**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in a place where I only have access to one ISP. As a result, I receive poor quality service at an inflated rate. People blocks away from me can choose to receive service from competitive providers, and pay less money for high quality services. Eliminating the rules that support competitive providers will only harm consumers, and it will help no one and nothing but the profit margins of the already obscenely profitable telecom companies. Do not needlessly increase the rates and decrease the quality of consumer choices in broadband internet.
