Re: CC Docket No. 02-6 – Ex Parte Submission

Dear Ms. Dortch:

U.S. TelePacific Corp. d/b/a TPx Communications¹ (“TPx”) submits this *ex parte* letter to supplement its filings regarding its Request for Review of a Universal Service Administrative Company (“USAC”) Decision regarding the provision of services to Coachella Valley Unified School District (“CVUSD”).²

The attached chart shows, for each Funding Year 2008 through 2011, the pre-discount amount for CVUSD’s voice FRN, the discount percentage, the non-discounted amount CVUSD was responsible for paying, the credit balance from the previous funding year, the amount CVUSD actually paid TPx towards Funding Year invoices, the net amount TPx received from the California Teleconnect Fund (“CTF”), the E-rate credit balance to be issued after the Funding Commitment Decision Letter (“FCDL”) was received, and the cumulative E-rate balance (to be issued after FCDL received).³

TPx is filing the attached revised chart to replace the chart it filed in January 2018:⁴ The total amount outstanding for FRN 2198848 that TPx asks the FCC to direct USAC to pay

¹ Formerly TelePacific Communications and referred to herein as TPx.

² See *Request for Review by U.S. TelePacific Corp. of Decision of the Universal Service Administrator*, CC Docket No. 02-6 (filed Sept. 3, 2015).

³ The chart also shows the amount TPx billed to USAC, the amount disbursed by USAC for each Funding Year, and the remaining amount to be paid to TPx by USAC.

⁴ See *Ex Parte Submission by U.S. TelePacific Corp.*, CC Docket No. 02-6 (filed January 17, 2018).

is \$127,017.46. TPx explained in its Supplement that the FCC also should direct USAC to pay TPx \$34,299.74 for MPLS and point-to-point services that were not duplicative to three CVUSD sites. USAC reimbursed TPx for services provided December 2011 through June 2012 to these three sites, but did not reimburse TPx for services provided to the same three sites July 2011 through November 2011.

Please contact the undersigned if you have any questions.
