Aloha,

To whom it may concern,

I am writing you today to voice my support for net neutrality backed by strong title II oversight of ISP's. Net neutrality and title II are important to consumer protection as it will keep the internet free, open and affordable for all consumers in the US. As an educator I find it disturbing that Ajit Pai and Michael O'Rielly would vote to gut net neutrality. This will cause irreparable damage to the internet and how people access information. Please reconsider the current agenda to gut net neutrality and roll back title II protections. It is imperative that net neutrality stay intact and is backed by strong title II oversight of ISP's so that we can continue to have a free, open and affordable internet for all.

Me ka manao pono,
