MAY 19 2017

FCC Mail Room

Proceeding - 17-108, Net Neutrality, Title II

I write, rather than I file my request, because oddly, your webpage would not accept my 9 digit zip code which I repeatedly requested.

I request that the FCC protect my internet freedom by utilizing the more stringent guidelines of Title II in Net Neutrality. I am wholly opposed to Title I, which I consider a restriction of my public forum freedom.

Respectfully,
Lisa A. Wilson
