DOCKET FILE COPY ORIGINAL

Dear Sir:

As an ordinary citizen the internet is vital to me. I urge you and your fellow commissioners to protect open and equal access to the internet for all regardless of monetary resources. Title II does this. No blocking or slow down should be allowed. No blocking discrimination should be tolerated. There should be absolutely no paid prioritization. The policies of June 2016 achieve the necessary regulation for this essential service and should be kept in place and intact. Keep current provisions to insure net neutrality. Do not roll them back. I support the regulation of the internet in the same way utilities are regulated.

Sincerely,
