Re: Notice of *Ex Parte* Presentation, CG Docket No. 03-123

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Federal Communications Commission's ("FCC" or "Commission") rules, 47 C.F.R. § 1.1206, Clarity Products, LLC ("Clarity"), by its attorneys, hereby submits this letter summarizing an *ex parte* meeting in the above-referenced docket.

On August 19, 2019, Clarity's Beryl Bucher and Jamie van den Bergh, along with Clarity's counsel, Scott Delacourt, met with the following individuals from the FCC's Consumer and Governmental Affairs Bureau: Diane Burstein; Bob Aldrich; Eliot Greenwald; and Michael Scott.

During the meeting, Clarity provided background about the company, detailing its history of serving the deaf and hard-of-hearing community and producing amplified phones. Clarity also discussed its innovative Automated Speech Recognition product, describing how it works, the various use cases it supports, and its ongoing beta testing.

Clarity discussed its pending IP-CTS certification application<sup>1</sup> and urged the Commission to expeditiously grant the application in order to facilitate the delivery of important services to individuals with hearing disabilities. In particular, Clarity explained that stakeholders have had ample opportunity to comment on Clarity's application and, indeed, have provided feedback on the record. Accordingly, Clarity noted that further notice is not required in order for Commission staff to review and grant the application.

Please direct any questions to the undersigned.
