RE: Notice of *Ex Parte* Meeting – Structure and Practices of the Video Relay Service Program, Telecommunications Relay Service and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities, CG Docket Nos. 10-51 and 03-123

Dear Ms. Dortch:

On August 16, 2016, Angela Roth, President and Chief Executive Officer, ASL Services Holdings, LLC dba GlobalVRS (“Global VRS”), Gabrielle Joseph, Vice President and Chief Operations Officer, GlobalVRS, and Andrew Isar, Miller Isar, Inc., met with Karen Peltz-Strauss, Robert Aldrich, Eliot Greenwald and Darryl Cooper of the Commission’s Consumer and Government Bureau, to address GlobalVRS’ August 12, 2016 *Emergency Petition for Extension of the Rate Relief Termination Date on ASL Services Holdings, LLC dba GlobalVRS* (“Emergency Petition”).

Ms. Roth explained the basis for GlobalVRS’ *Emergency Petition* including the unchanged circumstances since the Commission’s March 3, 2016 limited compensation relief for Tier 1 providers. Ms. Roth noted that despite the limited rate relief, GlobalVRS’ allowable costs are still not being compensated, while the reforms that had been understood as being implemented prior to the limited compensation relief expiration remain pending. She stated that additional financial data demonstrating the Company’s current financial standing, the impact of the limited rate relief, and the impact of the pending neutral platform and software application on the GlobalVRS’ financial position would be provided to the Commission. Ms. Roth also stated that GlobalVRS would provide additional information regarding the exogenous costs it has assumed in compliance with the Commission’s program reforms.

It was stressed that GlobalVRS is simply requesting an extension of the limited rate relief until the financial benefits of the certain reforms may be realized.

Respectfully submitted,

MILLER ISAR, INC.
