations. Such an organization should never be allowed to control as much as 70% of this country's news.

—Deb Vanderpoel, Chicopee, MA

Sinclair Broadcasting is engaged in disseminating propaganda. Bad enough for cable -- UNACCEPTABLE for the public airwaves!

—John Catherine, New York, NY

Sinclair Broadcasting must not be allowed a total monopoly share of our airwaves. This move would sully our constitutional rights to a free press. Protect the citizenry from this dangerous monopoly!

—Janet Newheart, Knoxville, TN

Sinclair Broadcasting presents a threat to the democratic process in America. By systematically taking over organizations that present balanced views of American issues and replacing these voices, flooding America with one-sided views of racist, misogynistic, and xenophobic messages. This threat is real and must be addressed by the FCC to assure that our democracy is not quietly dismantled while we are not paying attention. Please make certain they are held accountable.

—Sharon Hubbard, Cleveland, OH

Sinclair broadcasting provides biased coverage and should not be given special treatment to dominate markets.

—Syed Shareef, Silver Spring, MD

Sinclair Broadcasting requires affiliates to air PROPAGANDA in the form of right wing commentary. In fact, before seeing this I called KOMO TV 4 in Seattle to tell them that I expect news, and not right wing propaganda, and to tell them they lost a 30 year plus viewer because of the "Boris" segment.

—Jim Anable, Seattle, WA

Sinclair Broadcasting should not be able to control the news that is broadcast to the majority of the local news affiliates. Being able to control information and reporting is inherently dangerous to our democracy.

—Janet Milbrandt, CHAMPAIGN, IL

**SINCLAIR BROADCASTING SHOULD NOT BE ALLOWED TO MERGE WITH TRIBUNE BROADCASTING !!! THIS IS A VIOLATION OF THE SHERMAN ANTI-TRUST ACT !!!!!!!!!!!!!!!**

—Sir Seth Hirsh, NORTH WOODMERE, NY

—Robert Cote, kankakee, IL

Sinclair cannot take over our local news! Hate does not belong in the news nor anywhere else!

—Tracey Davis, Ocoee, FL

Sinclair Communications, the broadcasting company that force feeds extremist, right wing propaganda to its affiliates as mandatory content, cannot be allowed to merge with Tribune Media, and become more monopolistic and powerful in its ability to affect and control public opinion.

—Lise Sayer, N. Plainfield, NJ

Sinclair deals in a form of pornography. Check-out AARP advertisements.

—Jd Pope, Pittsfield, MA

Sinclair dictates verbatim what local broadcasters are to say. Choice is critical with communication. Their method of operation is coercion.

Sinclair DO NOT DO THIS!

—Carol Kelly, Gulf Breeze, FL

Sinclair does not operate in the public interest!

—Harvey Sachs, Littleton, CO

Sinclair does not provide balanced reporting and is not independent.

—Paul Krull, Happy Valley, OR

Sinclair Group has demonstrated its political bias in such a way that this merger would clearly limit access to fair and balanced information for a majority of the U.S. population. Our democratic system cannot survive without it. I strongly oppose this merger and hope the FCC will block this merger.

—Evan Rothstein, Fair haven, NJ

Sinclair Group is an insidious worm intended to invade the unsuspecting brains of humans.

—David Foster, Warren, PA

Sinclair has a long history of biased, racist and islamaphobic statements. They are exploiting first amendment protections to promote their extremist right wing ideology. Shame on trump and the FCC for even entertaining this plan. Their fake news extremism is a direct threat to our democracy which depends on truth and understanding being promoted on the public airways . Giving them this takeover is the first step to establishing propaganda as news in America. Shame on them!

—Anthony j. Fusco jr., River forest, IL

Sinclair has already taken over the television station I used to watch. I don't like the owners of a television station using it to promote their own political views be it a progressive or conservative owner. News should be made up of facts and not opinion dressed up to be news. Moreover, no company should be allowed to own this many stations in this many places. 70% is a monopoly. It should be illegal.

—Mary Mast, Raymond, WA

Sinclair has been a biased, ideological voice for many years. It's shameful that you'd even consider allowing them control of 70% of our airwaves. Do the right thing.

—Janice Carlson, Las Vegas, NV

Sinclair has been destroying objectivity on the radio for decades. Stop them.

—Charles Ewing Smith, Pasadena, CA

Sinclair has just bought up all the TV stations in rural, coastal Northern California (Humboldt Co.). I do not want this, and I do not want Sinclair right-wing propaganda with no other editorial choices. And I certainly don't want any other American communities to have to deal with this problem. The airwaves should be a resource that belong equally to all Americans and the FCC should be following it's original mandate to protect that equal access.

—Lisa Butterfield, Eureka, CA

Sinclair has owned several local stations here, and they do canned stories constantly presented as news, usually about immigration and minorities as criminals. Sick.

—Susan, Reno, NV

Sinclair has such a bad record of disinformation that it should be prevented from this major expansion

—Ellen Posel, Bellingham, WA

Sinclair has totally infiltrated local news, KCFW, Kalispell. No longer reliable.

—Patricia McLaughlin, Whitefish, MT

Sinclair has tried to evade the rules in the past and has been fined millions of dollars by the FCC for not acting in good faith during negotiations. So how can we trust them today? More Americans trust local news outlets over national news outlets—but if a biased broadcast group such as Sinclair is successful in its corporate consolidation of local news, who could Americans trust?

—Kenneth Clark, Unionville, TN

Sinclair intends to fill the airwaves with propaganda. We used to have choice from many independent stations to hear various points of view and programs of local interest, not now. This dangerous consolidation of power will exacerbate the difficulties our struggling democracy faces.

—Arlene Fisher, Oakland, CA

Sinclair is a blatant propagandist media empire that is dangerous to our democracy.

—Howard J. Wolff, Honolulu, HI

Sinclair is a dangerous group of fake news demagoguery!!

—Catherine L. Winsor, McLean, VA

Sinclair is a menace to free speech and freedom of the press.

—David Newman, Seattle, WA

Sinclair is a propaganda outlet not a news organization.

—Harold E Emrich, New Hope, PA

Sinclair is a propaganda machine whose purpose is to titillate, provoke, misinform, and ultimately shrivel the brains of millions of Americans. This bid to acquire mass distribution power illustrates exactly the danger to American democracy, and to Enlightenment rationalism itself, of placing the infrastructure of journalism at the service of those with the money to own it, and the existential need for FCC to prevent such lethal entanglement.

—Jim Steitz, Gatlinburg, TN

Sinclair is a racist company. The racism is very clear in the way they present news stories.

—Vanessa N., Silver Spring, MD

Sinclair is a right wing Trump megaphone. You have to know that.

—Becky Daiss, Arlington, VA

Sinclair is a scourge on the face of the corporate media. Their attempt to further monopolize the airwaves by owning the Tribune company broadcast properties is one more scary corporatization of our media. In this case with must run right wing content mandated to be part of the local news on the stations that might be an ABC, CBS, FOX or other type of affiliate station. So the script that must be read by each station's news presenters sounds like a local story... Very sad that we have gotten to they point. There is generally no "branding" to know what is real local news and what is sinclair corporate quasi news. They get the conservative claptrap stamped with the "impartiality" of their network news affiliation... "How could my local ABC station possibly be airing propaganda from a faceless conservative group side by side with the network host? Aren't they also ABC news?"

—Judith, Albuquerque, NM

Sinclair is a very scary company. Please do not allow them to further monopolize our public airwaves.

—Nancy Weninger, Larkspur, CA

Sinclair is all about right-wing politics—STOP THIS MERGER NOW!

—Willa Davis, Chula Vista, CA

SINCLAIR IS ALREADY A MONOPOLY. IT DOES NOT NEED MORE POWER AND CONTROL OF OUR MEDIA!

—Janet A. Thompson, Crawfordville, FL

Sinclair is already subjecting local news programs to being forced to run biased political viewpoints.

—Alan Swanson, Glenmont, NY

Sinclair is connected to President Trump, and approving this merger would violate the Emoluments clause of the Constitution. Say NO!

—Rebecca Warburton, Arlington, VA

Sinclair is corrupt and has got to go!

—Connie Colvin, New York, NY

Sinclair is dedicated to telling the rotten right wing version of unreality.

—Malc Moore, Portola, CA

Sinclair is FOX "Lite" and should not be allowed to dominate the PUBLIC airwaves.

—James French, Seattle, WA

Sinclair is gaining a monopoly on local news in order to spread pro-Trump propaganda. This must not be permitted in the United States of America.

—Sandra Sidoti, Anthem, AZ

Sinclair is going to require each station that they own to read right-wing propaganda three or four times a day. I don't want to be subjectd to that kind of torture.

—Marian Gamble, Sleepy Hollow, IL

Sinclair is making new people lie

—Robert Stayman, New York, NY

Sinclair is more Republican than Fox News, and controls its employees with an iron thumb. That's not journalism; that's a dictatorship. Don't let it spread.

—Nicholas Wood, New Market, MD

Sinclair is near my house and I don't agree with this AT ALL.

—Kasey Bolt, Candler, NC

Sinclair is no servant of the public interest.

—Martin Perlmutter, Burbank, CA

Sinclair is not "straight down the middle," as lying Boris Epshteyn proclaims. This takeover must be blocked.

—Luke Anderson, Minneapolis, MN

Sinclair is not news. It's just propaganda.

—Jack Brady, Kokomo, IN

Sinclair is nothing but a giant propaganda machine. And although we must maintain our freedom of the press and free speech it is vitally important to disallow monopolies that spread hate speech and lies.

—Suzanne Gordon, Cape Coral, FL

Sinclair is propaganda news organization. We can't let news outlets like these to take control of the news. We need a free press to get the truth out.

—Delores Grandaw, Green Bay, WI

Sinclair is pure extremist propaganda and a menace to local news. A danger to our country already, and would be even more so if this merger goes through.

—Kristin Thompson, Madison, WI

Sinclair is renown for spinning their biased and extremist views into mainstream MSM telecasts that they purchase.

Providing a platform for unsubstantiated viewpoints framed as truth to unsuspecting and uneducated audiences. Please do not allow this scourge on truth and democracy to move forward and take over our airways.

—Rosemarie Colacino, Chicago, IL

Sinclair is seeking entirely too much power for one media group. This merger would be a serious threat to press freedom, and it should be stopped.

—Tom Patterson, Winston-Salem, NC

Sinclair is the same media group that Trump's son-in-law Jared Kushner cut a deal with during the 2016 elections to air "good" coverage for Trump. Handing it more power over American airwaves is both a blatant example of quid pro quo and a step in the direction of a national government propaganda system.

—Benjamin H Sibelman, Seattle, WA

Sinclair just bought the TV station in my little blue resort town of Park City.

—Stan Sylvester, Park City, UT

Sinclair keep out of editorial comments and reporting from local and national news stations that you have purchased. I do not want fake news or news with a slant that includes religion and or religious inclinations or instruction. I also want to keep net neutrality! I want my local news to be local and not reruns!

—Susan, West linn, OR

Sinclair Media does not represent good journalism. It is biased and has its own agenda.

—Maxine Sitts, San Leandro, CA

Sinclair Media has a history of anti-First Amendment policies and overt discrimination. In addition, their purchase bid would place them in a position of news media monopolization, limiting Free Press reschedule at the local level. Please reject their bid to purchase Tribune. Thank you, Brennan Smith

—Brennan Smith, Newport News, VA

Sinclair Media has been shown to grossly misrepresent inflammatory, conservative opinion pieces as news, and force local TV personalities to report their skewed editorials as fact in "must run" segments. This is damaging and takes flagrant advantage of the trust people hold in their local newscasters.

—Lori Olcott, Denver, CO

Sinclair media has shown themselves to be biased and opinion-based rather than fact-based. The FCC should protect the American people from the proliferation of fake news.

—Cassandra Bogue, Stone Mountain, GA

Sinclair Media must be stopped

—Peggy Siddle, Grove City, OH

Sinclair must be stopped!

—Marion Lane, Tulalip, WA

Sinclair must be stopped.

—Karol King, Denton, TX

Sinclair news exists only to present the extreme Right wing viewpoint as the Word of God and mock and disparage any one who presents any other opinion than theirs. They hate Muslims, diminish immigrants, and do their best to keep women barefoot and pregnant. Letting this group own 70% of the airwaves is the best way to end Democracy in America.

—James M. Reaume Jr., Ewen, MI

Sinclair owning 70% of the nation's airwaves would be a monopoly.

—Louis M. Smith, Mount Pleasant, SC

Sinclair owns KOMO in Seattle, bad enough for folks with limited choices. No monopolies! We need objective truly local news.

—Myrna Ougland, Poulsbo, WA

Sinclair owns my local station. So unfair to use the public airwaves for one viewpoint, propaganda.

—Margaret Jimerson, SPRINGFIELD, IL

Sinclair owns one of the local stations here in Dayton. They use it as a right wing bully pulpit. This guy comes on and whines about left wing "conspiracy theories" ah LA Trump, and pushes the alt right agenda. It feels very much like a government owned TV station to push propaganda. It is very disturbing. This has to stop. It is not that I do not agree with what is being said, it is the way it is presented. This is network TV. What happened to equal time?

—Susan Vargo, Dayton, OH

Sinclair owns our local ABC-affiliated station and also operates the FOX station. Sinclair censored a special edition of Nightline, "The Fallen". This restriction of the flow of information should not be increased.

—Carol Cochrane, COLUMBUS, OH

Sinclair owns too much now

—Robert Luke, auburn, CA

Sinclair promotes a extreme right wing propaganda i.e. bottom line with boris segments

—Christopher Borge, hope valley, RI

Sinclair regularly sends secular must air items to their stations. It's dangerous to allow a partisan company into 70 percent of our country's living rooms.

—Julie Moeller, Tulsa, OK

Sinclair requires local stations to run opinion pieces as news. A threat to free speech. What happened to the Fairness Doctrine anyway?!

—Paula Dickerson, Middletown, OH

Sinclair should be listed as an organized hate group by the FBI, the NAACP, the Southern Poverty Law Center, and anyone else tracking hate/racist groups. Do not watch this propaganda!

—Bobbee Murr, Portland, OR

Sinclair should NOT be allowed to buy the news and confuse a vulnerable public.

—Amy Pippenger, Glenwood, MD

Sinclair should not be allowed to use the airwave channels which are owned by the American people to purvey extremely partisan and non-objective viewpoints.

—Steven Fugere, Lynnwood, WA

Sinclair stands poised to own two of our three commercial TV channels here in Eureka, CA. That is completely wrong and scandalous. Say no way to this purchase!

—Lee Block, Eureka, CA

Sinclair station here locally already doing that. Have to watch something else.

—Carmen Rost, Tillamook, OR

Sinclair sucks

—David Rosmer, Norfolk, VA

Sinclair is dangerous to our first amendment

—Eleanor Herndon, Greensboro, NC

Sinclair's anti-Muslim programming already shows a profound confusion between free speech and hate speech, a dangerous blurring that will only be expanded if FCC allows this merger.

—RTerra Williams, Sebastopol, CA

Sinclair's bias news coverage is a corrupt use of the public airwaves. Not only should FCC block this merger, the FCC should revoke Sinclair's other licenses until it can prove that is not a mouthpiece for the political right.

—Devin Smith, Olympia, WA

Sinclair's idea of news is similar to state-run media in places like North Korea. That is definitely not what we need.

—Simon Glickman, Los Angeles, CA

Sinclair's plan to purchase the Sinclair-Tribune Broadcast group is a clear and present danger to our democracy.

—Sandra Taylor, Citrus Heights, CA

Sinclair's political agenda is truly frightening. Another fake news outlet. Intentionally misleading and deceptive programming disguised as informative and educational, but designed for the continued dumbing down of America. Truly evil.

—D Smith, Olympia, WA

Sinclair's record of Islamophobia is another reason why it should not be allowed to increase its opportunities to spread this hostile opinion unopposed.

—Sheila Ary, DeKalb, IL

Sinclair-Tribune is not in the best public interest and should not be allowed.

State propaganda destroys free thinking democracy

—Patrick Pierce, Saco, ME

State run television is an undemocratic practice of authoritarian, dictatorial regimes as Cuba, Russia, N.Korea, Venezuela. This is the United States of America. President Trump's attempts to destroy our democracy cannot be permitted under ANY CIRCUMSTANCES! Trump propaganda CANNOT be allowed to air on 39% or even 5% of television channels!! Stop this madness before it is too late to save our democracy!!

—Aymee Hernandez, Land O Lakes, FL

State run television will accomplish the goal of propagandizing the people. Hey it works in Russia, North Korea and other places where the people voice is drowned out.

—Donna Hatcher, St. Pete Beach, FL

State run TV might be OK in Soviet run countries...America doesn't work this way!! Granted, it is sad how much commercial is in commercial TV, but having mandated ANY type of political ad is a quick step closer to communism.

Teddy Roosevelt was a trust buster. Keep his spirit of diversity and a fair playing field alive in tV and journalism.

—Sue Crawford, Atlanta, GA

Television continues to be an overwhelmingly powerful source of information for the majority of Americans. I believe that democracy cannot be sustained if there is not a diversity of media viewpoints and a diversity of media ownership. Look at how democracy has been undermined in countries like Russia where media ownership is concentrated in the hands of 'friends' of Putin. I urge the FCC to save America from becoming another failed democracy in the model of Russia, and to block the Sinclair-Tribune merger.

—Benjamin Harley, New York, NY

This is un-American and unacceptable!

—Evelyn Vertefeuille, Vineyard haven, MA

Thank you but no al-right or other propaganda because we've seen this before!

—Phillip Reilly, Manitowoc, WI

Thank you for opposing this dangerous merger or buyout. Sinclair (and any other company) should not own the majority of the airwaves. We need competition in the airwaves, not monopoly. We need the news media to be able to do real investigative reporting and tell the people of America what is going on. More objective reporting means the public can decide for themselves what is true, thank you for opposing this dangerous merger.

—Jared Christian Schreckengast, Bethlehem, MD

The 45th has taken over too much already. Please, not the TV in this way too. The lack of facts and truth don't need any more avenues from which to spread.

—Cornelia Shearer, Auburn, WA

The acquisition of Tribune Media by Sinclair broadcast Group is not in the best interests of the American public.

Consolidation of media to this extent deprives the public of the free flow of news from a variety of perspectives. This merger should not be allowed. It is the duty of the FCC the block Sinclair Broadcast Group's merger with Tribune Media Company in it's service to the American public

—Karla Worrell, Richmond, VA

The airwaves are already concentrated in too few hands. Don't make it worse.

—George Anderson, Alexandria, VA

The airwaves are an asset of the American public. This proposed takeover is inappropriate, Sinclair is not acting in good faith, is discriminatory, and does not cover all sides of issues. Please do not allow this further consolidation of voices.

—Elaine Erb, Niwot, CO

The airwaves belong to ALL of us. No single entity should be allowed to dominate any public media. Our taxes subsidize a significant portion of the operating costs. We ALL deserve open access and "free and fair" competition.

—Joe Cooper, Austin, TX

The airwaves belong to the American people and not to another monopoly. A variety of viewpoints is needed in this country and Sinclair Broadcast Group does not provide that diversity.

—Carole Plourde, Amesbury, MA

The airwaves belong to the citizens of the United States of America. They are NOT up for sale.

—Mark Buckley, Tukwila, WA

The airwaves belong to the citizens of the US and should not be used by a monopoly.

—Victoria, Nehalem, OR

The airwaves belong to the commons, to all of us. Therefore, we demand a variety of media voices and perspectives in each media "market."

—Madeline Taylor, Woodland Hills, CA

The airwaves belong to the people not media monopolies. We need the media to be open to many broadcasting companies and organizations.

—Anne Craig, Asheville, NC

The airwaves belong to the people, and we should not allow only a few individuals, especially not individuals with strong political opinions expressed in their businesses, to hold control over our public airwaves.

—Nicholas Penning, Arlington, VA

The airwaves belong to the people. We need more diversity in coverage -- not less. Stop consolidation now!

—Arthur Friedman, Rego Park, NY

The airwaves belong to us all!

—Karen, Golden Valley, MN

The airways absolutely need to stay diverse and competitive in order for the American citizens to have full access to news and opinions! The potential for monopoly in our media is truly anti-democratic.

—Bearheart Anne, Sonoma, CA

The airways are public Don't tamper with ability to disperse Factual news.

—Joanna B. Ctaig, Camden, SC

The airways belong to the citizens and are used in a variety of ways to express many and varied opinions. In a local disaster, such as we experienced in Honolulu HI a few years back we could not find out how dangerous the situation was and there were no local updates on am or fm radio. All the stations were consolidated and running their regular programming. That is what happens when the airwaves are controlled by a single media group. I hope not to be in that situation again, but it appears that should this merger go through, I will be.

—Sandra Morey, Oakland, CA

The airways must remain diverse so all viewpoints can be fairly represented and monopolies must not be allowed. Our very freedom is at stake.

—Joan Stockton, Philadelphia, PA

The airways MUST REMAIN FREE!!!

—Carol Berg, Chsnhassen, MN

The airways should be public. Partisan corporate interests should not be allowed to use them.

—Richard Shryock, Blacksburg, VA

The American people are likely to rebel against any media monopoly, curse it, and ultimately make the merging parties wish they hadn't. It would be a kindness to those parties, in my view, to say "no" to that merger now.

—John Edminster, Richmond, IN

The American people are terrorized as to what else is Fake Trump planning to destroy? Our Basic Principles of Democracy are at great risk with the Radical ideas of Fake trump who leans toward a KLEPLOCACY control and ignorant of his position and does NOT value what WE THE PEOPLE ...VALUE and don't want destroyed by the DESTRUCTIVE AGRESSION THAT FAKE TRUMP IS DOING AND NOT TAKING RESPONSIBILITY OF IT'S CONSEQUENCES and his lies are out of control, he thinks he can Destroy at will all that the American people need to live a life of liberty and Justice for all the man is acting like a DICTATOR!!! PLEASE CONGRESS DO SOMETHING ABOUT IT AND HOLD HIM ACCOUNT- ABLE FOR ALL HIS TERRORIZING AGRESSION!!!!!!!

—Connie Urrutia, San Antonio,, TX

The American people live in a democracy last time I checked. We should not be subjected to propaganda news, no matter which party is in office. Stop this Insane move toward tyranny. The Republican Party will not always be in office and need to think about that before allowing this to go forward.

—Linda miller, Austin, TX

The American people need to be able to change the channel....we deserve to have free and impartial news programs. No single media outlet should ever be allowed to control who or what we watch!

—Elaine M Rogers, Canyon Lake, TX

The amount of independent media outlets has shrunk and been bought mostly by Republicans. We are now down to 5? This is grossly unfair to all as it limits divergent views so people can make up their own minds. Also the false news perpetually being broadcast serves not the integrity of the 4th estate. We deserve better than to be smothered. We deserve faith and fresh air!

—Robin Brewer, pgh, PA

The amount of lies and fake news being broadcasted is misinforming many citizens who lack critical thinking skills. Trump and the truth are strangers. He doesn't need another news outlet to dissemble our country.

—Barbara, Howell, NJ

The attempt by any single media group to own more than 50% of the country's airwaves is unconscionable, unfair, and unethical. This should never be allowed.

—Richard Shepard, Claremont, CA

The authoritarian take over of our democracy is alarming.

—Cheryl Richards, Moscow, OH

The basis of democracy is a diversity of perspectives. If we allow the media to be in the hands of a single source, we will be like Russia where only the party line is permitted. Let us uphold our democracy!

—Michele Pedrini, Arcadia, CA

The best protection against monopolistic entities is to prevent their creation. Please ban the merger of Sinclair and Tribune.

—Carmen Gonzalez, Glendale, CA

The best way to preserve our democracy is to preserve independence in media. Trump TV tramples on this principle by creating a Trump-only TV environment. This is not American behavior--this is authoritarian and can not be allowed.

—Michelle Chalfoun, Glen Cove,, NY

The blatant propaganda and untruths coming out of this entity are appalling. Free speech must end when anything can be said with implied authority, when it is little but extremist mendacity.

—Cecilia Banner, Longmont, CO

The brainwashing will come at a price... for truth always prevails.

—Linda molina, Rancho Cucamonga, CA

The CBS station in my town is managed by Sinclair Broadcasting. I DO NOT want to watch this propaganda TV from a man who has proven himself to be a liar over and over.

—Sheila Keil, Center Point, IA

The CBS-Viacom merger notably reduced the quality and diversity of available news. This one would do far, far worse.

There are confirmed and documented instances where the Sinclair group has enforced weasel "journalism" only allowing a single point of view - and that, one that plays fast and loose with the facts - if you want to participate in their network or purchase their content. It will be deadly for the education of our electorate, our commitment to pluralism and our citizens' ability to hear competing voices.

—Kira Signer-Romero, ALBUQUERQUE, NM

The citizens of the USA need more sources of opinion, not consolidation & mergers. Sinclair is too big already.

—Patricia Silver, Berkeley, CA

The closer we get monarchical rule over our lives, the closer we get to a revolution.

—Jesse Leaderbrand, Champaign, IL

The concentration of media outlets into limited sources is a threat to one of the bulwarks of our democracy!

—J Kenneth Poggenburg Jr., Encinitas, CA

The conglomeration of this nation's media is a grave threat to it's existence. A free and unfettered press, coming from MANY different (legitimate) sources is necessary to a functioning democracy.

—Scott Dercks, Appleton, WI

The conservative talk shows already dominate the airways. I personally listen to public radio all the time.

—Pat Valdez, Fresno, CA

The consolidation of larger and larger media companies makes it harder for individual citizens' voices to be heard and biases the airwaves towards commercial interests. Allowing one single company - Sinclair/Tribune - to control over 70% of the airwaves would give them a huge megaphone compared to anyone else trying to get their voices out there. In certain regions, this is a guaranteed monopoly for Sinclair/Tribune. The American people deserve the right to hear multiple opinions instead of one monolith. I strongly urge the FCC to block this and any other mega-mergers. Instead I hope the FCC will serve American's interests and protect the freedom of press and freedom of speech by encouraging more diversification on our airwaves and creating more public access channels for public debate and education.

—Michael Kelly, San Francisco, CA

The consolidation of news media ownership is in direct opposition to the tenets of our democracy !

—Donald J. Ludwig, Henderson, NV

The consolidation of the media into the hands of just a few people is a treat to democracy and freedom of speech.

—Laura Wideburg, Seattle, WA

The Constitution gives a right to have a "free press"! We must protect it!!

—Kathy Ray, Tumwater, WA

The constitution of the United States of America guarantees 'free speech' and 'free press', both of those rights would be infringed upon by a merger of such magnitude.

—Ilona Reitzner, Santa Rosa, CA

The control of the airwaves by a company that is committed to disinformation and highly partisan untrue "news" broadcasts deceives people and acts to stifle democracy. These are the acts of a totalitarian regime, not a free democracy. Please stop this merger.

—Elena Picinich, New York, NY

The crass drive to perpetuate this illegal regime's lies never ceases to amaze me. It seems they will only be happy when they have obliterated all institutions of democratic process and free thought. They must be stopped with all available mechanisms.

—Daniel Nelson, New York, NY

The current proposal goes against all historic efforts to insure and preserve a free press and opposition voices. Deny the effort by any and all to reduce its impact or authority.

—CM M. Sabathne, Roscoe, IL

The democracy of the United States rests upon a free and independent press. Giant media mergers in general quash this pillar of democracy. The Sinclair merger, though, is even more threatening because they have proven their willingness to broadcast propaganda.

—Hillary Wagner, Dayton, OH

The dictator in the president's office is trying to control everything! Jail him, the sooner the better!

—Bonnie Freerking, HANNA CITY, IL

The dictatorship just keeps on rolling.

—Ken Byers, BISBEE, AZ

The direction that the country is headed in under the Trump administration frightens and saddens me.

—Jennifer Spe, Port Richey, FL

The diversity of Americans requires a diversity of public opinions relayed through any medium. Block this stealth merger that would create a major imbalance in the present variety of news sources.

—Carole January Erickson, Carmel, CA

The end of a market economy

—Neville Allum, Decatur, GA

The expansion of Sinclair into such a large share of the broadcasting market is unconscionable and a total subversion of democratic principles. The FCC must block the merger and maintain the previously established maximum limits of broadcast market share.

—Nancy Brownell, Bowling Green, OH

The fact that this could happen is bonkers. Early signs of a dictatorship and I don't believe that's an exaggeration.

—Victor Spennato III, Staten Island, NY

The Fairness Doctrine had a lot going for it, as we see by the production of entirely fake "reality" so many TV watchers live in. This merger is simply bad for the body politic. Please don't allow it!

—Robert Johnson, Penngrove, CA

The Fairness in Media doctrine which Reagan destroyed has to come back. We need many media outlets not just a few. It's wrong for a few corporations to own the media. This is what Hitler did. You had only the government media and were punished for listening to any other.

—Jean, Portland, OR

THE FCC APPEARS READY TO PUT THE FINAL NAIL IN THE COFFIN OF DEMOCRACY IN THIS COUNTRY. SUBJECTED TO RIGHT WING PROPAGANDA - JUST LIKE TRUMPS COHORTS IN CRIME - THE RUSSIANS. FOREFATHERS - WE HEAR YOU.

—Paula Cronin, Hooksett, NH

The FCC change does not encourage competition but creates a monopoly. Block the merger and give the US choices

—Janice M Miller, Silverdale, WA

The FCC has an obligation to the people of the US to protect us from the toxicity of "alt" facts and media driven by divisive and discriminatory ideology.

—Gilion Shelley, Silver Spring, MD

The FCC has NOT done its job to protect the public from, fake news, from undocumented lies, Russian hacking. Sights need to be taken down, liars should be exposed and made to retract fake news! We deserve the truth and it is your job to provide it!

—Karen, Roseville, IL

The FCC has the great responsibility to stop tyranny before it goes any farther. I can't believe we've gotten here.

—Nancy Zabriskie, Moscow, ID

The FCC holds the bar for the American people. We deserve to hear the truth and not give a bigger megaphone to one viewpoint (i.e. Trump's alternative facts). Please don't give in to BIG MONEY and sell us out. Hold the line FCC. THANKS!

—Laura, Bend, OR

The FCC is a government department that should be protecting the rights of all citizens of the USA which means protecting a diversity of opinions and points of view. Please do not allow this merger.

—Kathleen O'Connor, Deerfield, MA

The FCC is a regulatory body responsible to American citizens. All actions taken by the FCC should be for the benefit of the largest number of people, not to the very few ensconced in the cloak of corporatism.

—George Joyal, Bisbee, AZ

The FCC is charged with protecting a public utility - that means the public interest must be served, which it absolutely is not whenever there is intense media consolidation in the hands of a single purveyor, especially of information, such as this. I strenuously object!!!!

—Tobey Crockett, Morro Bay, CA

The FCC is supposed to be working for the people not Sinclair Broadcast Group which it is doing by reinstatement of the UHF discount. YOU WORK FOR US THE PEOPLE NOT SINCLAIR BROADCAST AND THE PEOPLE THAT OWN IT NOR DO YOU JUST WORK FOR ONE POLITICAL PARTY.

—Barbara A Morgan, Nashville, TN

The FCC let Rupert Murdoch take over the airwaves mid-twentieth century despite warnings from Australia, the U.K. and our own scholars; as a result of Fox's fact-free "journalism", we now have a divided populace. We simply do not need more lies fed to us.

—Gail Schwindt, Timken, KS

The FCC MUST oppose any and all attempts to narrow the ownership of the airwaves and thereby limit the editorial voices that people hear.

—Ed Malberg, Somerset, NJ

The FCC MUST prevent this evil action!

—Jean Wilhelm, Eastport, ME

The FCC must protect from state run news. We demand a free press as the constitution requires. Trump tv and sinclair broadcasting is NOT good enough. Remove their licenses for broadcasting.

—Sandra Kaye Hansen, South Holland, IL

The FCC must protect from tabloid media overtaking real news which in the Constitution requires you to protect free speech and in depth news reporting- this is a core foundation of US democracy. Please do not cave to Paj pressure of re consolidation to favor slashing real news.

—Coco Gordon, Lyons, CO

The FCC must protect the First Amendment. Allowing a Sinclair-Tribune merger would do irreparable harm to our freedom of speech.

—Linda Marshall, Greenville, SC

The FCC must stop this merger and ensure that America airwaves aren't controlled by fake and bigoted news. Thank you.

—Anita Legault, Littleton, MA

The FCC needs to act in the best interest of Jame and John Doe. Everything this administration does seems to be tainted with greed and self serving motivation

—Dacelle peckler, Paris, KY

THE FCC NEEDS TO DO IT'S JOB TO PROTECT THIS COUNTRY AND NOT LET THIS HAPPEN ? THIS IS A FREE COUNTRY WITH FREE PRESS?SPEECH AND THEY NEED TO SEE IT STAYS THIS WAY

—Diane lyle, Dowagiac, MI

The FCC needs to do its job to prevent over-consolidation of media outlets!

—Joe Teresi, Millbrae, CA

The FCC needs to step in and do their job! This isn't 1940s Germany for God's sake!

—Juliet willis, Torrance, CA

The FCC policy of not allowing a single media company to own a monopoly of media in a single market, or to own a majority of the nation's broadcast communication, has served us well to assure a diversity of opinions and views are broadcast. If you allow Sinclair Broadcast Group to merge with Tribune Media, diversity will be drastically limited. I do not advocate for one side or the other - we need strong advocates for conservative, liberal, and any other viewpoint to be well informed. Our country is not well served with only one news voice.

—Carol Gendel, San Marcos, CA

The FCC should be following 'smart' rather than regressive policies. Ajit Pai, show leadership (if that's possible)!

—Mona Kanin, Brooklyn, NY

The FCC should be working for the people of the United States of America, not for the corporations. They are not people, as anyone but a fool knows. We the people need a free and competitive press. Do your job.

—Robert Neilley, DENVER, CO

The FCC should block ALL monopolistic tendencies in media markets, regardless of political slant. Small towns desperately need local control of TV news outlets, radio stations, and ISPs to thrive as small towns. I lived for 18 years in a small town in Alaska and watched as the local stations, content and media jobs were swallowed and destroyed, to the considerable harm of the community.

—Tara Maginnis, San Rafael, CA

The FCC should block the Sinclair-Tribune merger.

—Anthony Dutton, Melbourne, FL

The FCC should not allow Sinclair Broadcasting to purchase Tribune Media. Sinclair's purpose is to broadcast misinformation and fake news to undermine our democracy and tear down our free press. Do not allow this purchase to happen!

—Camille, Evergreen Park, IL

The FCC should not cut special deals with a politically motivated media group, especially not one who would then own more than 70% of the national airwaves.

—Susan Jones, Portland, OR

The FCC should not promote a monopoly. Reject the Sinclair-Tribune merger.

—Brian Rice, Painesville, OH

The FCC was established to protect the consumer from misuse of the airwaves--this constitutes a dangerous misuse by almost completely controlling them with one single voice.

—Pam Reeves, Yountville, CA

the fcc works for all people and not just the rich. Anti-monopoly is the american way. You are supposed to protect the public.

—carole Willer, Villa Park, IL

The FCC works for the United States, not the president. Please support the greater good of the country.

—Barbara Judd, Berkeley, CA

—Kamala, Orleans, IN

The FCC's role is to protect all Americans from this type of swayed opinion that misleads the public. It is troublesome to think that this may happen and that money and wealth control the information that people receive. A free press is paramount/central to our core values as a nation; to consider anything else is blatantly wrong. Please make the choice to keep out news reporting free much of what is happening is destructive to our sense of community.

—PJ Blake, Portland, OR

The FCC's traditional oversight role has been to protect the citizens of the U.S. from being swayed by a single loud voice. The proposed merger is exactly what the FCC should prohibit.

—Christian Bailey, Charlottesville, VA

The Federal government has it backwards. We don't serve them. They serve us. They don't get to obfuscate and misrepresent facts and then shove them down our throat. This is not an autocracy. It is a democracy. STOP. THE. MADNESS.

—Javier Marion, Groton, MA

The first amendment does not protect propaganda

—Simeon Poulin, Richmond, VA

The FIRST amendment is FIRST...for a very important reason. Without that rule, well then, all the other amendments and the constitution itself would not be able to be read IF the Powers-That-Be so instructed!

—Robin Hordon, Kingston, WA

The First Amendment must be protected!

—Patricia L Larson, Cleburne, TX

The first thing a would-be dictator does is take over the press. Our free press, with all its flaws, is essential to a democracy.

—Rebecca L. Bradley, AURORA, CO

the first thing dictators do is take over the media!

—Evelyn McMullen, Montgomery, AL

The first thing Hitler and Putin did to seize control of their countries was take over the media. This is a common act of authoritarian rule. That way the people hear only one message. The one that the dictator decides. This is the beginning of the end of free democratic society. Fox News has already eroded the truth to power. It is our responsibility to stand against this and protect our democracy. The monopoly of media presence is frightening.

—Cynthia Probst, Ft Wayne, IN

The Fourth Estate was set up by the Founding Fathers to be a WATCHDOG, NOT A LAPDOG of politicians. And your responsibility is to guard against media monopolies. Please do your job.

—Richard Fochtman, Leeds, ME

The free and INDEPENDENT press is a cornerstone of our democracy.

—Holly Lawrence, Newport, NC

The free media/press is what our country is based on! Checks and balances, not propaganda!

—Cathy Fort, Medford, OR

the free press is our bedrock. Ideological propaganda is NOT.

—MA Turn, Denver, CO

the free press is the only thing capable of insuring a democratic America. Protect it. r8dmarshall

—David Marshall, New Port Richey, FL

the free press should be beholden to the truth not one person or one agenda. every great empire before america has failed if we dont want to join this very illustrious group we must maintain a free press that can expose any wrong doing.

—Roger J Lema, HAYWARD, CA

The freedom of the press is essential to Free Speech in America and guaranteed by our Bill of Rights. Please RESPECT our Founding Fathers!!! Don't deny Americans the FREEDOMS that my father fought for in WWII! Show your PATRIOTISM and stand up for AMERICA, THE LAND OF THE FREE!!! No merger!

—Susan Morrison, Stevens Point, WI

The freedom of the press is too important to allow a merger which could give a veritable monopoly to one media group.

—Charles Chihak, La Crescent, MN

The freedom of the press is too important to be put in danger because trump is a dictator not a president. Dangerously ego driven.

—Shirley Hadley, Bancroft, ID

The freedom of the press was something our founders saw as vital to our democracy.

—Deb Oegema, Lawton, MI

The government agencies should be breaking up monopolies not aiding them.

—Ruth Ray, Lacey, WA

The greatest danger to democracy that can be imagined is the shackling of the free press. These buyouts are shamelessly out to do exactly that. It is the sacred duty of every freedom loving citizen to stop this assault on America's free press.

—Yusuf Zhumkhawala, Sugar Land, TX

The hallmark of democracy is that we have a free, diverse, and open media, not a monopolized media.

—John Thaw, Corvallis, OR

the hallmark of our democracy is a free press that represents a diversity of opinions. An approval of this merger threatens our democracy. It should be prevented.

—Nancy Blaustein, coopersburg, PA

The idea of allowing this level of ownership of the public airwaves by one company should be absolutely a non-starter. This would be true even if that organization was not, as Sinclair is, a purveyor of an extreme partisan viewpoint, which it shoves down the throats of its owned stations. This is absolutely unacceptable.

—Robert A Console, Stow, MA

The idea that one outlet, whatever there agenda is, should own 70% of the media outlets in America is frightening and cannot be tolerated.

—Carol Driscoll, New York, NY

The ideal would be for one person or corporation to own one station. Any more than that is less than ideal. For one corporation to own more than half the stations in the US is unacceptable.

—Jeff Cope, San Pablo, CA

The illusion of controlling the world is powerful. As you may have noticed that never works out so well.

—Lynda Marin, Santa Cruz, CA

The importance of the free press and a diversity of opinions cannot be underestimated and it is your responsibility to assure that it is always protected in this country. Please take your responsibility seriously and block the Sinclair-Tribune merger.

—Jean Hoenninger, Woodbury, CT

The increasing loss of our rights as outlined in the Bill of Rights is terrifying.

—NNancy Clark, Norwich, NY

The institution of a propaganda machine is reprehensible.

—K Czechowski, Toledo, OH

The internet is a "commons" like Telephone and broadcasting. Those who are privileged to provide this commons, need to be varied and many. They also need to take a "backseat" to profits.

—Thomas Carlisle RN, Crystal Falls, MI

The Internet must be classified as a utility. A free and open internet is a right, not the province of plundering big telecom.

—Joseph Lawson, New York, NY

The internet must remain free in a democracy, just like a free press.

—Thalia Lubin, redwood city, CA

The is propaganda. I find it very troubling that we are moving in this direction.

—Janice ODonnell, Newport, RI

The last thing I want to see.....

—Sherry Kiskunas, Waterloo, IA

The last thing US needs is more big corporate consolidation of the local airwaves. The job of the FCC is to use OUR airwaves for the PUBLIC good. This is the very opposite of that mission and mandate. The people say they want a return to the fairness doctrine, nor consolidation of a single very biased viewpoint. In summary, this is a terrible idea.

—Sinthia Bachman, NYC, NY

the last thing we need is an ALL-TRUMP owned media group. PLEASE do not allow this merger which would then own over 70% of our airwaves. This is a continuation of Trump's altright policies. If you allow this our country will be in terrible trouble. Actually, we are in terrible trouble as it is, but allowing this merger would compound our country's descent into hell.

—Charlotte Jones, Elmhurst, IL

The last thing we need is another group talking lies from Trump's mouth. What happened to a free and independent press? Not one paid for and run by Trump's people. We want the truth, not this rot gut. Talk about a monopoly over the Country. Too many people are already brainwashed by Trump.

—Barbara Schrader, Galena, MO

The last thing we need is even more propaganda opppseudo "news" outlets. Stop this now.

—Susan Pettee, Great Narrington, MA

The last thing we need is more phoney baloney worse than Fox news !!!

—Lucy Harmon, Lindale, TX

The last thing we need is Trump's "facts" 24/7!

—Sherrill Futrell, Davis, CA

The last time I looked, we still live in the USA. We have a Constitution which guarantees certain rights and freedom. These rights should be honored and protected. With tRump at the helm, we are beginning to resemble a dictatorship. Time to step up and protect what is left of our Democracy.

—Winifred Silvers, Knoxville, TN

The law is the law, and it is the law for a good reason. Please respect the law.

—Marianne Edain, Langley, WA

The laws against monopolies, are for keeping crooked dealings from being forced upon the populace. Stop this.

—Stanley Wright, Brownwood, TX

The local news shouldn't be bias or have an agenda. Propaganda is for third rate countries not the United States. Please stop this merger.

—Justin Daniel Filipiski, Clarence, NY

The long term successful functioning of a democratic republic depends on a robust, freely accessible, and widely diversified set of public communication venues. Narrowing and limiting the range of media outlets invites oligarchy, which can then devolve into dictatorship. Let's not go there.

—Bruce Dunwell, San Andreas, CA

The looks like exactly like a monopoly to me. We don't need ONE opinion, we need diversity and discussion. It should not be allowed to happen.

—K Laurence, NYC, NY

The MAJORITY do NOT want the already conservative press to control ALL the news. You stopped covering news and are inflicting us with your fake bullshit propaganda. A funny thing happened when republiKKKans used the press to get a DICKtator elected through RIGGING the Swing States electoral vote...and COLLUDED WITH RUSSIA...you conservatives turned into regressive FASCISTS with a heavy dose of TALIBANGELISM. Screw you trying to further your propaganda swill.... We're onto to you MONEY WHORES.

—George Stimpson, Philadelphia, PA

The many media takeovers of the past 15 to 20 years have significantly affected what we hear and see over the air. It's time to stop this!

—Andrew Buck, Farmington, CT

The media has a responsibility to fact check, and to present opposing opinions in a timely and balanced manner.

—Suzanne Fox, CARSON CITY, NV

The media is already being compromised by "fake news". This would just be giving it free rein and normalizing lies. This would be like "state-controlled" media like in Russia or other dictatorial governments. That is not who we are.

—Leslie Morgan, Billerica, MA

The media needs to be free to report the truth. Keep the Sinclair Broadcaat group from dominating the media.

—Kathie Haller, Antioch, CA

The merger of Sinclair and Tribune Media should not be approved. We have enough propaganda and lies spewed by the likes of FOX news and Brietbart. We cannot allow Sinclair and Tribune Media to take such a large share of the nation's airwaves in order to amplify Trump's hate speech, lies and deception.

—Jean A. Thompson, Kennebunk, ME

The merger of Sinclair Broadcast Group and the Tribune Media Co. will create an unbalanced distribution of access to media channels. Please do not allow this merger to take place.

—KB Spangler, Greensboro, NC

The merger of two big media companies sounds much like a monopoly. This would seriously jeopardize unbiased information being disseminated to the public. Please do not allow this sales completion! This seems very problematic for all Americans!

—Sara Roderer, Richmond, VA

The mission of the FCC should be to operate for the benefit of all of us, not just special interests which are known to spout racist and anti muslim speech.

—Janice Gintzler, Crestwood, IL

The news media must remain able to voice a diversity of opinions - and investigate sources for truth and facts.

The news needs to be factual, period.

The news should be as impartial and factual as possible

—Kathleen Connors, Shawnee, KS

The news should not be manipulated. We want truth not fiction or theories. We won't watch it. Unhappy sponsors for you.

—Carol Snell, Clermont, FL

The notion of a "state sponsored" media is entirely contrary to the guarantee of freedom of speech, a free press, and the most basic principles of democracy. The FCC should not allow this merger to happen and should reinstate policies that protect the free press in this country.

—Karen LaMartina, Tucson, AZ

The number of news providers are shrinking enough--this would \*shrink\* the number even more! It will be like only offering crunchy peanut butter--if you don't like crunchy, too bad.

—CJ Rapp, Denver, CO

The obvious partisanship of Sinclair/Circa is being exposed now, and any agency responsible is also complicit in the crimes that Sinclair/Circa commit and intend to commit against the protections we value as citizens. This merger gives too much power to dangerously greedy liars.

—Diane Pitzel, San Diego, CA

The ongoing disregard for fair markets is unjust. A Monopoly should not dictate our multimedia. We did this once and two men created a false war to profit from - history is repeating and should be a concern for all Americans.

—Kelley Price, Ladera Ranch, CA

The only people who can possibly benefit from this corrupt deal is the Donald Trump administration. Shame on you for even entertaining the concept.

—Lisa Kogan, New York, NY

The only way to have a truly free press is to NOT have all the news sources owned by the same group.

The press is not free if anyone, the President of the United States, the New York Times, Sinclair or any other person or entity can broadcast to 70% of our population!

—Steven J. Deerwester, Upper Arlington, OH

The press is our last ditch check for power. We need independent voices.

—Susan Harris, Boncarbo, CO

The press is owned by too few and another merger stops the free flow of information for EVERYONE to learn about what is happening in the world, not just from the filter of ultra conservatives. DO NOT ALLOW THIS MERGER TO HAPPEN!

The press/media has served as the "4th Estate" in informing citizens of legislative/executive over-reach. This executive branch (lower case used intentionally) see no need to accurately inform the citizens. This must be stopped. Trump's lies must stop.

—James Wiswall, Saint Louis, MO

The propaganda on our local stations is a slap in the face to our freedom and morality. Do not make it worse by merging companies that will fill minds with piles of Trump's fake garbage. If Trump's mouth is open, he us lying. Don't put TV programming on the Trump RepubRussian train!

—Kathleen Lewis, Poughkeepsie, NY

The proposed merger would mean the end of a free press, and democracy requires a free press. Do not allow this anti-democratic merger.

—Susan Blain, Gardner, MA

The prospect of this Sinclair merger is horrifying. Please stop it!

—Jeanne Ayaz, Chicago, IL

The rich white privileged is real..

—Karen McBroom, Gainesville, FL

The right of a People to speak and be heard in a free exchange of ideas is a cornerstone of democracy. Allowing one voice near complete control of all the means for exchanging such speech undermines the tenets on which this country was founded, and upon which it thrives today.

The right wing is bent on Anarchy! I would hope that we can prevent total Anarchy

—Jim Brerrer, Tecumseh, OK

The risk of the president of the U.S. having, in effect, his own news network does indeed sound like Putin and other dictators. Do not let this happen.

—John Timothy Leonard, Cincinnati, OH

The rule against allowing a single media group to own more than 70% of the country's airwaves was established for a very good reason. Our democracy - any democracy - requires a free press as a meaningful way for its citizens to obtain unbiased news and a diversity of opinions. If one company controlled an overwhelming amount of the airwaves, it would be too easy to control public opinion by disseminating biased or false "news" as factual. Please protect our democracy!

—Margaret Tomlinson, Catskill, NY

The rules are clear, and exist to preserve the intent of the First Amendment. I would be alarmed no matter what the ideological bent of the broadcast group in question, but given it's angry racism and daily provocations to fear and hatred I am also disgusted and ashamed, even to have to urge you to block the merger. Has the FCC recently taken a look at the Declaration of Independence, the Bill of Rights, or the in-house rule-book? If so, it doesn't need me to urge a return to Constitutionally-grounded policies.

—Mary Baine Campbell, Cambridge, MA

The rules blocking monopolies and near monopolies should not be loosened for anyone.

—Rachel Rade, Lancaster, OH

The Sanctity of our Democracy depends on diverse and free media.

—Teri Micco, Santa Fe, NM

The should not be permitted to happen especially when a company mandates what will constitute news and broadcasters have to follow a particular political agenda. No entity should be allowed to dictate that report must be biased. Reporters should not be restricted in their ability to report news accurately and without bias. The policy for a free press and diversity of opinion must be protected. They need to reinstate the fair and equal practices to prevent any news organization controlling our rights to fair and unbiased reporting. We are not a repressive country and we want to keep it that way.

—Pamela Simone, Shepherdstown, WV

The Sinclair Broadcast Group has a blatant history of Islamophobia.

—Sandra Sick, Los Angeles, CA

The Sinclair Broadcast Group has openly embraced biased viewpoints which they intend to promulgate using public communications. That is not right.

—Garrett Mengel, Westminster, CO

The Sinclair Broadcasting business practices are of concern in particular, and in general I do not think it is wise for any one broadcast group to have a monopoly. Our democracy is at stake.

—Patricia Schneider, SUMMIT, NJ

The Sinclair Broadcasting Corp does NOT deliver fair, balanced and unbiased news!

—Nancy Hanauer, Seattle, WA

The Sinclair Group is a dangerous threat to our freedom of the press. With the merger, it would loom as an even more damaging presence. I urge the FCC to block this Sinclair-Tribune merger.

—Virginia Palumbo, Chelan, WA

The Sinclair group will only serve to rip this country further apart than what it is now. Please block this merger.

—Dennis Jackson, Manchester, CT

The Sinclair Group-Tribune Media merger should NOT be permitted. No single media group should be permitted to control over 70% of the country's airwaves! I strongly urge you to BLOCK this merger.

—Mary K Barnes, OSTRANDER, OH

The Sinclair management style means newscasters across the country are obligated to parrot the same story, without commentary or analysis.

—Marcus Maloney, Sacramento, CA

The Sinclair organization appears to be a propaganda organization restricting truth in journalism.

—Eric Simsik, Los Angeles, CA

The Sinclair Tribune merger would create a policy that allows the creation of media monopolies. Less competition in this realm would not only be against the economic interests of Americans but would allow crappy media content to flourish.

—Tyler Kalahar, White Plains, NY

The Sinclair-Tribune merger contravenes anti-trust legislation and would weaken one of the major pillars of our democracy--a free press.

—Joan Poole, Summerfield, NC

The Sinclair-Tribune merger cannot occur as it will result in a monopoly. This is un-American. It limits small business and inhibits innovation.

—Matthew Genaze, Cambridge, MA

The Sinclair-Tribune merger is bad news for everyday citizens of this country, and it is an affront to the increasingly diverse population in the US that expects better from its media.

—E Fatimah Hasan, Upper Marlboro, MD

The Sinclair-Tribune merger should be stopped. Monopolies are dangerous and destructive, and never more so than when they would control the media.

—Linda Murphy, Hyattsville, MD

The Sinclair-Tribune merger will erase the integrity of local and national news. Please block this form of brainwashing!

—Julie Damerell, Rochester, NY

The Sinclair-Tribune merger would be a devastating blow to free press and freedom of expression in our country. We need an open and diverse sources of information to protect and preserve our democracy. Please block this merger and stand up for all of our rights. Thank You.

—Jm Marill, Willits, CA

The Sinclair-Tribune merger would create consolidation of control over media that is antithetical to democracy, limiting public access to diversity of political opinion. This merger must not be permitted to go forward.

—Glenn F Gang, Hansville, WA

The Sinclair/Tribune merger isn't in the best interests of the viewers and this nation. This merger should NOT be approved!

—Justin Gibson, Granite City, IL

The Sinclair/Tribune merger should not be allowed. It would result in the monopoly of local broadcasts, with over 70% of the U.S. market owned by one monopolizing company. Stop the merger, please FCC. Thank you.

—Lee Warner, Tallahassee, FL

The sooner we get rid of Trump in all his abusive businesses the better.

—Erin Marshall, Portland, OR

The Sinclair group is evil. They purposefully distort the truth in order to consolidate power. If they are allowed to proceed, they will plunge America into fascism.

The takeover of media by state forces is the hallmark and most powerful tactic of every despot. In America we don't tolerate despots.

The telecommunication racket is one great big monopoly. The FCC has been a lackey to them. A clear case of the tail wagging the dog.

—Willard Cottrell, Burnsville, NC

the terms "free market" and "democracy" are not the same thing -- one can harm the other.

—Karen Slobod, missoula, MT

The Tribune has been a part of my family. My Grandfather was their entertainment artist for many years and a cousin of mine was the owner of the Tribune until recently. Thus I have a personal interest in keeping the Tribune out of the hands of the extreme right and for a merger that would lessen competition and free speech.

—Nadine Dilworth, Sandpoint, ID

The Trump Administration is only in the White House for themselves and the rich at the expense and voice of Millions of Americans. Just say NO to this greed!

—Joyce St John, San Antonio, TX

The Trump Administration must be stopped from subverting freedom of the press, and this merger would be a big blow to the free flow of information to the entire country. This is our guaranteed right. Don't cave to the money.

—Pam Larratt, Spokane, WA

The Trump family has already harmed the news media with "fake news"....we don't want more!!!

—Mary Sofatzis, Alameda, CA

The U.S. Is a Democratic, FREE country, which precludes any blocking of FREE SPEECH, and most assuredly, ANY company's owner ship of over 70% of our airwaves, especially when connected in ANY way with President Trump, should be blocked!!!

—Peggy B. Ray, Durham, NC

The U.S. needs more independent news outlets not less.

—John Wozniak, Minneapolis, MN

The United States is a democracy. One of the foundations of our democracy is a free, fact based, unbiased press. It is beyond inappropriate for a political individual, or family, to seek control over any form of media. The Trump family, and organization, have a reputation of being untruthful, deceitful, unethical , and in flagrant violation of conflict of interest laws. It would not be in the interests of the American people to allow them to control a media outlet. Mr Kushner should not be in control of a newspaper. This isn't Russia.

—T Anne Ellithorpe-Luker, Hancock, NH

The United States is based on a free and fair press. It is crazy to thinking in 2017 in a democratic country we are going to allow propaganda to be forced upon the American people.

—Pam McGlynn, Manhattan, KS

The United States is not a banana republic or a country that sells out to our enemy, Russia.

—Jeffrey R Morisse, Elgin, IL

The United States is only as strong as our democracy, which depends upon a strong, independent, and free press.

—Eleanor Klauminzer, Gig Harbor, WA

The United States is under conquest attempts by megalomaniacal power addicts with white supremacist core beliefs from within our country and kleptocratic gangsters outside colluding with Americans inside. Every agency of the American government needs to be on special point that power IS being abused and that concentrations of power such as takeovers of media stations by companies with histories of political bents need to be kept in check.

—James T McGuiness, Virginia Beach, VA

The United States of America is a democracy which includes rights and freedoms per our constitution. I do not want to hear, see or be part of this tyranny and fascist leader. He is an embarrassment and is a threat to the fabric of what this country was founded on.

—Joan Carman, Racine, WI

The United States of America needs a free and diverse media!

—Jane Hymes, Sidney, OH

The US cannot allow the merger attempted by the Sinclair Broadcast Group. It would be aiding in the vreation of a monopoly in the media. I urge the FCC to block this attempted merger and keep a free press.

—Margaret M Rustige, St. Louis, MO

the US must continue to support a free press and allow the media to broadcast a diversity of opinions

—Martha Childs, littleton, MA

THE US NEEDS A FREE PRESS TO ALLOW FOR DIVERSE OPINIONS AND INFORMATION

—Lee Loe, HOUSTON, TX

The US needs news that presents facts not propoganda. The divisiveness in this country is fueled by organizations like Sinclair who profit off creating that divisiveness. The FCC should be supporting democracy not undermining it as Sinclair is doing.

—Mary Ann Moran, San Francisco, CA

The USA isn't supposed to be a dictatorship. Wrong on so many levels. This is Hitler crap happening here.

—Clemente Cruz, Bay City, MI

The USA must have a free press, not more press controlled by big corporations with an agenda.

—Kathryn Somoza, Flagstaff, AZ

the USA was based on 'Freedom of the Press'... this propaganda machine is unacceptable!!

—Cynthia L Smith, CARY, NC

The vertebrae of a democracy include freedom to publish AND ACCESS news. This merger would provide a shortcut to manipulated news.

—Mary Hadcock, Bedford, MA

The White Nationalist party currently in our house will be kicked to the curb by Democracy.

—Susan, Mequon, WI

The whole concept of democracy depends upon people being able to get accurate information that isn't controlled by political groups. This rule will essentially start us down a road toward most of the country's airwaves will be controlled by a single entity with a distinct political agenda. What we need are as many voices as possible and more attention to local matters, not Trump TV.

—Ray Benjamin, East Walpole, MA

The would create a huge monopoly and would undermine our democracy!

—Linda Zabielski, Aurora, IL

Their media practices are based on xenophobia and race hysteria. Who needs more of that??

—Jane Nicholson, Manitowish Waters, WI

There are already too many companies that own too much influence airwaves. This merger would create the largest ever. It would be very bad for our country and should not be allowed to happen. Please block this merger!!

—Linda Padgett, Rogers, AR

There are better things to watch than Trump spams, scams, and lies. His tv show apprentince was bad enough. No Trump tv, please!

—Carrie Barnett, Everett, WA

There are good reasons to block such mergers as these. We need diverse points of view and allowing groups such as Sinclair (or any other group) to have a (near) monopoly is simply bad politics.

—Peter Lobell, Eugene, OR

There are many ethical reasons to prevent monopolies, especially when it comes to our rights to a free press, which is the television networks.

—Liz Murphy, LaFayette, TN

There are reasons the current regulations are in place. We don't need or want monopolies on our news broadcasts!

—Robert Kuning, Albuquerque, NM

There can be no notion of a democracy without an impartial Fourth Estate.

—A Clotilde Houchon, Salt Lake City, UT

There definitely needs to be more competition not having someone merge with another company to have one single media to own over 70%? I can say monopoly. Which needs to be stopped at all costs.

—Allison Betz, Denver, CO

There has not been a more critical issue facing the FCC. Please STOP this merger! Please reinstitute policies that allow a truly free and balanced press.

—Cheryl Umberger, Nashville, TN

There has to be free airwaves to maintain honesty and integrity. Please don't allow this merger take place!

—Michael Beeman Sr, Farnham, VA

There have to be diverse sources of information so the public can cross check what is being told on the airwaves.

—Rita Fitzpatrick, Colorado Springs, CO

There is no basis in any document, precedent, or norms of our country to allow the airwaves to be dominated by a polarizing voice. We were founded on a free exchange of ideas; please uphold that right.

—Mary Weeber, Blissfield, MI

There is a reason for the 70%. Remember anti-trust laws?

—Diane Hoyt, Old Saybrook, CT

There is already enough decisive and destructive propaganda in this country. NO MORE

—Leslie Englehart, Dayton, MD

There is already enough fake news without creating more

—John Hampton, Glasgow, KY

There is already for too much consolidation in the communications industry.

—Joel Vignere, Lakeside, MT

There is already much too much ownership concentration in the media. This deal must NOT be allowed. Rules should be changed to forced media conglomerates to break up into smaller entities.

—Joseph O'Brien, Honolulu, HI

There is already too much concentration of media. No more mergers. No more concentration of media in the hands of a few corporations. Perhaps instead, we could start breaking up these virtual monopolies, which would benefit The People, rather than benefitting the corporations.

—Michael Dague, Spokane, WA

There is already too much of an influence in the USA from right-wing radio and TV. At the very least, there needs to be a fact-check on information put out over the "airways"!

—Ruth Schafer, Chico, CA

There is an inherent conflict of interest in this merger which is dangerous for our country. The FCC should be protecting us from mergers such as this. You must not approve this merger.

—Julie Ciccarone, Alexandria, VA

There is enough consolidation in broadcasting already. Industry concentration is a threat to the truth.

—Vanessa Forselius, PONCA CITY, OK

There is enough evidence from the Sinclair Broadcast Groups clearly biased programming over the past several years to show that their intent is to spread their perspective and not unbiased fact based news. Giving them access to any more news outlets would only increase the amount of disinformation and poorly vetted stories that have already caused mass confusion and a very negative trend in our nations general direction, politics and a dramatic increase of divisiveness within our communities. We must do all that we can to avoid any further erosion of trust in the media so that facts can be facts again... and anyone that is even remotely accepting of the concept of alternative facts be publicly shamed, and not allowed to have a platform to spread their campaigns of lies.

—Seth Robbins, Medfield, MA

There is enough Trump propaganda on news shows now. We don't need more.

—Andrew J Lenart, Alachua, FL

There is enough vulgar political opinion out there now . No nmore.

—Marcia A Spratt, grant, NE

There is far too much consolidation in TV news in recent years anyway. Airwaves are dominated by corporate opinion. Please block this

—Michael Hoban, Newton, MA

There is freedom of speech and there is hijacking freedom. This is in my opinion, as a registered voter, the later. It's just another step in undermining our democracy and the foundations on which it was built. It's one thing if state owned stations operate under government control (eg RAI uno) but a whole other proposition when they pose as objective reporting while promoting propaganda. I hope our American institutions are stronger than one corrupt presidency. Kr, Ilesa Morgan

—Ilesa Morgan, Friday Harbor, WA

There is little difference between a state-owned news outlet like Pravda, and a corporate owned news outlet like Fox. Block mergers that create supergiants.

—Alicia Penk, Bethesda, MD

There is no accountability, anywhere, with these people.

—Martina Rippon, Madison, WI

There is no freedom if we lose our free press!!

—Daniel Pax Thompson, Shalimar, FL

There is no freedom of the press if the press is commanded what to advertise! Wanna start a civil war? Keep attacking our Bill of Rights.

—Erick Hedrick, Danville, IN

There is no place in our democracy for state run news. Sinclair has newscasters across the country parroting the same story, without commentary across the country. This is a huge step away from democracy.

—Carol Fairweather, Alameda, CA

There is no reason for a mandated segment to be aired that features a Russian commentary in America unless this country is being overtaken by Russians! Don't allow this to happen!

—Cecil Sharpe, Concord, NC

There is no value to newscasts that are scripted by conservative businesses trying to take over the world with false information.

There is too much consolidation in media companies, it muse stop.

—Peter Milio, South Pasadena, CA

There is too much monopolization in this country as it is and this media group has no interest in balanced reporting. please oppose this merger.

—Patricia Quimby, Los Angelesq, CA

There is too much Trump propaganda, as distinguished from legitimate news, already available on mainstream media. The last thing this country needs is a channel dedicated to Trump propaganda.

—Marcia Teasdale, Monrovia, CA

There needs to be fair and even distribution of news and information. A monopoly that is biased runs counter to our right to fair information.

—Eileen wolkstein, Short Hills, NJ

There needs to be independent and unbiased reporting of information.

—Tullia McHugh-Milano, Manville, NJ

there NEEDS to be SOME accountability by broadcasters to the American people -- the real owners of the "airwaves" (technology notwithstanding). There is something inherently wrong with the way Sinclair has behaved, and they should NOT be allowed to further spew their political agenda.

—Virginia Mqyo Black, Madison, WI

There seemed to be concern back in the early 1980s of AT&T's "monopoly" and yet no one seems to be concerned about so many large mergers these days. Why not?

—Gail Frethem, Minneapolis, MN

There should be more antitrust protections in the United States. Too much power is out into the hands of the wealthy few because of monopolies. Radio is already being controlled by a monopoly which allows for undue political influence.

Television does not need to go the same route.

—Shirley Hancock, Charlottesville, VA

There should be no monopoly of broadcasting by one company at all.

—Shyla Nambiar, Norcross, GA

There should be no monopoly ownership in tv. It violates democratic principles.

—Mary J Johnson, Boulder, CO

There should be no room in a democracy for propaganda to take over our airwaves. This is not Nazi Germany.

—Kay Artinger, Bohemia, NY

There should be restrictions on how many TV & Radio stations one individual or corporation can own for the good of our democracy.

—Robert Pascal, Englishtown, NJ

There should never be a must run opinion pieces on a local news channel. News is not supposed to be bias, but have fact based news stories that concern local areas and fun based stories for the community. I am concerned that someone owning so many stations and operating their will to force their view points on a public at large will be like Russia or Turkey where most of the news is not free, but controlled by a Government or by people of power. In these countries there is no free press. I believe that to have a free country you need a free press, and that means letting stations in local area choose which stories they will run and when. Please do not let big money ones again dictate what news becomes available and force their will on the public at large.

—Autumn Hanna, Louisville, KY

There should not be a monopoly . I m against a take over.

—Genece Warren, Laguna Woods, CA

There shouldn't be a bias in broadcasting. This merger represents a monopoly ideology.

—Linda Apton, Brooklyn, NY

There was a time when no city was allowed to own both a newspaper and a television station. Bring back that control!

—Esther Breslau, Portland, OR

There will be an uprising and a campaign to discredit Sinclair over this.

—Patricia Miller, Denver, CO

There's a reason a single media group is prevented from owning over 70% of USA's airwaves--free press and diversity of opinions. We need to have diversity in the press to foster free and intelligent thinking. If this move is not stopped, the USA will be going away from being a democracy and going towards being a Russia look-alike. This move needs to be prevented at ALL costs. Signed: a Science and Social Studies teacher.

—Ellen Oberle, WICHITA, KS

there's been enough to this country already. it doesn't need this crap in addition

—Ronald Smith, mitchell, GA

There's no place for bigotry and hatred in government. And Trump must stop supporting and associating himself with such venomous groups immediately!

—Sam yassine, Rohnert Park, CA

There's NO reason ANY media source should be allowed to broadcast LIES/FALSEHOODS, SUPPOSITIONS, ALLEGATIONS, HOAXES, CONSPIRACIES, or ANYTHING similar

—Patrica Holwell, No Richland Hills, TX

There's now too much influence coming from non independent press. It must not get Sinclair group added to the problem!

—Paul Schroeder, Bellflower, CA

Therese Ryan

—Therese Ryan, Palmdale, CA

These are my feelings exactly!

—David Edwards, Eugene, OR

These are the actions of a DICTATORSHIP!!!

—Cheryl Liniman, Parma Hts., OH

These forced "news" policies overriding local news judgement are unacceptable. This merger should not be allowed since it reduces press freedom in this country.

—Glenna Mayo, San Jose, CA

These guy's are worse than fox!!!!!!!!!!!!

—Thomas Brenner, Hollidaysburg, PA

These guys are bad news. They are brainwashing people in small markets around the country.

—Mickey Beltran, no.hollywood, CA

These is ridiculous. Trump and his peeps are a bunch of liars.

—Patricia pattillo, Fort Lauderdale, FL

These right wing websites are false and misleading and create fear and anger among Americans without facts to support their claims.

—James Flannery, Taylor, PA

These tactics to create a biased media outlet are not going unnoticed and will be addressed at the polls!

—Deborah A Albee, WOODSTOCK, IL

These type of mergers are a danger to our democracy.

—Mary Kay Barbieri, Bow, WA

These white ppl are criminals they should not be running this country w the heavy incompetency they carry

—Jonel K, Hackensack, NJ

They already have Fox Fake News - they don't need access to our free airwaves. The majority of We The People are not interested in listening to more lies and deception!!

—Carolyn Roddenberry, Cincinnati, OH

They are not news, but hate-filled, noxious propaganda. By masquerading as local programming, people will be more susceptible to these lies.

—Kevin Riley, Nashville, TN

They are scheduled to take over 2 stations here. Awful. Leaves us one station without their bias.

—Tamara Clohessy, Mckinleyville, CA

They are spreading total propaganda which makes this country seem more like Russia than the America I love!

—Claudia Casiano, Fort Wayne, IN

They are trying to flood the country with fake news.

—Mb B, Gainesville, FL

They have already taken over Traverse City UpNorth Live. It's here and we have to stop it.

—Teri Wilson, Ludington, MI

They MUST be stopped!

—Kerin kinzer, Bothell, WA

They're alt-right [Nazi] view should not and cannot cover such a large section of the media

—Mark Schneider, Taunton, MA

They're still the public airwaves. Despite Trump's and Sinclair's biases, using those airwaves cannot be purely for the purposes of propaganda.

—Scott L Davidson, Missoula, MT

They've already started it in my CBS Channel 13 WGME. No more!

—Susan Berg, Eliot, ME

Thins like this is the reason the FCC was invented in the first place. To ensure no one dominates.

—David Dragavon, Milwaukie, OR

this is a very bad ideal, sounds like a dictator ship in Russia, no one group should have that much control. I vote NO.

—Louise Malone, Lou., KY

This a a dangerous step toward eroding our democracy.

—Phil Wagner, San Luis Obispo, CA

this a frightening and a direct attack on our democracy. this isn't free speech, this is money buying our information sources.

—Perry Russell, Farmingville, NY

This absolutely can NOT be allowed. Unbiased news media is too important to democracy to sacrifice.

—Sarah Newman, Lake Saint Louis, MO

This act will certainly drive myself, my family and many friends to stop watching news on tv and stick to online streaming, where we can block out the biased coverage. Please, don't force us to do that! It won't be good for the stations in the long run and it's certainly not good for democracy.

—Bruce Odegaard, LAKE STEVENS, WA

This action threatens the very essence of our democracy.

—Deanne Hodgson, Phoenix, AZ

This action will be one more action in the campaign to destroy American democracy.

—Elizabeth Clark, Washington, DC

This action would continue this Tragedy of this administration where OUR DEMOCRACY continues to be threatened ; a Free press is OUR right...this becomes very scary ..I truly doubt that this is what we are supposed to be doing to "better" our lives! Where does it end???

—Chris Connell, Kirkland, WA

This administration is becoming more and more Hitler-like everyday.

—Carol Kuzdenyi, Pacific Grove, CA

This administration, the WHOLE administration, needs to go before they do anymore damage. PERIOD!!!

—Rebecca Wright, Hughesville, PA

This amount of control over the media by one company is unacceptable.

—Nickie Moran, Seattle, WA

This amounts to Soviet style state TV full of propaganda thinly disguised as news. If this passes, our government will be over.

—Jeanine Humphreys, Jacksonville, FL

This attempt at creating a "state-sponsored" News station is one more step toward tyranny!!! This "deal" needs to be nipped in the bud immediately!!! Tell Trump NO Trump News, NO media outlet, NO more lies and Propaganda!!! America has a First Amendment right to fair, accurate News reporting!!!

—Kathy Ostapuk, Glendale, AZ

This attempt by Sinclair - and Tegna for that matter with their right-wing agenda with lies and misleading reporting. This can not and should never be allowed in our country. The people of this country deserve correct and honest reporting without political slant. And to have these companies have a monopoly on the reporting should not be allowed in the US!

—Linda Massey, Edmonds, WA

This attempt to control such an enormous breadth of news outlets is an awful and un-American affront to the citizens of our nation.

—Paul Krippner, Everson, WA

This biased assault on news is insane. Keep local channels bias free.

—George Hall, Ballwin, MO

This broadcast group is an abomination and forces it's stations to spew fake news.

—Joanne F Dunlap, Rangeley Pltn, ME

This broadcasting system should be shut down. Our democracy will be endangered by the lies presented by this company. Many people in America are not aware of where this information is being produced and why it is being produced and how it is being spread across the nation. This needs not to happen.

—Susan Martland, St Paul, MN

This can not be allowed

—Kelly Johnson, Holland, MI

This can not be happening in my country. Unbelievable. Please stop this NOW!

—Adrienne Waterston, State College, PA

This can't be allowed to happen

—Judith Betcke, Waverly, NY

This can't be legal!

—Jan Martinez, New Orleans, LA

This can't happen!!

—Angel Thornton, Allentown, PA

This cannot be allowed to happen! I refuse to ever again watch my local affiliate station in Cincinnati! Never again! We are not Russia!

—Laura Colston, Terrace Park, OH

This cannot be allowed to happen!!!

—Margaret Schubbe, Powell, OH

This cannot be allowed to happen.

—Gilda Kantey, Frederick, MD

This cannot be allowed to happen.

—Mark Jay, Ann Arbor, MI

This cannot be allowed to happen. No, this must be stopped.

—Elizabeth Perkins, Newark, DE

This cannot be allowed to happen. The Trump regime is arguably the worst to manifest itself in American history. The Sinclair/Tribune merger must never become a reality and Trump himself must be removed from office as soon as feasibly possible.

—Cliff Long, Reisterstown, MD

This cannot happen - it will do in the USA.

—Kay Nelson, Richfield, MN

This cannot happen!

—Manuel Carvajal, Sherman Oaks, CA

This CANNOT happen! We live in a democracy - this is like propaganda TV!

—Kira, Watertown, MA

This cannot happen!!!

—Devonia Stein, Bloomington, IN

This cannot happen!!!

—Janina OBrien, Baltimore, MD

This chews up and spits out the First Amendment. This is NOT democracy. This is NOT freedom of speech. This is censorship of the worst order. This is what totalitarian governments like North Korea and China do.

—Renee C Mulhare, Tewksbury, MA

This company is a hate monger and must not be allowed to merge with the Tribune.

—Athalia H. Cope, Orlando, FL

This conglomerate is a significant danger to the free exchange of unbiased information upon which citizens make informed decisions. This is coming alarmingly close to the manner in which totalitarian governments control the media and, hence, their citizens.

—Sherry Moyes, Salt Lake City, UT

This consolidation is not use of public communications resources in the public interest.

—Jo Ann Duman, Texarkana, TX

This constitutes a monopoly which does not serve the public or the First Amendment

—deirdre McKiernan Hetzler, Fairport, NY

This continued effort by Big Biz to control and manipulate this country must end! Free enterprise is what made this country great. Our forefathers knew that, it's time for Congress to grow up, take their own interests out of the equation and do what is Right for ALL Americans!

—Cindy Borden Mercer, Decatur, GA

This control leads to fake news; hood journalism becomes yellow.

—Virginia Brinker, St Clair shores, MI

This control would not be what the founders would have accepted.

—Lawrence Stryker, La Crescent, MN

This corporate giant just purchased four local stations in my rural community. There will be no choice in news coverage and only a conservative perspective. Do not allow them to purchase more stations. They already have a monopoly of stations

—Nancy Frost, Eureka, CA

This corporate merger is a very bad idea. Don't allow it!

—Arvo Tanner, Rice, MN

This could be the most dangerous thing yet.

—Hall Beth, Granada Hills, CA

This could become monopoly?

—Michael R Coe, Crete, NE

This country doesn't need a "state media station", which would be the logical offshoot of allowing this merger to take place.

—Linda Knapp, Peru, IN

This country is being destroyed by outright lies presented as news. Stop the insanity now.

—Gail Overstreet, Elkhorn City, KY

This country is founded on the idea that we don't have monopolies and we don't limit speech. Sinclair consolidation does both things. If you allow this you undermine the strength of our democracy itself.

—Matt Rigney, Williamsburg, MA

This country is getting more like 1930s Germany every day. IT MUST BE STOPPED!

—Nick Korolev, Fisher, WV

This country is made of immigrants what the hell is wrong with you!!!!???

—Ana Castellon, Passaic, NJ

This country is still a democracy and until our constitution changes barring freedom of speech, whomever we vote for should not have a monopoly on how information is distributed to the public square. I will always choose, "America home of the brave" over 'America home of the enslaved'. Somehow this administration cares more about how much they can abusively flex their influence within the government in terms of contradictions/mind control/sewing confusing, as opposed to critically apply how government will improve all the American people's lives because they now are employed by the public. I cannot wait to vote in 2018 and 2020, like I do every year!

—Stacie Black, MORTON GROVE, IL

This country must not allow a trump monopoly of the airwaves - he has sucked out enough of the atmospheres oxygen as it is.

—Betty Juodis, FLOWERY BRANCH, GA

THIS COUNTRY SHOULD NEVER BE FORCED TO AIR ONE SIDED VIEWPOINTS!! WE WANT THE IMPARTIAL FACTS - NOT PROPAGANDA!!!

—Carole Michele Caputo, studio city, CA

This country should not be headed for a single communication source. This is not communist Russia, yet. Stop this madness.

—Barney Bryson, Urbana, IL

this country was born on diversity. it is imperative that the merger be blocked. a merger would allow one company to own almost 3/4 of the airwaves. we need competition in order to protect and preserve the diversity that makes tv great

—Dani Ortolano, new york, NY

this country was founded on free speech

—Bonita Shea RN, wasola, MO

This country was founded on freedom of religion or lack thereof. The Sinclair-Tribune would violate our First Amendment. Please vote no and allow free press and diversity of religious opinions.

—Linda J Murray, Lafayette, CA

This country was founded, among other things, on the premise of free speech.

—Sylvia R Gray, SLC, UT

This country's citizens need to hear the truth from our news media, not lies from Trump. Our Constitutional rights should not be infringed upon.

—Constance Ingersoll, Inverness, FL

This crap needs to stop!

—Nichole, Pennsauken, NJ

This deal must be stopped!

—Kathleen Snyder, Holt, MI

This degree of media consolidation is more reflective of an authoritarian state where information is limited, and diversity of opinion is stifled. Preserve the integrity of our Constitutionally protected freedom of expression and block this dangerous merger!

—France Morrow, Yakima, WA

This doesn't feel like the United States anymore.

—Elle Ipswich, San Francisco, CA

This effort for a state media propaganda network is un-American

—Michael, New York, NY

This enables totalitarian government. No way!

—Carol Knoles, Springfield, OR

This fake news propaganda is the biggest problem we have going forward as a democracy. It needs to be stopped

—Hannady Morsi, West Chester, PA

this fake president once again is breaking the law

—Linda Valenziano, Martinez, CA

This family is trying to take over our country and our democracy.

—Susan Lee, Takoma Park, MD

This flies in the face of anti-trust laws. Please follow the law and deny the merger.

—Pamela Kerr, Stockton, NJ

This frightening scenario is straight from Putin's playbook...

—Christine McElwee, Nampa, ID

This goes against everything that democracy stands for. If one company owns 3/4 of the press (and their opinions!) that is all we will hear.

—Theresa Melof, Hillsboro, OR

This government needs to grow up and treat we the people not like puppets but, humans again. Stop the propaganda.

—Bobbie Ebert, Warwick, RI

This group reduces the news into pablum. It removes reality and inserts mindlessness.

—Roxane Clark-Murphy, Pahump, NV

**THIS GROUP THREATENS OUR DEMOCRACY. DO YOU JOB TO PROTECT THE US CITIZENS.**

—Eileen Murphy, Cooperstown, NY

This has already affected our local news where I live now and it needs to be stopped.

—Sue Starstone, Reedsport, OR

This has got to stop.

—Bryan R, Albany, OR

This has the color of a future "state TV" with its ties to the president's son-in-law and its extremist views. North Korea has state TV but it has not place in our democracy.

—Amy Henry, Northampton, MA

This has to be against the law!

—Meg Collins, Naperville, IL

This HAS to be and remain illegal. Read Orwell if you don't get it!

—Carmelle Kuehn, Rogers, ND

This HAS to be stopped ... or our country will suffer greatly.

—Lance Vilter, Los Angeles, CA

This has to be stopped.

—William Stark, La Marque, TX

This has to stop.

—Umar Khan, Arlington, VA

This horrible idea would be tantamount to a government propaganda machine.

—Anthony Rice, Rimrock, AZ

This I feel is VERY important! I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions.

—Bob Diamond, New York, NY

This is 2017, not 1984. You can't allow one media conglomeration to own 70% of the airwaves.

—Mike Lynxwiler, St Louis, MO

This is a that she just moved by the Trump administration stop it. No one company should have this kind of monopoly.

—David, Kansas City, MO

This is a "Trust" that needs badly to be BUSTED. Giving more and more power of speech to fewer and fewer special interests WILL decimate our First Amendment to our Constitution guarantee of Freedom of Speech to All.

—Sal Amendola, Brooklyn, NY

This is a bad deal for Americans.

—Robert Lauer, Beaver Dam, WI

This is a blatant attempt to control the media. It simply against the concept of free enterprise and fair competition.

—Thomas L. Reed, Bryan, OH

This is a brazen attempt to create a television monopoly!!

—Quentin Hancock, Santa Cruz, CA

This is a clear attempt to monopolize local news stations. The FCC should be committed to their anti-trust mission and regulations.

—Stephanie Minor, San Jose, CA

This is a constitutional guarantee that I am not willing to see denied by corporate control of the airwaves.

—Joyce Ellwanger, Milwaukee, WI

This is a crime against the people. Do not allow money to buy our freedom of the press. Don't make America just another footnote in history like the Roman empire, doomed by greed and conquest.

—Tony Tait, Poway, CA

This is a crime. Our country is in deep trouble if we permit propaganda from our government. We are not North Korea, Russia or Hitler's Germany.

—Estelle, McKees Rocks, PA

**THIS IS A CRITICALLY URGENT MESSAGE AND MUST BE ADDRESSED AND ACTED UPON IMMEDIATELY!!**

—Harold J Tipping, San Jose, CA

This is a dangerous and destructive idea--One of the first steps on the path to dictatorship is to control the media.

—Sherry Lewis, Albuquerque, NM

This is a dangerous game the Trump administration is trying to play. We must continue to be mindful of our freedom and protective of our freedom. Power to the People!

—Gwendolyn Mayrant, Philadelphia, PA

This is a dangerous merger that should not be allowed.

—Wendy Dickinson, North Adams, MA

This is a dangerous monopoly - and a restriction of free press. Sinclair is NOT an unbiased outlet. Don't kill our democracy! Stop this merger!

—Deborah Pearl, Los Angeles, CA

This is a dangerous precedent to set. One entity should not have this much control.

—Carolyn Robinson, Glendale Heights, IL

This is a dangerous precedent. It smacks of government run tv such as in Russia.

—Susan Therese Horvat, Roscommon, MI

This is a dangerous situation!! Don't let this happen!! What is happening to our country!!???

—Nancy Kramer, Port Washington, WI

This is a democracy or at least it's supposed to be

—B Paul Horne, Boynton Beach, FL

This is a democracy. We need fair news representation on our networks.

—Tarbia minto, Bel air, MD

This is a democracy...act like it!

—Deborah Bair, Sanford, NC

This is a direct attack on our democracy, plain and simple. Do not allow this merger to take place. The FCC must reverse course on reinstating the UHF discount. Our country must move forward, nor backward. The Dark Ages must stay in our history books only as a stark reminder of the debased nature of some humans.

—Lorraine Merriman Farrell, Bloomington, IN

This is a direct attack on our democracy. The FCC needs to protect our country and stop this merger.

—Deborah Barles, Riverside, CA

This is a disgrace, is this America! ? This is a blatant attempt to take over honest news and media!

—Mary Henry, Boca Raton, FL

This is a downward slide towards dictatorship and a control of media should not EVER exist in a democracy!!

—Donna L Mockaitis, seaford, DE

This is a dreadful idea.

—Mary Lloyd, Hoffman Estates, IL

This is a first step towards state run TV. trump would love nothing more.

—Alexandra Hare, Wilsonville, OR

This is a form of censorship and propaganda. Hands off the media, Trump!

—Keila Martin, Dallas, TX

This is a frightening development, and is another step on our way to fascism. If you don't protect us from hate radio, who will?

—Carol Parker, Durham, NC

This is a frightening prospect for our country. Please do not allow this propaganda to be broadcast as fact.

—Kristin Mize, Ukiah, CA

This is a gross conflict of interest. This same company slants its news in support of the Trump administration. To allow this company to own 70% of the airwaves is to deny freedom of the press. In addition, the fact that there is a business relationship between this company and the Trump family seems to me to be breaking the emoluments clause of the constitution. How can the FCC in good conscience approve this merger????

—Ann Bley, Mesquite, NV

This is a hideous idea.....this will ruin our Democracy.....it must not be done !!! Shame on you for even considering the idea !!! Republicans are as sick,as Mafia Trump !!

—Toni Garmon, Daswonville, GA

This is a monopoly and should be stopped. We need unbiased sources of news.

—Karen Caine, BRICK, NJ

This is a monopoly and should not be allowed.

—Susan Ford, Milton, MA

This is a monopoly brought about by DT's pathology.

—BW Carlton, New Orleans, LA

This is a monopoly of the worst sort.

—Phil Breen, Little Rock, AR

This is a no-brainer!

—Don McKelvey, Euclid, OH

This is a platform for racist views and extreme right wing propaganda. With Trump in office these stations will become a form of State run television. Please take the time to look at programming subjects. The Sinclair group supports racist views , and seeks to take advantage of the false nationalism . Many of the executive orders , and proposed legislation is a direct move against the people. Meant to weaken our rights and recourse of action. Personal liberty , freedom of speech , judicial power , and voters rights are all under attack . Trump and the extreme right wing of the Republican Party are coordinating against civil rights and equality. Many groups of American citizens are already feeling the strain and fear from the attacks of those on the right. Groups of minorities are being targeted. Trumps administration and Republicans in general are singling out gay's , Muslim's ,immigrants , transgender , and women just to name a few. The Sinclair group looks to increase audiences in order to indoctrinate viewers with hateful rhetoric , and increase fear by portraying targeted groups as enemies of "white society". While I understand that their rights as a company must be considered ,it certainly isn't necessary to rewrite laws , rules , and regulations just to accommodate them and their agenda. Thank you for your consideration in this matter, and I hope you will uphold the values and founding principles that are vital in remaining a free , tolerant , and inclusive country !

—James Shemes, Lapeer, MI

This is a ploy to attack our First Amendment right.

—Gainor Tomokiyo, Honolulu, HI

This is a potential monopoly that must be prohibited now, rather than later.

—Greg Lavin, Astoria, OR

This is a potentially dangerous merger and should be blocked in order to preserve our First Amendment rights.

—William Kupsky, Grosse Pointe, MI

This is a real threat to unbiased reporting.

—Susan Jay Smith, Cincinnati, OH

This is a serious threat I hope people realize that

—Tanya Kasper, Wimberley, TX

—Leslie Crockett, San Rafael, CA

This is a terrifying prospect. These people are truly dangerous because of a citizenry that is gullible, fearful, and poorly educated.

—Robert Elliott, Las Vegas, NV

This is a threat to our rights!! There should at least be a disclaimer for those mandatory segments.

—Sandra Sites, Palm Coast, FL

This is a very bad merger. Trump and his bunch would control information we receive.,

—Barbara Small, Fortuna, CA

This is a VERY important issue and it is dangerous and wrong for any group or be allowed to force local stations to show propaganda. Free press depends on this not happening.

—Ruth Anne Mak, Florence, AL

This is a very serious and important matter.

—Janet Smarr, La Jolla, CA

This is a very very bad development! The FCC needs to be curbing monopolistic behavior rather than assisting it. Is there anyone home there other than the Trump shill...goon... he appointed as head of the FCC to do his bidding?

—Tom Sharkey, Granby, CT

This is a violation of the first amendment and clear political posturing!

—Joseph Ornstein, Brooklyn, NY

This is abominable. Do something, FCC!

This is an authoritarian tactic-attempting to control the media. It must be ended before it is allowed to begin.

—Diane Riffie, Denver, CO

This is an extremely important petition. Please reinstate the policies that allow for a free press and a diversity of opinions, and STOP the S-T merger!

—Antonia Lant, Brooklyn, NY

this is an obscene abuse of presidential power and would be akin to Hitler's propropaganda ministry.

—Leo Calabrese, Mableton, GA

This is an obvious attempt at trying to monopolize a market and needs to be stopped!

—Louis L. Davidson, CLIVE, IA

This is an outrage against democracy. Stop it!

—Frank Zaverl, Parker, CO

This is an outrage! FCC must stay out of politics and refuse the Sinclair/Tribune merger!

—PHOTOJOURNALIST Clayton Price, Brooklyn, NY

This is an outrageous and alarming. I urge the FCC to block the Sinclair-Tribune merger. Please uphold policies that allow for a free and diverse press. Thank you.

—Robin Knowlton, Lodi, CA

This is an unacceptable merger. Please block it.

—Gail Shulman, cambridge, MA

This is an undemocratic takeover of the media. Please don't let this happen. A democracy is based on a variety of information and not just Sinclair propaganda.

—David H. Vannet, Indianola, WA

This is an urgent issue given this administrations intent to subvert the normal democratic system

—Tim James, Santa Barbara, CA

This is another affront to democracy by a president turning into a dictator.

—Richard C Silvestri, Ft. Pierce, FL

This is another attempt by Trump to become a dictator.

—Connie Cranford, Haysville, KS

—Shirley Powell, Johnson Creek, WI

This is badly wrong and a simple attempt by right-wing to control media.

—Klaus Yurk, Lincoln, NE

THIS IS BEYOND WRONG! WE ARE NOT RUSSIA!!!

—Ann Paga, PITTSBURGH, PA

this is big brother in action and the consequences would be awful

—Kathy Zimo, Abington, MA

This is blatant capitalism over liberty. Free press--a crucial tenet of our democracy--is not ONE corporation having control of the majority of news coverage.

—Kelsey Cramer, Minneapolis, MN

This is brain washing.

—Carol Kanke, The Villages, FL

This is brainwashing

—Marlayna Hadley, Inyokern, CA

This is bull shit! No Merger!

—Julie Cotrupi, Dover, NH

This is called monopoly. We are allegedly against monopolies in this country. Not only that, but we are allegedly a democratic nation -- and this kind of behavior is not encouraged or supported in a democratic nation. Please do your job and do the right thing -- which is to forbid this proposed merger.

This is extremely un-democratic in nature, and frankly, dangerous for our country.

—Judi Dressler, Louisville, CO

This is facism. I am repulsed that this would even be considered.

—Korin, Centerville, OH

This is fascism, plain and simple.

—Barbara Dallas, Concord, CA

This is horrifying to me. Propaganda TV is not good for our democracy.

—Kristina Thalhammer, Northfield, MN

This is how dictatorships begin.

—Leslie Wellbaum, San Francisco, CA

This is how dictatorships capture a country ... with a state-run propaganda machine. Protect the First Amendment.

—Judy Chapman, Wheeling, IL

This is how propaganda is spread like Russian RT. We have Fox News and all the other misinformation hate spreading websites and AM radio hosts like Rush, Hannity and Breitbart. The fringe should be kept fringe. Or this will be out of control in 4 years. Reality fact based news will be replaced by Trump and Brannon's propaganda machine.

—Jan Brogan, Aptod, CA

This is how Putin controls the media in Russia, by consolidating the media under one roof, the state roof. Whether they know it are not Herr Gropenfurher and his administration ( including the FCC ) are in lockstep collusion with Putin by their actions.

—Kevin J. Gosztanyi, Bethlehem, PA

This is illegal. You cannot control what we see in the press. Knock it off POTUS

—John, Canton, SD

—Jane Bodine, Naperville, IL

This is incredibly alarming!

—K Kreber, New York, NY

This is incredibly alarming, please block this merger.

—Kate Harrow, Cincinnati, OH

This is indeed a very bad deal for the AMerican people and for the value of diverse opinions being aired.It is a shocking partisan takeover of the broadcast airwaves that I strenuously oppose. This is supposed to be a free country, not one in which any political slant controls our airwaves and media.

—Susan Weiss, Rockville, MD

This is INDEED serious!

—Janet D Smith, Seattle, WA

This is insanity and must be stopped!!!! It's like a nightmare.

—Kristen Vandall Bunk, Nashua, MT

—Cheryl Jackman, Delray Beach, FL

This is just so wrong and should not be allowed by any media group.

—Maris Listello, Downers Grove, IL

This is just the start of state run TV. A monopoly of such a large segment will not be in the best interest of democracy. Same goes if it was a left wing media outlet.

—Julie Potter, New Port Richey, FL

this is just wrong!Period !

—Bob Dittmeier, farmingdale, NY

This is looking like a monopoly -just like need and demand diversity of thought

—Dorian Hansen, Brooklyn, NY

This is no less than a "State News Network" and flies against our Constitution of a Free Press.

—Bonnie Squires, Battle Creek, MI

This is no longer the United States of America when the media is controlled by the government.

—Helen Renier-Carr, Mount Orab, OH

This is not a case of regulation run amuck but IS a case of protecting the freedom of the press and the free flow of information.

—Carol Richter, San Diego, CA

This is not a communist country. Free Press is a Must.

—Mia Guerra, Aurora, CO

This is not nazi Germany. This must stop

—Joy wells, Lowell, IN

This is not news, this is propaganda. This country is already in enough trouble with networks like Fox and Breitbart spewing propaganda, please don't allow any more of these takeovers.

—Roxanne L Schwarz, Lockport, IL

This is not OK Stop the nonsense...The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you!

—Ricardo, Jacksonville, FL

this is not right

—Linda Campbell, casselberry, FL

THIS IS NOT RIGHT

—Crystal Brady, Anchorage, AK

This is not Russia.. we cannot be force fed propaganda. WRONG

—Sherry Horton, SIOUX FALLS, SD

This is not Russia... yet. Get this crap off the American air.

—Lynette Blackburn, Cranston, RI

This is not what our country is about. We are still a democracy and we should have multiple outlets where news can be broadcast and not owned by a single media company.

—Carolyn Vaughan, St. Louis, MO

This is nothing but a fascist propaganda industry.

—James Peloquen, New york, NY

This is nothing less than a propaganda tool requiring local television stations to share "must run" daily segments during local programming and news. Allowing Sinclair broadcasting to merge with Tribune essentially gives them a broader platform to generate conservative fear- mongering over sensible and balanced news with a focus on local and community events.

—Shelby Baumgartner, Perry, MI

This is nothing more than forcing State TV. We are not North Korea or China. This is an outrage!

—Sheila Leadbetter, Westminster, CO

—Diane Lees, Ny, CA

This is outrageous and please know that I will do everything I can under the law to stop it from happening

—Alexandra Schumacher, San Jose, CA

This is outrageous corruption of the democratic process. No media monopolies should be allowed. No single company should own more than 15% of the national market.

—Byron Boylston, Saint Matthews, KY

This is outrageous propagandizing, alien to democratic values.

—Robert Mendonsa, Bellevue, WA

This is outrageous! It MUST be STOPPED!!

—Diane Lesser, North Augusta, SC

This is outrageous! We should adhere to the Constitution and not be force fed State propaganda.

—Barbara Annechino, Rochester, NY

This is outrageous!!!! We need a free and open access to news and tv programs that reflect the full range of opinions and beliefs that reflect the diversity of this country!!!!

—Catherine Lambeau, Huntington, WV

This is outrageous, and NOT permissible. It is the equivalent of a mob-lynching of our democracy. Everything that goes around comes around; and the ones who are pushing this outrage will find their political aspirations short-circuited.

—Eve Ilsen, Boulder, CO

this is outrageous. Do your job. 70% is too much monopoly as it is. Our press is supposed to be free and open.

This is really frightening but I have no question that it's his goal

—Patricia A Fogg, Greene, ME

This is reckless and dangerous and destructive to the very fundamental principles of democracy.

—Lori Myren-Manbeck, Eden Prairie, MN

This is ridiculous and I can't stand to see at all let alone constantly. I will not watch any news then. This is dictatorial to only have republican tv and only good not the real things he does. Do you think when bad things happen they won't blame him eventually.

—Margaret Cornelius, Hopkinsville, KY

This is ridiculous and upsetting. Where is freedom of the press???

—Kathryn Goerig-Eastlake, Naples, FL

This is ridiculous! Conflict of interest, violation of emoluments clause, insanity!

—Barbara Remenar, Hemet, CA

This is ridiculous. This is a monopoly. You should deny it. Expect for Trump to be voted out and you will be out of a job.

This crap is not going to help USA residents.

—Laura Denney, Greenwood, IN

This is scary and intolerable.

—Carolyn Pena, San Jose, CA

This is scary. Without a free and fair media, there is no democracy. Republicans and the Trump appointed chair of the FCC need to stand up against this threat, if they have a shred of integrity left.

—Laura Mosedale, London, CT

This is shameful. We need freedom of the press!!

—Dara fagan, Gainesville, FL

This is shocking that a right-wing company is planning to take over our media! Please block this!!

This is shocking. We cannot become a totalitarian, authoritarian country no matter how unhappy or unfair the President feels the media is.

—Catherine Boyle, Chicago, IL

This is sickening!!!

—B trivato, West nyack, NY

This is sinful! I am appalled by the depths of propaganda we are witnessing by Trump and his media.

—Cindy Boehmer, marlborough, MA

This is so dangerous to our democratic Republic. If it's continued, they should be banned from call it NEWS. It's not. It's PR.

—Agy Wilson, Westbrook, ME

This is so obviously wrong that I'm appalled that its even being considered. Stop this merger!

—Rodger Samuel, Beaver Falls, PA

This is so wrong in so many ways, please stop this merger.

—Brenda James, Vero Beach, FL

This is so wrong!

—Barbara Toupadakis, DAVIS, CA

This is so wrong.

—Debbie Karvey, Woodstock, GA

This is so wrong. We, as Americans, have the right to think for ourselves, not as Boris and the Sinclairs think we should.

—Tom Lund, Fishers, IN

This is sponsored news that is masquerading as real news. This is so wrong. I do not believe news that is basically propaganda for the conservative right wing movement should have anything to say about how local news is run.

—Patricia Gonzalez, Irving, TX

This is state propaganda!

—Maureen Greenly, Middletown, DE

THIS IS STATE RUN PROPAGANDA! You'll be inciting protests and riots. 'We the People' know when we are being lied to by partisan politics.

—Nickie Enochs, Canton, OH

This is state run TV. We are not Russia. Stop this propaganda now.

—Kristin Clancy, Downers Grove, IL

This is still a Democracy / Republic, don't make it an Authoritative nightmare

—Cynthia, St. Louis, MO

—Lynne Foosaner, Willow Grove, PA

This is terrifying.

—Judith Hendricks, Santa Fe, NM

This is terrifying. Literally Orwellian! These lying, soulless Republican propagandists are destroying America!

—David Sillman, New Port Richey, FL

This is the beginning of state run propaganda. I object to this strongly.

—Bea Wyatt, cave creek, AZ

This is the equivalent of state run media like North Korea or Russia. Last I checked, I live in the USA where we have a free press/media in order to keep our government in check. This merger violates the 1st Amendment!

—Kelly Ignatjew, Amherst, NY

This is the first step toward government propaganda and actual fake news.

—Deborah Slate, North Hollywood, CA

This is the kind of thing every dictator has done. Trump is destroying everything this country has stood for.

—Lynn Hammond, Cleveland Heights, OH

This is the kind of thing that occurs in banana republics and third world countries. Without a free press we surely are moving in those directions or worse, a dictatorship full of one sided propaganda.

—Irene Sanders, Glenwood, IL

This is the land of the free. Let's keep it that way.

—Cj, Phoenix, AZ

This is the next FASCIST takeover of our country!! I cannot believe that the FCC IS NOW part of this takeover! I will cancel all TV subscriptions if this occurs!!

—Kathleen R Worgul, Aurora, OH

This is the same kind of anti-democratic and anti-information equality that the FCC is already attempting with its attempts to roll back the rules that assure net neutrality. We need the opportunity for our public media to express diverse opinions and to share local news and concerns. Please do not allow this merger.

—Mickie Lynn, Delmar, NY

This is the same thing that happened in World War II in Nazi Germany. We cannot let this happen here.

—Michael Biers, Woodland Hills, CA

This is the type of thing that anti-monopoly laws were created. Please stop this monopoly and do not allow this merger.

—Nanette Whitaker, Hampshire, IL

This is the United States of America and a free press and diversity of opinion are principles our country was built on and needs to maintain.

—Kathleen Arnold, Warner Robins, GA

This is the United States of America, not Russia (in spite of what Mr. Trump would like). State run propaganda has no place here.

—Liz Moudy, Fort Smith, AR

This is the United States of America, not North Korea. We do not need state mandated communications.

—Andrea Hall, Granada hills, CA

This is the United States, we should pride ourselves on an honest and impartial media. Sinclair should not be allowed to spread miss information the way that it does.

—Anthony Macaluso, College Park, MD

This is the USA for heaven sake, not Russia, China, or North Korea. We the people will not stand for this!!!!

—Judith A Conoyer, U. City, MO

This is the very definition of monopoly. Sinclair Broadcasting has a far right agenda that does not represent truth in its broadcast programing. The FCC must block this merger.

—Brian Fisher, Vashon, WA

This is too close of a violation of the First Amendment that Congress shall make no law respecting an ESTABLISHMENT of religion, or prohibiting the FREE EXERCISE thereof; or abridging the FREEDOM OF SPEECH, or of THE PRESS; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances. This is not Russia. America does not condone state sponsored propaganda channels.

—Elaine Pasco, Conway, AR

This is too much concentration of the media.

—Robert Keenan, mission viejo, CA

This is too much even for the tramplerc bunch1

—Francene Shed, Stillwater, OK

This is too much like state run news

—Michelle Jackson-Triplett, omaha, NE

this is too much power in one company. Block this merger

—Wendell Cole, Temecula, CA

This is total abuse of the Constitution Freedom of the Press

—Cary Marx, Glenview, IL

This is totally against democratic principles! Do not permit the spread of truly fake news!!

—Nancy Beckus, Danville, CA

This is totally unacceptable and will I am sure cause a huge public outcry!!!

—Paul Bennett, Chicago, IL

This is totally unacceptable in a free democracy!! Network television is losing it's viewership now, then will hasten it's demise. Propaganda state television!

—Barb Thompson, East Liverpool, OH

This is totally unacceptable.

—Kathy Romeo, Tawas City, MI

This is TOTALLY UNACCEPTABLE. Just another move out of Hitler's playbook. This ENTIRE SWAMP OF AN ADMINISTRATION MUST GO AS SOON AS POSSIBLE.

—Diana Finnegan, Paulding, OH

this is totally undemocratic. Next thing you know the administration will take over our media.

—Christa Romppanen, yamell, AZ

This is truly evil, done by the vilest sort of rightwing traitor. These people need to go.

—Sonia, Indianapolis, IN

This is truly frightening. We must protect our democracy.

—Jeanine Allen, Rockwall, TX

This is Trump's attempt at "state controlled media" just like his buddy Putin has put in place. Stop this merger now!

—Jeff Davidson, Evergreen, CO

This is turning the news media into a bought and paid for right wing propaganda outlet. I urge the FCC to prevent this merger and bring back policies that require balance in news broadcasting and diversity of opinions.

—Sandra J. Gander, Bradenton, FL

This is unacceptable and dangerous in a free society. Sinclair not allowing stations to serve their communities they broadcast in like they have ever in the past.

—Matthew Brown, Tampa, FL

This is unacceptable! Block it!

—Richard Lawrence, Whitmore Lake, MI

This is unacceptable! Stop this media takeover!

—Tina Roberts, Gresham, OR

This is unacceptable. 45 gets way more coverage than I care to see as it is with his lies and bad judgment. He is not a conservative, he is a disaster.

—Linda North, Durham, NC

This is unAmerican!

—Kathryn Hum, Salt Lake City, UT

This is UNCONSCIONABLE.

—Lisa Halttunen, Plainfield, NJ

This is unconscionable. There is limited space available for all to share the airwaves. It should not be a monopoly. Don't you see the danger in this abdication of diversity of ideas?

—Gael Cames, Springfield, IL

This is unethical and dangerous to our Democracy. Please block this merger. I'm a very middle of the road voter when it comes to my political views, but the Trump administration has exhausted my patience. They push a thinly veiled racist agenda on all domestic initiatives. It's disgusting.

—Cynthia Lake Imperatore, Riverside, CT

This is unlawful and needs not to happen!

—Charlotte Moore, Asheville, NC

This is USA where the press must be free.

—Eileen Tansill, Silver Spring, MD

This is very alarming, this is another way of taking our freedom of the press away.

—Sherry tauber, Balto, MD

This is very concerning to me, especially as I recently found out Sinclair's influence on a local TV station (KGAN/KFXA) with which I have a longstanding working relationship.

—Linda Fritts, Hiawatha, IA

This is very important.

—Jessica Roeder, Duluth, MN

This is very scary like Russian TV

—Renate Dalton, Park City, UT

This is very scary!

—Mandy Lane Kinney, Greensboro, NC

This is very troubling and it used to be against the law.

—Susan Jackson, St. Peter, MN

This is way too much concentration of ownership. Another name for this would be state run TV. This a democracy still so do not allow this takeover.

—Karen Galligan, New Albany, IN

This is worse than what Clear Channel did to radio!

—Shealtile Sam, Naperville, IL

This is would be completely contrary to the value of a free press and the prevention of monopolies.

—Henrietta L Wiley, Baltimore, MD

This is wrong and should not be supported!

—Jo Ann McGreevy, North Bergen, NJ

This is wrong for so many reasons. Hair Drumpf had this goal from the beginning; please don't let his propaganda loose in the world.

—Libby Esther Berman, Louisville, KY

This is WRONG WRONG WRONG!

—Sallie Robbins-Druian, Palm Springs, CA

This is wrong!!!!

—Judith Heffernan Elmy, Amsterdam, NY

—Cindy Tedesco, Weaverville, NC

This is your country too....put an end to this fascism

—Carrie Mass, Ft Collins, CO

This isn't just about business. The first amendment is at stake.

—Michael Kemper, San Francisco, CA

This isn't N. Korea, China, or any other country run by a dictator! This is the United States of America!

—Catherine Nourie-Skaug, Oro Valley, AZ

This isn't North Korea, Russia, Turkey, or Germany 1940. This shouldn't be possible in the USA or any country in any decade.

—Camille DeBose, Lincoln, NE

This isn't North Korea--yet. Stop Trump TV!

—Blake Bailey, Portsmouth, VA

This isn't right. It's getting to the point in this Country there's no choices anymore. It's whatever the powers that be decide to ram down our throats at the moment!!!

—Linda Milne, Ft Pierce, FL

this isn't right.. we live in a democracy with freedom of the press not non stop right wing bs

—Michelle Kingsbury, West Dundee, IL

This isn't Russia Comrade #45 . Fuck off with your propaganda news.

—Joan Kwornik, Lansdale, PA

This just cannot happen!!!!

—Virginia Graham, Anchorage, AK

This just sickening. This guy couldn't be more obvious about reading the nazi propaganda playbook if they tried.

—Natalie Daniels, Fitchburg, MA

This kind of consolidation of the media is deeply troubling, especially since it is so closely linked to a particular politician and agenda. This is not who we are supposed to be as a nation, and I hope the FCC will stop this merger that takes the country in a dangerous direction.

—Emily George, Mountlake Terrace, WA

This kind of monopoly in the media is a danger to our democracy--what there is left of it.

—Elizabeth McAfee, Hendersonville, NC

This kind of takeover would be way too close to a monopoly of the airwaves.

—Lee Loerch, Peterson, MN

This level of control by a single entity flies in the face of the idea of "public airwaves".

—Frederick Cliver, Long Beach, CA

This like the book 1984!

—Susan Yeghissian, Southfield, MI

This loophole was closed for good reason. Please help defend a free and balanced press for the American people by disallowing this merger. That's the way to keep America great and well-informed, not propagandized.

—Julie Kanoff, Sacramento, CA

This madness must stop!

—Nancy McCabe, Santa Monica, CA

This man is a Russian. Why would we want to listen to his shit. If the Democrats did this the GOP would be screaming from the roof tops.

—Kathy Brown, Wewoka, OK

**THIS MAN SHOULD NOT BE IN CONTROL OF THE USA!**

—Gayle Hill, Winston Salem, NC

This may be the MOST horrifying of all Trump's recent crimes.

—Carolyn Ahern, Lakewood, OH

This media group should not contain more than 50% of the country's airwaves. This merger should not be approved.

—Sharon Benes, Fresno, CA

This media monopoly is unhealthy for democracy.

—Joe Duclos, Gaithersburg, MD

This merger \*must\* be stopped. No one company should be allowed to have anywhere near this much monopolistic control over local news media. Especially when it's companies like Sinclair with all of their toxic "must run" right wing propaganda segments that lie and distort the news out of all proportion, with little or no basis in fact, purely to advance cynical, harmful, and pro-Trump political agendas. Our democracy depends on a free, independent, diverse, and fact-based press. This merger is opposed to all of that. To uphold your oaths and duties as FCC commissioners, you absolutely must deny and block this highly dangerous merger.

—David R. Tucker, Durham, NC

This merger amounts to a monopoly. We must not allow this merger in order to protect a broad discourse. A broad consolidation of our airwaves and the press is a threat to our fair and unbiased reporting of the news and the world around us. We must stand for a democracy of thought and representation.

—Claudia Frost, San Luis Obispo, CA

This merger cannot be allowed to go through! No biased news!

—Judith Moore, Minden, NV

This merger consolidates too much media coverage into one corporation that is intent on distorting the concept of a free press by mandating new-like stories regardless of professional news organizations' assessment of the need. It is not appropriate for them to have as much coverage as they are seeking.

—Clifford Greenberg, Castro Valley, CA

This merger deal would make Sinclair Broadcast Group a monopoly with a capital M. They are heavily biased and the overwhelming majority of the country should not be subject to their right wing propaganda.

—Zack Frink, Dayton, OH

This merger doesn't serve the needs of our community for a free, unbiased press/media. I oppose this merger and ask the FCC to block the Sinclair-Tribune merger.

—Roberta Greenwood, Bellevue, WA

This merger has a very bad smell. We want a free press and a diversity of opinions.

—Christine Anderson, Lafayette, CA

This merger is a huge threat to democracy.

—William Webster, Oroville, CA

This merger is a monopoly! Do not let this happen. Our democracy depends on keeping the airwaves free. Don't sell us down the river.

—Carol Eynon, Kingston, NY

This merger is a move toward national propaganda media. Trump is already spreading his "real news" propaganda on Facebook. This MUST STOP! Say NO to the Sinclair-Tribune merger.

—Michelle Marsischky, Hilo, HI

This merger is a terrible idea for broadcast ecosystem, and it must be opposed.

—Anne Hoppe, Brooklyn, NY

—Jill Levy, Englewood, CO

this merger is BAD for the viewing public!

—James M Mittl, Black Hawk, CO

This merger is clearly damaging to the public interest, and as such can only be intended as a Trump quid pro quo for Sinclair's vigorous ongoing support. Illegal monopoly. Administration racketeering?

—Clifford Phillips, Northfield, MA

This merger is dangerous for a free press.

—Angus Whyte, San Francisco, CA

This merger is dangerous for the freedom of air waves. We need multiplicity, not monopoly.

—Ann Rovere, san francisco, CA

This merger is illegal... our country stands for FREEDOM of the press! When that is gone, so is America.

—Pam and Walle Bergsma, Lake Worth, FL

This merger is in blatant violation of anti-trust laws. It would give Sinclair a dominant position in almost all media markets in the country, greatly weakening the influence of alternative (and generally much more accurate) news coverage by other broadcasters. In addition, this station is effectively a propaganda outlet for the Trump administration and its agenda. Such consistently biased reporting, combined with the above proposed market dominance, is a threat to our democracy and must not be permitted.

—Michael Bleiweiss, Methuen, MA

This merger is not appropriate. Do not allow a monopoly with our free press.

—Sandra Hallett, S. Dennis, MA

This merger is NOT in the public interest. Do NOT approve it.

This merger is not okay.

—Gerry Dunne, Battle Ground, WA

This merger is nothing short of dangerous to a functional democracy. We need a free press more now than ever.

—John Eder, provincetown, MA

This merger is the worst thing that could be done to the public, whose need for balanced and truthful news is at the highest level ever

This merger is UN-American and illegal! We don't need state-sanctioned propaganda TV.

This merger sets a dangerous path that erodes our free press, which is already threatened. Please don't allow it!

—Margaret A. Syverson, Austin, TX

This merger should be barred under anti trust laws.

—Evelyn Cordner, Riverside, CA

—Ilissia Kissner, South Orange, NJ

This merger will further erode the public's ability to make fact based decisions on public policy

—Gary Clarida, Rogue River, OR

This merger will give one group the power to control our news. A free society needs to hear the truth not propaganda. Do not allow this merger to go through!

—Georgeann Griffis, San Pedro, CA

This merger will hurt our country. Do not allow this to happen. After all, you don't want to be recorded in history books as being a sockpuppet of that Idiot in the White House.

—David M. Dunn, Lansing, MI

This merger will not be in our country's best interests. This would amount to a monopoly!

—Melissa L McCrea, Fort Worth, TX

This merger will not only make all of our media the same but it will allow one company to control what everyone sees. I do not want to see one sided propaganda, seeing that Sinclair slants to the right. I have no problem hearing information from both sides but, will not tolerate one sided information which tends to instill fear and lies. If I start seeing this propaganda I will start contacting my local station and my representatives to take it to the next level to take it off the general media. If I want to see this information I will seek it out on my own, I do not want it force fed to me.

—Nancy Sumner, Port Byron, NY

This merger would assure the continued decline of accurate, honest news coverage. We need responsible journalism more than ever -- please prevent the merger!

—Lynne Firestone, Evanston, IL

This merger would be a disaster for millions upon millions of people and benefit only a handful of people in power. This is no way to run a country. I expect - I DEMAND - that this action be blocked!

—Marilyn Ferdinand, Skokie, IL

This merger would be a monopoly, plain and simple. I worked for Pacific Telephone during their divestiture from AT&T back in the early '80s. That was an insane time, but necessary as you can now see the benefits of such a divestiture. Perhaps, the FCC will realize in time, before reinstating monopolistic policies for Sinclair Broadcast Group, that such a monopoly benefits no one but a very few. The rest of the population would be missing out on a diverse and free press.

—Beverly Harris, Red Bluff, CA

This merger would be a move toward a "Big Brother" society.

—Alan R. Brown, New York, NY

This merger would be against the primary values of our country and would significantly infringe on our freedom of the press. Please do not allow this merger.

—Laura Stone-Jeraj, Little Canada, MN

—Marsha Abrams, Stony Brook, NY

This merger would be INSANE. All the Propaganda focused in one massive network

—James Clark, Torrance, CA

This merger would be one more tool in fascist Trumpistan- let's take back our democracy!

—Valerie Ritter, Bolton, MA

This merger would be very unhealthy for our democracy, which depends on a variety of different sources of information.

—Anita Sullivan, Eugene, OR

This merger would constitute a monopoly and would present a grave danger to freedom of the press. Do NOT allow this merger to go through.

—Kathleen Gallagher, Hazleton, PA

This merger would create a monopoly and overrun local broadcasting. Sinclair forces its current local stations to report fake news broadcasts and biased introductions as legitimate news, not differentiating from the local news' broadcast. This is grossly misleading to their viewers and will increase the spread of fake news as fact, further polarizing the country. This monopoly cannot be allowed to happen.

—Carol Angle, Summit, NJ

This merger would create a sweeping, across-the-country monopoly with rigid control over local news content. There should be diversity of opinion not singularity.

—John Michael Timms, Brooklyn, MI

This merger would end the United States as a constitutional democracy.

—Lawrence P. Wayne, Ponte Vedra, FL

—Karin Smith-Spanier, kingston, NY

This merger would facilitate the dissemination of propaganda, not balanced news reporting.

—Donald Wallace, Littleton, CO

This merger would further restrict citizens' access to broadcasts of news & opinions different from those Sinclair. As it stands now, Sinclair could & maybe already control broadcast content to more than 2/3 of stations. That's actually too much control of information & opinion available to us.

—Rovida Mott, Sacramento, CA

This merger would give Sinclair more than 50% market share. This is a known politically right leaning group. I do not support this merger.

—Cindy Juhas, Tustin,, CA

This merger would give too much control to Sinclair. It is imperative that it be stopped.

—Sabrina Davis, Glendale, AZ

This merger would give too much power to one company which, I believe, is dangerous. Please block this merger.

—Kay L. King, Byron, IL

This merger would have a very adverse impact on the public access to information in Chicago. Shame on the FCC for reinstating the UHF discount.

—Margaret Schmid, Chicago, IL

This merger would in effect allow a media monopoly, which is un-American.

—E Jaramillo, New Haven, CT

This merger would practically be a monopoly. This is bringing us back to the time of Ma Bell. If this merger happens, so much of the media will spout only one message. WE need to hear information that encompasses many views to be an informed citizenry.

—Madeline Helbraun, Falls Church, VA

This merger would prevent a free press and different opinions.

—Cheri, Hopkins, SC

This merger would put us close to having national control of both information and disinformation. It must be stopped.

—Sam Harrison, Oakland, CA

This merger would seriously limit options of news coverage for consumers! Promote diverse opinions by blocking the Sinclair-Tribune merger.

—Maureen McHugh, Chambersburg, PA

This merger would severely limit the unbiased information that all Americans need to form their own opinions. It would be a blow to freedom of the press. Please do not approve this merger.

This monopoly is bad for a free press.

—Irene Flint, Natick, MA

—Donna R Miller, Rochester, MN

This monopoly ploy is BS! Do your damn job.

—William Haegele, philadelphia, PA

THIS MONOPOLY SHOULD NOT HAPPEN!

—Mary Wade, Birmingham, AL

This monopoly would turn the FCC into government run airways.

—Barbara lieberson, San Diego, CA

This morning merger would be a monopoly and urging you to vote no.

—Sally sherbina, Green valley, AZ

This move to allow Sinclair Broadcastinf to acquire Tribune violates the legislation that underlies the FCC. This is illegal and wrong. It may well be thrown out eventually by the courts, but the FCC will have created years of damage. Additionally this sends the message that you are confirming that there is not a level playing field. This defies the intent, letter and spirit of the Federal Communications act..

—Todd Darling, Berkeley, CA

—Jean P Wheeler, Englewood, CO

This possibility is horrifying.

—Ken Deshaies, Centennial, CO

This potential merger is a slap in the face to a free press!

—Joan Chase, New York, NY

This president is trying to silence all opinions that are not EXACTLY like his. He is unAmerican. He hates America and our form of Government. He believes in an authoritarian government. To get to his goal he is trying to break down communications between citizens in this country. This has to be stopped or all we will hear on the air waves are lies and racist BS.

—Sharyn Radke, Warren, MI

This proposal is anathema to democracy. Trump admires dictators and he wants to be one. He admires Putin, as well as Hitler, whose fascist screeds he has regularly read- when he was capable of reading. This is extremely dangerous and likely unconstitutional. It must NEVER be allowed.

—Janet Lynch, Pownal, ME

This proposed merger is a monopoly!

—Leo J Kwiatkowski, Peekskill, NY

This regime is been showing alarming authoritarian methods. This would be a nail in the coffin of truth.

—Jerry Crepeau, Pompano Beach, FL

This scary. A blatant monopoly in the media.

—John Marksbury, North Truro, MA

This seems like an illegal Monopoly.

—Susan Holt-Huffman, Cincinnati, OH

This seems so dangerous to me! This number of local stations being purchased by Sinclair seems like a monopoly to me, and think the FCC should deny the sale. Furthermore, the dissemination of false and unchecked information posing as news seems like propaganda to me and is very dangerous. We are slowly slipping into authoritarian territory----take note!!!

—Donna Kaplan, Los Angeles, CA

this seems to violate monopoly laws as well as First Amendment rights

—Mary Ann, Morris Plains, NJ

THIS SEEMS VERY FACIST TO ME ! UNACCEPTABLE.

—Roger Jump, San Luis Obispo, CA

This should be illegal.

—Joseph Brennan, Palmyra, NJ

This should be unlawful and a conflict of interest.

—Alan Adams, Westmont, IL

This should fall under the anti trust legislation and would create a monopoly. We need to have all views available to us as a people. This has the undertones of state run television and media. As a country we're better than that.

—Blyth Devine Devine-Marsh, Wheatfield, IN

This should not be allowed to happen.

—Theresa Bawden, Sacramento, CA

This should not be aloud to happen . Stop this now !!

This should not be happening in the United States of America.

—Helen Bautista, San Leandro, CA

This should not be Sputnik TV like the Soviet Union.

—Pamela Elliott, Wapakoneta, OH

This should not happen

—B Madsen, Ohio, IL

This Sinclair Broadcast merger with Tribune Media, Co. bends the FCC rules. It would be State run Trump TV in 72% of American markets. It's bad enough that they are allowed their biased reporting in 38% of US markets currently. Sinclair has a constant strong message designed as protrump propaganda. Instead the Fairness Doctrine abolished by Reagan in 1987 should be reinstated. Democracy is threatened by this merger. Americans should have news that is all truth, no lies as they do in Canada where a law banning lies in the news was enacted in 2013. If you value our democracy, please block this merger.

—Pamela Sahl, KC, MO

This Sinclair group bought my local tv station apparently. We have that boris epstein petson spouting his bigotted rhetoric and I didn't realize that Terrorism desk was them too but there is no balance in opinion. I don't believe in the rigid conservatism that they spout. I guess I'll be dumping the tv station I have watched my whole life, WRGB, sad.

—Melanie Loveless, Schenectady, NY

This Sinclair takeover is terrifying. More lies and polarization of our country - in the worst, not the best interest of our citizens!

—Christine Cunningham, New York, NY

This Sinclair-Tribune merger is dangerous and will spread right-wing propoganda.

—Cassie Paoli, Glenside, PA

This so-called "president" is rapidly destroying these United States in every way imaginable. He is an INCOMPETENT NARCISSIST and WE THE PEOPLE must STOP him; NOW!!

—Suzanne Martin, Linwood, PA

This sort of attempt at dominating our airwaves with conservative political propaganda is unacceptable!

—Gregory N. Doggett, Glen Allen, VA

This sounds a awful lot like a monopoly to me. Worse than most monopolies it could be an insidious method of subverting the truth. Our civilization depends on many things, but the truth is vital.

—Gregory Johnson, Sandy, OR

This sounds alarmingly like "big brother". Competition and small media groups are what keeps the news true. Fake or all the same news is not healthy or moral.

—Nan Martin, Durham, NC

This sounds like a monopoly and it must not go through.

—John Hydar, Ventura, CA

This sounds like Communist Russia where the view of the Soviet Leaders ruled the airwaves.

—James Scheid, Cottonwood, AZ

This sounds like it goes against the idea of free press and therefore the 1st Amendment. Please block this merger. Thank you.

—Margaret Reiter, Saylorsburg, PA

This sounds like road to dictatorship. We need to keep all channels open to public discussion and expression of opinion before rules and laws are implemented.

—Mary Mutch, La Crosse, WI

This still is a democracy, NOT a fascist regime!

—M Dianne Addison/Perkins, Lafayette, CO

This still is the United States of America and we still believe in a FREE press not a Paid For press.

—Ruth Snyder, Santa Rosa, CA

This subversion by the Bannon/Miller/Trump people must be stopped. It is a d's get to the First Amendment and our right to hear relatively balanced information.

—Elizabeth Driscoll, Colorado Springs, CO

This take-over would cause our First Amendment rights to be taken from us, eventually! Do Not Allow This!

—Lee Brockmann, Sarasota, FL

This takeover is bad for business, bad for the country, and bad for a well informed public.

—J Duerr, Sacramento, CA

This takeover is political payback for the favorable coverage these charlatans gave Trump during the campaign. No company should own this many stations and dictate what is shown to so much of the public. STOP THIS DEAL!

—Warren W, Minneapolis, MN

This takeover is unhealthy for democracy.

—Nancy Counter, Gustine, CA

This takeover must NOT happen!!!

—Beverly Ann Conroy, Oak Park, IL

This takeover of media by state propaganda is criminal.

—Elaina McCartney, Ithava, NY

This takeover of media outlets by the biased alt Right Sinclair Broadcasting Company has to be stopped. It is an outrageous assault on truth in reporting. Instead we'll now have many more media outlets spewing out fake facts. Shame on the FCC!

—Keven Wilder, Chicago, IL

This terrible merger would allow fascism in the U.S. and pave the way for a dictator.

—Carla Behrens, Longmont, CO

This Trump TV thing with Boris is truly frightening. They will spew hate and lies and deceive the American people. It is an attack on democracy.

—Celeste Jamerson, Port Chester, NY

This type of media consolidation is a bad thing and a slippery slope!!!! One company should not be allowed to control the spigot of information especially at the local level...!!!!

—Jason Sayler, SAN JOSE, CA

This type of merger is a threat to democracy and a free press which a true democracy must have.

—Angela Brown, Cincinnati, OH

This is terrible news. Do not let this go through PLEASE. What are they turning into....Russia???

—Helen Barry, LaGrange, IL

This was illegal for a reason. The same reason that it should remain so. This is a Putin Puppet move that endangers the American way

—William Shields, Little Rock, AR

This was the company that aired the swift boat character assassination doc first

—Thomas Luckey, Bronx, NY

This was the real reason Trump ran for office. The election run provided him a path to build an alt-right platform to launch his real goal...owning the broadcast market. Along with Ailes, Bannon, and an anti-democracy/ pro-oligarchic viewing base, "45" poison our airwaves for decades.

—Jeanne Angst, Kettering, OH

This will be a dangerous monopoly.

—Susan Mullaney, San Francisco, CA

This will be a monopoly of this country's broadcast news.

—Robert C. Walker, Little Rock, AR

This will be the same as a state run empire....just like in Russia! Is this the way we want our country to be.....I am appalled at the possibility of this decision!

—Marilyn Davis, Evanston, IL

This will create a monopoly on local tv news coverage.

—Daniel Velez, Tempe, AZ

This will diminish competition to the point where there will only be one viewpoint in markets.

—Faith Franck, Las Vegas, NV

This will give outsized influence to a company with one specific ideological viewpoint (evidenced by its management style toward local news stations it currently owns).

—Marian Broida, St. Peter, MN

This will give Sinclair control over entirely too much broadcast area!!

—Linda Underwood, Rochester, NY

this will kill freedom of the press

—Jim Costanzo, Brooklyn, NY

THIS WILL NOT/CANNOT STAND!!!!

—Helen Taplin, NEWTON, MA

This will weaken our democracy.

—Patricia Conroy, New Preston, CT

This won't MAGA!

—John S. Whitford, Missouri City, TX

This would allow a company with a radical right wing agenda a huge media stranglehold in our country and would hog tie the freedom of the press and dissemination of truth. information.

—Gavi Stevens, LARGO, FL

This would allow one company to become too large, not allowing diversity. America is not a police state. We should not have to be subjected to negative & (dishonest) political propaganda.

—Marilyn J Williamson, Albuquerque, NM

This would amount to pure propaganda with no ability to sort out the truth. Do not allow this to go through!

—Gail Dornstreich, Kihei, HI

This would be a catastrophe for what is left of open media in this country.

—Barbara Hadenfeldt, Berkeley, CA

This would be a disaster for Free Press and Free Speech and would be the death of objectivity in reporting. For years Tribune Media has been a reliable source of news. I fear those days will end if Sinclair is granted this merger.

—Meryl Kingery, Englewood, CO

This would be a disaster. Between Sinclair and Fox News, there will be very little fair and balanced reporting in most of the country.

—Micheal LeVine, Port Jefferson, NY

This would be a travesty!

—Capt Harold DeHart, North Muskegon, MI

This would be an unprecedented and dangerous move, subjecting 70% of the country to misleading propaganda: please block this un-American, undemocratic move.

—Karen K Becker, Ponte Vedra Beach, FL

This would be as bad as the Citizens United ruling and Fox News. Both have been incredibly bad for the USA! Please, don't let this happen. People are already confused by which news stations are true! Too many gullible people will believe everything from this station! Much like the fake Fox News!

—Mary Head, Brush Prairie, WA

This would be brain washing in the highest degree.

—Dan, Mebane, NC

This would be dangerous for our Country for our people. What's next? I urge everyone to jump on and sign your name

—Luz Soto, Aurora, CO

This would be devastating to our communities.

—Deborah Dimmig, West Seneca, NY

This would be disaster.

—Linda Phillips, Ojai, CA

This would be disastrous! Propaganda on Trump TV... NO WAY!!! This would be Hitler-style dictatorship!!!

—Sherri Gersten, Boulder City, NV

This would be horrible for local markets!

—Shawn Bodi, Candia, NH

This would be monopoly control; we will need trustbusters again. Too many companies control too much of what the country hears.

—Marsha McCroden, Fairview Park, OH

This would be potentially devastating, that a propaganda arm could pretend to be real news is absolutely alarming. Cannot happen. Devastating to American democracy if it does.

—Elizabeth Stack, Rockville Centre, NY

This would be so wrong!

—Joanne Hoemberg, Fremont, CA

This would be state propaganda TV. Please don't allow this.

—Barbara Addison, Otisville, MI

This would be such a dangerous move in a country where politicians and facts are commodities that are auctioned off in the market place 24/7. The FCC sells the American people out to people they think can be trusted who in turn sell us to the highest bidder.

—Brian Leidy, Wellsboro, PA

This would be the being of an autocratic society. NO NO NO

—Philomena, Bronxville, NY

This would be the end of Democracy and the United States as we know it. It would be "State Sponsored TV". Very Russian, and very Dictator-like

—Barbara Yaross, Evanston, IL

This would be the final blow to freedom of the press and free speech. It is utterly UnAmerican!!! Without free press we cannot have a functional Democracy!

—Sara Morgan, Taos, NM

This would be too big of a media company...NO MERGER

—Don Shanta, Atlanta, GA

This would be too close to a monopoly. They have already shown that they are not balanced as well.

—Stephen Porath, Hopewell Junction, NY

This would be totally undemocratic this is what dictatorships do! Stop it!!!!

—Patricia bleha, Carlsbad, CA

This would be Un-American!

—Felix wasiak, Pleasant Hill, CA

This would be very detrimental to freedom of the press and diversity.

—Linda Selto, Boulder, CO

this would be wrong

—Abbe Arenson, Sanford, FL

This would create a monopoly allowing one intntity to potentially control 70% of what we see. This is scary especially given today's circumstances.

—Joshua Gervais, Keymar, MD

this would create a monopoly....it won't fly .

—Claudia Devinney, perry, NY

This would effectively destroy our democracy if any party is allowed to do this!

—Susan E Getzschman, St Louis, MO

This would mean a dictatorship and a large number of Americans should rebel immediately!

—Trudy Hamor, Boynton Beach, FL

This would not be good for the country. Do not allow this to happen.

—Mary Hofmann, Downers Grove, IL

This would put too much of the nation's media in one company's hands, and it's a frightening company. Please do not allow this to happen.

—Catherine Schramm, Lakewood, CO

This would take away free press and diversity and that is not what America stands for, nor what I believe in.

—Helen Polaski, Milan, MI

This, like numerous other issues (climate change, food labeling, gun regulation, immigration reform, prison reform, education reform, short-term lending regulation, healthcare reform, banking regulation) remains a vexing problem primarily due to corporations' ability to curry favor with elected officials. The corrupting influence of money in our political system is undermining our democratic traditions and discouraging Americans from voting and/or running for office. This ominous development may well end our experiment in representative democracy unless we alter this decades-long trend. For the sake of the republic, we must amend the US Constitution to state that corporations are not people (and do not have constitutional rights) and money is not speech (and thus can be regulated by state and/or federal campaign finance laws). Short of accomplishing this, no other reform of significance will be achieved. The moneyed interests will turn any reform to their benefit, often at the expense of the nation as a whole.

—James Klein, Corpus Christi, TX

Throw Trump out of office!!!!

—Terry Moan, Tucson, AZ

Thus must be stopped

—Andrea wiseman, Bellport, NY

Time to limit size of corporations. Citizens own the government, not corporations. Need to put the monopoly law into action forever.

—Patricia Hyatt, Kellyville, OK

Time to reinstate the 7&7 and multi-media ownership rules within markets.

—Walker Bennett, Sedona, AZ

Time to stop these Mega Mergers, they do no good for the average American.

—Patricia Jacobson, Wilsonville, OR

To allow this merger would allow Trump to have way too much control over the media content that Americans view - we need independent sources, NOT this!

—Kelly Taylor, Tucson, AZ

To allow this merger would be entirely contrary to the promise of a free press that is essential to our democracy.

—Alice Lorenz, Albuquerque, NM

To be stopped at any cost or kiss free press good bye with any diversity of opinions..... PERIOD

—Stanley Hayes, Orlando, FL

To continue functioning as a democracy at all, we cannot have so much of the media owned by a single company.

—Brian Findlay, Pepperell, MA

To give Sinclair or anyone more than 70% of market is too much like Russian TV. A monopoly? UnAmerican! How is anyone else supposed to compete? Remember, America was the champion of equal opportunity, even if that's only for the whites. As a monopoly, will they be regulated like a utility? That is a job our government does not need. Not sure I'd trust them to do the job.

—John Avett, Wichita, KS

To have a free society you have to have a free press where many views can be represented. Have one company control the majority of a market will not let different ideas flow.

—Ph D. Glenn Hanley, Denver, CO

To many of our media sources are owned by single large wealthy conglomerates. We need to break this up so there is unbiased reporting.

—Mitzi Fill, Martinez, CA

To me this sounds like a monopoly and they are illegal Don't allow this merger to happen.

To protect freedom of the press.

—Lynn Pizzitola, Kapaa, HI

To protect our democracy we must have a free press tha 'tis not unduly influenced by - single media source with ties to the current White House. It is a danger to our society.

—Susana Ming Lowe, Kailua, HI

To the FCC: The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you! Joseph Jordan

Today I became a citizen of America, and as I sat with people from 92 different countries, I wondered about the 1014 different stories that each person might tell of how they came to be in the room. It is this plurality of experience that needs to be present in our media. This merger is anathema to our democracy, and must not happen.

TV Stations have an obligation under the FCC law to serve the public interest and that means that of the local area in which they are licensed to serve. Media consolidation precludes the ability to meet those needs and licenses should be opposed at renewal time

—Robert Foley, BELLEVUE, WA

TV stations need to be divided across more broadcasters. Consumers lose when too many stations are owned by one company. We need to keep our country more competitive.

—Linda Evans, White Plains, NY

TV stations need to be independent and diverse! I feel it is dangerous to our country for one corporation to have too many stations!

Tv stations should be independent and not asked, forced, or intimidated by anyone to televise opinion or information that is biased or intended to perpetuate conservative views. Journalists need to remain unbiased communicators of news not opinion.

—Rosanne Aversa, Dorchester, MA

Unconstitutional and just plain wrong. We cannot allow our government to shove propoganda down our throats. This is a democracy and we need to keep it that way.

—Michelle Schmitt, Oregon City, OR

Under no circumstances should 1 company be allowed to takeover many stations & news outlets especially one like Sinclair which wants to spread its partisan & far right conservative viewpoint.

—Gayle Logan, Franklin, MA

Under no circumstances should a single media group have control over so much of the communication outlets. This would be destructive to free speech and would amount to a near monopoly. The FCC should ensure there is opportunity for many different viewpoints by different media sources.

—Gale Oppenberg, West Palm Beach, FL

Under no circumstances should Donald J. Trump and/or his proxies should not be allowed to takeover TV (Sinclair-Tribune merger).

—Bleu-D'A Matthews, Chesterfield, VA

US should not have "state" run television. If this merger is approved, that is what we will have.

—Lee A Robinson, El Dorado Hills, CA

US voter in UK

—Kevin Klenner, london,

USA is built on options choices and diversity. Please no mega mergers that destroys or significantly limits choices or feeds us one sided news like Fox News already does. I want the option of hearing more than one version of the news so I can continue to make my own decisions based on facts and not on opinions of others. To me this smacks of limiting freedoms of speech.

—Leslie, Auburn, WA

USA is NOT about tyranny. It's about democracy.

—John Fredrickson, Littleton, CO

Use common sense.

—Oscar Jasso, Santa Ana, CA

Using their local news platform to air wildly unfair opinion pieces as "news", which includes multiple stations in most TV markets, Sinclair should not be allowed to buy Tribune. In fact, they should be forced to divest and sell in any market where they control more than two broadcast licenses. Their conservative political bias gets especially ugly leading up to national elections. The citizens of the United States own the airwaves, and need to understand how badly they are being manipulated by a company like Sinclair Broadcast Group!

—Brian O'Sullivan, Pensacola, FL

Watch John Oliver's show, Sinclair Broadcasting conglomerate is not a good thing.

—Emma Walker, Brattleboro, VT

Way too much media concentration already, and it is much too biased. We need to decentralize and regulate the channels.

—Gary G. Nelson, Troy, NY

Way too much monopoly power now. We would benefit from less, not more.

—Ed Douglass, Sturgeon Bay, WI

We need a variety of perspectives on TV and in other media - because there ARE always more than one view of anything! and we viewers and listeners need to be able to make our own choices of whose descriptions we will believe. So you need to ensure that those perspectives can reach us.

—Virginia Smedberg, Palo Alto, CA

We absolutely have to protect freedom of the press. Political propaganda should never be allowed!

—Judith Oliver, Kalamazoo, MI

We all must rely upon our local stations for news, not propaganda.

—Sue Leonard, Reston, VA

WE ALL WANT A FREE PRESS, NOT YOUR VERSION OF IT

—Sandy k Morse, Gig Harbor, WA

We already get this on our local NBC station and I would love it to be removed from my local news. We weren't made aware that Sinclair was buying these stations and including this propaganda in our local news. Local news should cover just that. If I want to hear how great Trump is I'll turn on Fox News. I shouldn't have to be bombarded with stories that when they are Googled half of the time they are either half truths or outright lies. Thank you in advance for listening to my concerns.

—Laquita Christian, Mobile, AL

We already have a great deal of concentration in the broadcast industry. From the public's point of view, we value what diversity we still have left. Please let this value continue, to benefit us who are on the receiving end of the industry!

—Dick Brown, Charlottesville, VA

We already have enough propaganda stations.

—Linda Galbraith, Bonita Springs, FL

WE ALREADY HAVE ENOUGH PROPAGANDA WITH FOX!

—Janet Martin, Port St Lucie, FL

We already have far too much propagandist news that shouldn't be being aired, and wouldn't be lying and distorting facts if Reagan hadn't dismantled the group that controlled accuracy on media. We don't need a trump station twisting the true and reporting alternative facts, aka lies.

—Rita O'Dwyer, Neosho, MO

We already have Fox as a right wing propaganda mill, we don't need another one.

—Bob Page, Port Ludlow, WA

We already have tightly controlled news on every single channel. I do not consider it legitimate news, nor will I participate in the charade called "media" in America. It is just one huge lie. The failure of this government over a period of many years to bring ANTITRUST lawsuits against the media is a major failure for democracy. That is how this illegitimate presidency was enabled.

—Kathleen Hopkins, Oakland, CA

We already have too many biased media outlets...biased to the point they prefer using myth and agenda rather than fact. Please deny this merger.

—Kathleen Gulbransen, Salt Lake City, UT

We already see enough of that blow-hard on TV NO MORE

We are guaranteed a FREE PRESS! Do not let it be taken away by Sinclair-Tribune!! Free Press is the bedrock of our constitution and our American Way of life!!

—Peggy and Guy Patrick, Berea, KY

We are heading towards a propaganda nation of this goes through. Only those that take the time to research news would know if it were true or not. Even the white house thinks that calling something or someone a liar is going too far? A lie is a lie! Let's not let one company take over our news, please!

—Jan Plutzer, San Carlos, CA

We are not Russia or a banana republic. We need media in no way connected to the White House.

—Christopher Siek, Naperville, IL

We are paying attention.....

—Elizabeth Ferran, South Salem, NY

We are reeling from the proliferation of fake "news." It is threatening the very fabric of our country and undermining our Democracy. American citizens rely on the media to report news and events as objectively as possible. There is so much biased, skewed and blatantly false information paraded as "news" and "fact" that it becomes extremely difficult to determine the truth. Factual and unbiased reporting of the news is a vital part of citizens' abilities to weigh issues and discuss options and can only come when the media is free from corporate monopoly. Please do now allow any merger that gives disproportional media power to one group whatever that group's political position.

—Corinne Van Houten, Sacramento, CA

We are seeing too much of biased leaning reporting as it is, but if you start forcing reports that are based on ideology and not facts, then we are this much closer to throwing freedom of the press out the window! We are one step away from having nothing more than State run propaganda media, not just biased, but only report government approved stories!

—Vicki Malone, Athens, AL

We are still a democracy, not a dictatorship. I do not want or need state run propaganda tv.

—Nancy, Donora, PA

We are stuck with Sinclair as our local news stations are owned by them and they are a terrible network with slanted worthless propaganda masquerading as news.

—Nancy Newhart, Walnut Creek, CA

We are, so far, not a totalitarian regime. I would like to keep it that way.

—Wendy Gilmore, Beaverton, OR

We as free U.S. citizens demand that the airwaves be kept free and open to all points of view. No one view can be allowed to dominate.

—Sharon Clark, Miami, FL

We benefit from a variety of points of view on important issues in the news. Having one company control 70% of outlets is a monopoly leading to dangerous uniformity of thinking.

—Thomas McGinnis, Webster Groves, MO

We can allow this to happen. Thank you!

—Malinda Jones, Ambler, PA

We can not allow a single media group to own and control such a large percentage of what people hear. This is very dangerous to a free and broadly informed public.

—Tabitha Larson, Clinton, IA

We have already seen how much damage a network with access to an extensive part of our population can do with misleading "information." An Sinclair is a network that is known to have aired misleading information favoring a particular candidate. We in Chicago remain alarmed about the acquisition of Tribune Media by Sinclair Broadcasting. That being said, we know that we in Chicago are not alone in the country in our concern about Sinclair Broadcasting. Careful review (or even casual review) reveals Sinclair to be dangerously opposed to the tenants of a free press. Indeed, Sinclair has a proven track record of acting as a mouthpiece for alt-right and authoritarian-leaning institutions. I can think of few worse 'media' groups for you allow increased market share. Please do not allow this acquisition to proceed.

We urge you to block the Sinclair- Tribune merger that threatens our free press. We do not support any single media group owning over 70% of our country's air waves.

—Mary Ann McDonald, Sacramento, CA

we're supposed to be a free market society. This minimizes the market Anti american

—Eugene Schmidt, Belle Vernon, PA

We've already learned that monopolies do not benefit a free society. There is no reason to go backwards with regard to this subject. No person or entity should hold a large percentage of what goes out on the airwaves. This has to be kept in check for a free press and everyone's highest good. Propoganda and alternate facts benefit no one!!!

—Sharon, Seminole, FL

We've been fighting against the mergers for 17 years! How much longer.....we don't want McDonaldization of our media!

WERE'RE SICK OF PROPAGANDA AND FAKE NEWS!

—Sharon Blankenship, roanoke, VA

WGN reaches a good share of the US and has many followers because of the Cubs. I have also heard about canned "news" which Sinclair forces its stations to air. This is not right.

—Jacqueline Carter, Carrollton, TX

What scum the trump appointees are. They are Plutarchs who are destroying our country. We need a revolution to take back what belongs to us.

—Robert Fischoff, Silver City, NM

WHAT THE FUCK? NO FREE PRESS? THAT IS AN ABOMINATION OF AMERICAN IDEALS, THIS WILL NOT BE TOLERATED. THIS IDEA IS OUTRAGEOUS, DISGUSTING, DISTURBING ON SO MANY LEVELS. LAWS ARE IN PLACE TO KEEP MONOPOLY-FRIENDLY BIG BUSINESS FROM BENDING LAWS TO THEIR WILL, TO CONTROL THE MEDIA! PLEASE WE MUST NOT ALLOW THIS MONOPOLY MONGER SINCLAIR BROADCAST GROUP TO SUCCEED IN OWNING 70% OF MEDIA STATIONS. IT WOULD BE DISASTROUS LOCK-JAW ON THE AMERICAN FREE PRESS. NEVER GIVE UP THE RIGHT TO FREE PRESS!! BLOCK THIS MERGER!

—Dee Dee Klus, SAN JOSE, CA

What's good for Sinclair or any other corporate entity isn't always good as far as the greater good is concerned. This merger is a bad deal for freedom and diversity.

—Walter Kraus, Long Beach, CA

What's happened to our antitrust laws!?! This merger is a nightmare

—Julie Hoffer, Brooklyn, NY

what?? how about a diversity of political opinions

—Susan Steigerwalt, Detroit, MI

Whatever happened to honest reporting? when I was growing up journalists and news media stated the facts. I don't even bother to turn on the TV since the reporting is so slanted and distorted. I see a lot of news online but am selective of my sources. I am tired of corporate takeovers and brainwashing of the people some of whom, unfortunately are not smart enough to know when they are being lied too. We need a level playing field and NOT another monopoly!

—Jo-Ann Sramek, Duluth, MN

Whatever happened to our anti-trust laws? I thought we all agreed that monopolies were a bad idea?

—Julie Glover, Clinton, WA

Whatever happened to the anti-trust stance of this country?!

—Betty Faas, Santa Maria, CA

Whatever happened to the idea of competition? Sadly, this administration seems to have no values, let alone American values.

—Ken Converse, Bridgton, ME

When a single media company owns more than 70% of a local market, that is nearing monopoly coverage. Ever since the repeal of Equal Air Time for political messages, such corporate ownership can allow one side to be broadcast over another. The experience of KOMO in Seattle after Sinclair bought it shows the disheartening effects of a corporation insisting a local station air segments that do not originate locally, and that are slanted in only one political direction. Please don't allow Sinclair to buy the Tribune Media Co.

—Sonia Jaffe Robbins, New York, NY

When did monopolization become an American business model?

—Robin Marsico, New York, NY

When did propaganda pass for facts and when did News become entertainment for the masses too lazy to research facts for themselves?

—Annie Jones, WPB, FL

When I watch tv, the news/commentary needs to be unbiased. I don't want to watch "State" tv --- I don't live in a communist country! I won't watch conservative (read "Trump") propaganda! It's unAmerican!

—Arlene C. Stewart, Asheville, NC

When I went to school for journalism, we were taught to see the media as a watchdog of government, not its puppet (or that of the wealthy elite). Fewer hands controlling the media reduces our access to information and varied points of view. How can we make informed decisions without accurate information?

—Ellen LaPenna, Albuquerque, NM

When is this incredible anti-democratic trump going to go?!?

Where is our law on monopolies? Has it been revoked? I didn't think our country has stooped so low.

—Shirley M. Whalen, blairsdan, CA

Where is the FCC lately?

—Tim buckley, upper arlington, OH

While I realize that the major networks are owned by corporations that have their own agenda when it comes to the news, at least they don't promote propaganda with the news. The Sinclair group promotes propaganda and outright lies in their broadcasts. I feel it is an invasion into our local programming to interrupt local news to insert propaganda that poses as real news. This is not in the best interest of our country. We deserve facts, not someone's idea of what is fact.

—Kay Steiner, Grand Rapids, MI

—Ross C. Richardson Jr., Galveston, TX

why do they need to mess with FCC on the TV channel

—Patricia P Williams, Port Tobacco, MD

Why does one Media corporation get to dictate what Americans hear? If we are no longer a democracy but have become a dictatorship with state directed media and information then our government needs to tell Americans that we are no longer a democracy

—Alicia Brown, Richmond, VA

Why don't we just declare the United States a junta and be done with it! To allow this would be to chip away at free press and any sign of truth.

—Claire G. Jones, Hanford, CA

Why is it not illegal for politicians to lie with the obvious intent to mislead the public?

—Andreas Rossberg, Eugene, OR

Why is our country allowing monopolies? We had rules and our congress that has been bought by large corporations and the wealthy don't seem to want to take care of it citizens. I have stopped watching KOMO T.V. out of Seattle because Sinclair is forcing them to show pro Trump reports during the newscasts. Just propaganda. Stop this deal, it is not good for our country.

—Gerry Harmon, Port Orchard, WA

Why is the baby billionaire always cheating and lying? We must stop him and his greed clan from acquiring more consolidation of stations! The only blatant lying brown noser network is Fox News the rest actually try to dig deep for the truth fox is adisgrace !! They are cheerleaders for the billionaire class!

—Mary, Ukiah, CA

Why not change the name Federal Communication COLLABERATION?

—Carol Stewart, Penn Valley, CA

Why should one company own more than 70% of the airwaves of the United States of America? I do not think that is a good idea for democracy and permitting individuals and a variety of organizations to have a say in the communications industry of this country.

—John D. Gross, Oak Park, IL

—Carol Tazwell, BRAINERD, MN

Will Trump buy out/control 70% or more of USA airwaves?? I can't believe this is possible in our free press country!! He is a pompous, arrogant dictator and I don't understand how he can get away with so many horrible actions. Why doesn't Congress do something to rein him in?

—Delores Spencer, Anthem, AZ

With all that is known about the integrity of media no outlet should be allowed a monopoly in a free and democratic society. The FCC regardless of who is in power should have policies based on and in the interest of the people.

—Sophia Quick, Baytown, TX

With the controlling nature of this current administration this would be just one more freedom that they take away from the people. We are already battling freedom losses, please do not let freedom of the press be another.
