Hello, -

I live in Larchmont, NY
(10538) and I am
writing because I oppose
"restoring internet freedom"
In FCC WC Docket 17-108.
I am concerned that this
will put big budget websites
in the fast lane and block
me from ~~central sites~~ ~~support net~~
neutrality. Thank you, Liz Ward, 74 Edgewood Ave.

To Whom It May Concern,

I am writing in regard to having an open internet. I strongly support net neutrality. Without such rules internet services providers would be free to block content (i.e. censor content), slow down video streams, or charge extra to access certain sites or services online. This would stifle competition and innovation by allowing internet access providers to give their own content and services unfair advantages. The internet is a utility like electricity and water and should be regulated as such. Please maintain net neutrality and the Title II classification.

Sincerely,

Stewart Deats

7-15-11
Dear FCC Commissioners,

Please keep our internet free from
monetization of speed and access.

Net neutrality is good for all
businesses & provides access
for individuals with varying
incomes. Free and equal
is the American way in
idea and standard. We count
on you to protect our internet
rights.

Thank you, Holly Overin

MR. PAI,

IT IS CRITICAL THAT WE KEEP THE
INTERNET A FREELY-ACCESSED NEUTRAL
UTILITY.

ENDING "NET NEUTRALITY" AND GIVING FAVORED
ACCESS TO SOME SITES - MOSTLY MORE POWERFUL
SITES - PUTS SMALL BUSINESSES AT AN UNFAIR DIS-
ADVANTAGE. PLEASE PRESERVE NET NEUTRALITY!

13 July -
Dear FCC Commissioners,

Please preserve Net Neutrality!
Net Neutrality has been made a Human
Right by law in Canada and many other
civilized nations. The Corporate Capture
of our commons has gone far enough!
Our cherished right of Free Speech
will be curtailed if you take our
Net Neutrality away. Please DON'T!

Sincerely,

Mrs. Charell W. Charlie

Please support Net neutrality.

I am a small business owner and free and equal access to the Internet is vital for the success of my business.

It is also important for those who telecommute, ~~who~~ have flexible schedules, or those taking care of children or aging adults. The ability to access the Internet while caring for loved ones allows those to continue to work.

Thank-you
Janet Hagopian
