Re: Petition of USTelecom for Forbearance Pursuant to 47 U.S.C. § 160(c) to Accelerate Investment in Broadband and Next-Generation Networks, WC Docket No. 18-141

Dear Ms. Dortch,

I am writing to you on behalf of Timothy Patrick Jewelers. We are a small locally owned Jewelry store in Santa Rosa, CA with a staff of one. We are a Sonic customer, and we urge you not to grant USTelecom's petition.

Our Sonic subscription includes internet (which we use for all of our marketing), phone and email service. Our asymmetric broadband we have is basically lightning speed.

We use Sonic's services because they have AMAZING customer service and have nice prices. High speed plus friendly tech support that calls us from time to time to make sure everything is working correctly? Yes please Sonic!

Being a small business it's important to cut costs where we can and we occasionally price shop for comparable or lower rates. I can't find any better rates with the other providers, such as AT&T or Comcast. Sonic has the best rates for what we need.

Please do not end the ability of providers like Sonic to offer an alternative to the incumbent providers.

Sincerely,

Timothy Hassler
