Dear FCC,

Net neutrality is crucially important. With more and more aspects of our lives requiring access to the Internet, we need to be able to have it available to us in a fair format. Service providers being able to throttle content is the opposite of this. Please keep Title II protections in place.

Dear CHAIRMAN PAI,

I'm part of the #WomensMarch movement

I'm from San Antonio, Texas
and I'm concerned about:

KEEP NET NEUTRALITY

and this is why:

1) First Amendment issues: large companies/wealthy individuals shouldn't have faster, easier access to information, websites, individuals or small organizations.

2) Consumer Protection
In the first 100 days of the new power of administration, I hope you understand big business and take these concerns seriously.

Sincerely, Rue Wood
