**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I am limited on providers and would love to have more of a variety of competition to make the best choice on what I need at a decent price. No more monopolies, which put small businesses like local broadband businesses out, lowering a large portion of my communities job opportunities. Options like AMA TechTel give my community other options than monopolies like AT&T for phone, internet and network services at a great price. Don't allow good local customer services like them to be burnt out by passing this ruling. We love competition and the freedom of choice that comes with it as well as vast job opportunities to work for great local customer services.
