USAC	<p>Good Afternoon,</p> <p>I am following up on the voicemail that was left for you regarding FCC Form 486 #:40567. I wanted to update you on the course of action we plan to take to resolve the system issue that is preventing USAC from reviewing your FCC Form 486 below. If you have any questions, I can be reached at lcook@usac.org.</p> <ul style="list-style-type: none">• To correct the system issue that is preventing your Form 486 from being processed, we will have to cancel your Form 486 to eliminate it from the system. We will refile your application internally using the information from your original FCC Form 486 and assign it to a reviewer to be processed.• As a result you may receive a Form 486 Notification Letter referencing the new Form 486 stating that you have a "120 day violation" – please disregard this notice.o This notification is system generated and is due to USAC refiling on your behalf more than 120 after your Funding Commitment Decision Letter (FCDL) was issued. However, your funding will not be impacted by this process.o You will be able to invoice for your fully committed amount provided the Service Start Date provided on the FCC Form 471 is the same as the Service Start Date provided on the original FCC Form 486.• USAC will contact you to provide you with the new FCC Form 486 Number.• Finally, USAC will issue a Form 486 Notification Letter within 60 days from the certified date of the re-filed Form 486. <p>Thank you.</p>	9/6/2017 4:16 PM EDT
