

REGARDING THE FCC's REQUEST FOR COMMENT FOR AMERIFACTORS FINANCIAL GROUP, LLC

DA 17-690, CG Docket No. 02278, CG Docket No. 05338

I support this petition:

Hi id like to tell you if I get a phone call it's a phone call. I get my faxes sent to an email, its an email. We don't even have a fax machine and don't want one. I also send all my faxes from my computer and I have no phone, I don't print my faxes and don't have a printer I save them in my computer. Efaxes aren't the same as faxes they go over the internet and are an email. Amerigroup is right, this shouldn't be considered a fax its an email
