**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In America we value freedom. Freedom to choose our internet service provider is a fundamental right. I support local, grass root companies like Sonic.net. A company of real people who care about personal customer service and providing low cost internet service. Large corporations, like AT&T are unfairly increasing prices to these smaller basic internet providers, which will increase the basic service costs.

I support broadband competition and personal choice, not monopolies.
