RE: MONOPOLY by SINCLAIR and Merger with TRIBUNE

REGARDS! I am firmly of the belief that Sinclair's mergers and acquisitions represent a threat to our country. Specifically, it has become a MONOPOLY. It poses a very dangerous threat to our country where a plurality of viewpoints are the necessary breath of our Democracy. To disavow such is to ignore the significant danger SINCLAIR poses. Additionally, the FCC, in following this course, IGNORES the extremely high % of the country and media this would expose US citizens to. It is in DIRECT violation of existing regulations.

I STRONGLY AND VEHEMENTLY URGE YOU TO TURN DOWN THE CURRENT AND CONTINUING SINCLAIR MERGERS; CLEARLY IT IS NOT IN THE VERY BEST INTERESTS OF THIS COUNTRY.

note: this message WAS sent to the Commissioners: the response back was that I could file a consumer complaint; but NOWHERE on your site does this exist. Calling the 1-888 number was useless; staffed by an uninformed American.
