Eligibility of Products and Services

Issue

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

What is the issue?

Applicants that seek E-rate support for Data Transmission and/or Internet Access must confirm if the service connection is directly going to a single school, library, or a NIF and/or is between eligible schools, libraries, and NIFs (i.e. a connection that provides a "Wide area network").

For FRN 1699115795, Line Item 1699115795.001, you stated "No" to both of the following questions: "Is this a direct connection to a single school, library or a NIF for Internet access?" and "Is this a connection between eligible schools, libraries and NIFs (i.e., a connection that provides a "Wide area network")?" As a result, we are trying to validate this connection type.

Please read all of the questions, descriptions, and requests below. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.

Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

These are my responses:

#	Question	Response
1	<p>Is this a direct connection, a line or a circuit to a single school, library or a NIF for Internet access?</p> <p>For example, this type of connection is a line or a circuit connection originating from the Service Provider (SP) directly to an eligible entity-school, library or a NIF (e.g. last mile service). This type of connection may also include multiple entities/recipients sharing the same single connection, such as three co-located schools in one building or a connection from the Service Provider to a hub (host) location, such as District or Administrative office.</p>	<div>Yes</div>
a		---

#	Question	Response
	If Yes, no further response is required, and your response to this question will be modified to "Yes".	
b	If No, go to Question #2.	---
2	<p>Is this a connection between eligible schools, libraries and NIFs (i.e. Wide Area Network)?</p> <p>For example, this may be a connection from one or more computers or networks within an eligible school or library to one or more computers or networks that are external to such eligible school or library and that belong to another eligible entity.</p>	<div>--Yes / No--</div>
a	If Yes, no further response is required, and your response to this question will be modified to "Yes".	---
b	If No, the connection is neither a direct connection to an eligible entity or a WAN connection between eligible entities, please provide an explanation for the purpose of the connection (why is it needed) and how the connection relates to your specific network architecture.	n/a
3	<p>If you would like to provide any additional information about these issues that have not been addressed above:</p> <p>Use the text box to type information, or upload additional documentation using the "Browse" button.</p>	n/a
4	Please provide Vendor documentation for FRNs 1699115795, 1699107284 and 1699042705 to support the amounts requested.	see attached

Eligibility of Products and Services

Issue

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

What is the issue?

On your form, your FRN Product and Service detail was not sufficient to determine if the requested amount for FRN 1899023727 can be supported. This is an issue because before we can proceed with processing your form, we must validate the eligibility of your request.

Please read all of the questions, descriptions, and requests below. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.

Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

Question(s)

1. Please provide vendor documentation which supports the funding request amount of \$17,768.48 for Local Phone Service Only

Note: Any vendor documentation (e.g. contracts, vendor quotes, vendor bills, invoices, etc.) provided should clearly identify any ineligible charges that were cost allocated out of your request. Also, please be sure to explain any discrepancies between the amount requested and amount supported.

District Response:

Please refer to the attached sample invoices for eligible Voice services. FRN Line 003 is for SAL4WIRE, FRN Line 004 is for Supertrunk.

The MRC plus estimated fees and taxes for SAL4WIRE is \$133.74. The estimated Monthly Quantity for funding year 2018-19 is one, thus the Total Monthly Eligible Recurring Costs are \$133.74.

The MRC for Supertrunk is \$52.26 + \$599.65, plus estimated fees and taxes of \$1040.01 for total Monthly Recurring Unit Eligible Costs of \$1691.92. The estimated Monthly Quantity for funding year 2018-19 is 11, thus the Total Monthly Eligible Recurring Costs are \$18,611.12 (\$1691.92 X 11).

The correct Total Monthly Eligible Recurring Cost for Lines 003 and 004 combined is \$18,744.86 (\$133.74 + \$18,611.12).

2. If you are requesting additional dollars to accommodate expected growth or increased usage, please provide any relevant documentation that you used when determining the estimate for expected growth or increased usage. **N/A**

Eligibility of Products and Services

Issue

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

What is the issue?

On your form, your FRN Product and Service detail was not sufficient to determine if the requested amount for FRN 1899023727 can be supported. This is an issue because before we can proceed with processing your form, we must validate the eligibility of your request.

Please read all of the questions, descriptions, and requests below. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.

Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

Question(s)

1. Please provide vendor documentation which supports the funding request amount of \$17,634.76 for line 4.

Note: Any vendor documentation (e.g. contracts, vendor quotes, vendor bills, invoices, etc.) provided should clearly identify any ineligible charges that were cost allocated out of your request. Also, please be sure to explain any discrepancies between the amount requested and amount supported.

District Response:

Please see attached invoice summary pages with four sample monthly charges for Supertrunks. The correct Monthly Quantity is four. The District is requesting to reduce the Total Monthly Eligible Recurring Costs for FRN Line Item # 1899023727.004 from \$17,634.76 to \$3,491.48. The breakdown for the new monthly cost is as follows:

BTN	Monthly Total	Add CTF	Deduct Ineligible		Eligible Monthly
			DID	Non Published Listing	
2137441986	\$435.13	\$31.41	\$10.25	\$1.79	\$454.50
2137454796	\$331.48	\$33.46	\$10.25	\$1.79	\$352.90
3237356267	\$1,549.65	\$154.31	\$10.25	\$1.79	\$1,691.92
8187277669	\$915.61	\$88.59	\$10.25	\$1.79	\$992.16
				total monthly	\$3,491.48

2. If you are requesting additional dollars to accommodate expected growth or increased usage, please provide any relevant documentation that you used when determining the estimate for expected growth or increased usage. **N/A**

3. If you would like to provide any additional information about these issues that have not been addressed above:

Use the text box to type information, or upload additional documentation using the “Browse” button.

N/A

Note: Please provide summary page for this bill, you do not need to provide all pages just the summary page showing the full cost on this bill. This along with the explanation you previously gave me and break down is sufficient.

Please refer to the response to Question 1.

2017 Voice Appeal - #90507

Eligibility of Products and Services

Issue

USAC's Program Compliance team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve.

What is the issue?

On your form, your FRN Product and Service detail was not sufficient to determine if the requested amount for FRN 1799032893 can be supported. This is an issue because before we can proceed with processing your form, we must validate the eligibility of your request.

Please read all of the questions, descriptions, and requests below. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation.

Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

Question(s)

1. Please provide vendor documentation which supports the funding request amount of \$5,565,163.00. Please note that the documentation you have provided on appeal and during PIA review to support this funding request appears to be essentially the same documentation that you used/provided to support another FRN 1799032489 on this application. If it is the same vendor documentation that supports both FRNs, please identify/document charges (separate charges for each FRN) that support both FRNs separately. Please also document the ineligible charges for each FRN that to be removed from the funding request. After identifying/documenting the separate charges (both eligible and ineligible) for each FRN, please provide a spreadsheet that confirms total eligible charges supported by the vendor documentation that can be used to approve funding for both FRNs.

If there are separate bills for both FRNs 1799032893 and 1799032489, please provide documentation with separate bills and spreadsheets as indicated above.

Note: Any vendor documentation (e.g. contracts, vendor quotes, vendor bills, invoices, etc.) provided should clearly identify any ineligible charges that were cost allocated out of your request. Also, please be sure to explain any discrepancies between the amount requested and amount supported.
