Sent Via Certified Mail

Return Receipt No: 7010-2780-0003-2361-0299
Operator Name: Duo County Telecom
Operator Address: PO Box 80
Jamestown, KY 42629
Attention: Mr. Daryl Hammond

Dear Mr. Hammond:

As you know, WBKO-ABC Channel 13.1 serves the primary network affiliate of the ABC Television Network for the Bowling Green television market. Recently, we entered into a new affiliation agreement with ABC that confers that we shall not grant retransmission consent to any MVPD whose subscribers are located outside of the DMA in which the Station Community is located. Our DMA counties include Barren, Butler, Edmonson, Hart, Metcalfe and Warren County.

We would like to continue our affiliation with you however our ABC contract prohibits us from doing so. Please feel free to contact us if you have any questions.

Sincerely,

R. Richard McCue
V.P. & General Manager
WBKO-TV

NEWS RELEASE

****FOR IMMEDIATE RELEASE (1-08-15)****

WBKO Channel Switch

RUSSELLVILLE, KY (January 8, 2015) Due to recent changes in ABC Corporate's contract with EPB, a switch between channel 2 and channel 13 is in effect for all EPB television service customers. WBKO News will continue to be broadcast on channel 13. ABC Primetime shows that are normally viewed on channel 13 will also continue to be broadcast; it just simply switches from channel 13 to channel 2. Customers should not miss any programs due to this switch in channels.

For any questions or additional information, please give the Russellville Electric Plant Board a call at (270) 726-2466. We are sorry for any confusion.

About EPB SmartNet:

The Russellville Electric Plant Board (EPB SmartNet) is a not-for-profit, public power and broadband services provider. EPB SmartNet serves over 4000 customers within Russellville, KY where its mission is to meet our customer's energy and telecommunication needs with excellent customer service at the lowest feasible cost, while providing the highest quality of life for our community and employees.

The fastest Internet Available, spectacular TV & more

Switch to the area's only 100% fiber optic network today! Upgrade to the future today! Get the power of Fiber Optics!

The wait is over - EPBsmartnet is finally available in our neighborhood. Our network is the only one in the Russellville area that's 100% fiber optic through and through so you get way more speed for the fastest internet available! Plus, it's so fast, so you can download an entire movie in minutes or upload photos and more in minutes!

The fastest Internet - 50Mbps EPBsmartnet Internet

Now you can get speed packages up to an amazing 50 Mbps. And it's consistently fast because so many people in your neighborhood are online. Plus, the bandwidth means you can watch streaming TV shows and all those annoying stops and starts.

Enjoy unbeatable home phone service

EPBsmartnet Voice service delivers reliable, clear service with all the features you expect like Caller ID and more. Plus many more. Unlimited Long Distance available too!

A spectacular picture & more with EPBsmartnet Video service

Our 100% fiber optic connection enhances both HD and standard definition TV's, so you'll get a stunning picture you'll have to see to believe. You'll also get more features and options:

All your favorite HD Channels and hundreds of digital channels including WBKO, The Golf Channel, ESPN, Food Network, Comedy Central, Disney Channel, HBO, Showtime and more.

DVR Service lets you record your favorite programming and watch it at your convenience.

Smart Search Guide our easy-to-use programming guide allows you to search by titles or names and see when your favorite show or star is on. Also allow you to set up your favorite channels in your own guide directory!

Better Customer Service

It all comes with the kind of helpful, responsive service you can only get from representatives who are right down the street.

BUNDLE AND SAVE! Get all three services with our triple play bundle or pick 2 for the double play!

EPB

Call Today For
More Performance
and More Value!

Find out just how much more speed and quality you can get for your money. Call today, and in a matter of minutes, a representative will design a custom package that gives you more of what you want.

We've got the power of fiber optics and now you can get it too!

MORE THAN 200 CHANNELS OF QUALITY ENTERTAINMENT FROM YOUR FRIENDS AND NEIGHBORS! DUO COUNTY (270) 378-4141

Cable Subscriber Notice December 2006

www.duocounty.com
(270) 378-4141

Thank you, Adair County:

Yes, thank you for your patience since we acquired the Adair County cable system earlier in 2006. We have been working quickly to be able to enhance your services and improve the quality. The good news is that we have begun construction and will begin converting customers to a new high quality network on a neighborhood by neighborhood basis next month. We expect to convert everyone over the next six months.

Please excuse us when we are in your neighborhood as you may experience some disruption when we upgrade your service. We will be eliminating the need for the old set top boxes for the first 70 video channels and will have new digital gateways and DVRs for our digital customers. We are adding access to 35 new channels of programming including 10 high definition channels and new entertainment such as local weather radar, the Travel Channel, Fox Sports South and the Food Network.

We will have High Speed Broadband Internet service that you can depend on and a new high tech voice telephone service that we can add for a one-stop communications package along with our local dependable service and payment options.

Once you are converted to the new network, you will receive the exciting new programming listed on the reverse side. You will be able to take advantage of special pricing on complete communications packages. This new pricing also reflects new programming costs that we have incurred and will carry over an 18-month period until at least January 2008.

Best of all, we pledge that all of our services will be backed up by a friendly local professional staff that values your business.

Thank you for allowing Duo County Telecom to be your communications company.

DUO COUNTY TELECOM PRIVACY NOTICE

The Federal Cable Communications Policy Act of 1984 contains certain provisions regarding the collection and disbursement of personally identifiable information by cable television operators.

In accordance with those provisions, Duo County Telephone collects and maintains personally identifiable information concerning customers.

That information includes, among other things, your name, address, telephone number and billing records, service maintenance and repair records, premium service subscription information, marketing information, and customer complaints.

Personally identifiable information is generally used for the normal business purpose of offering and rendering cable television service and other services to you.

Cable system employees have access to such information, when necessary, in connection with our business or when otherwise desirable. Access may be on a day-to-day basis.

As a customer you may review any personal information held by Duo County Telecom which pertains to you. Preparation time for this information varies because it is necessary to avoid disclosure of information regarding other customers. Please contact us by letter or by telephone to arrange for a review.

The review will be at Duo County Telephone business office in Jamestown. You may request correction of any errors in personal information that we collect and maintain pertaining to you.

Federal law prohibits collecting any personally identifiable information other than information necessary to carry on our business or to detect theft of service, unless you consent.

Duo County Telecom does not disclose personally identifiable information without your consent, unless we are required to do so by court order.

Any person aggrieved by an act of a cable operator in violation of these federal limitations on the collection and disclosure of personally identifiable information may bring a civil action in a United States District Court to enforce the limitations.

Cable Subscriber Notice December 2006

www.duocounty.com
(270) 343-3131

Dear Valued Cable Customer,

Duo County Telecom will be enhancing your video service with some great new features very soon. In 2007 we will be adding great new programming, new Pay Per View offerings and you will be able to receive Lexington's local channels in High Definition.

Our Digital Package will include 31 additional channels, such as ESPNU, VHI Country, Toon Disney and dozens more. Also, you will have the Starz Movie Package and a Four Movie Super Pak available for the first time. Please refer to the reverse side of this notice to view the 2007 channel line-up and rates. Rates have been adjusted for 2007 due to increased programming costs.

We are very excited about the new services and programming that you will be able to access in 2007 and remember you can count on great service whenever you need it from your friends and neighbors at Duo County Telecom. Video, voice, Internet, wireless and long distance from your cooperative. Thank you for allowing us to serve you.

DUO COUNTY TELECOM PRIVACY NOTICE

The Federal Cable Communications Policy Act of 1984 contains certain provisions regarding the collection and disbursement of personally identifiable information by cable television operators.

In accordance with those provisions, Duo County Telephone collects and maintains personally identifiable information concerning customers.

That information includes, among other things, your name, address, telephone number and billing records, service maintenance and repair records, premium service subscription information, marketing information, and customer complaints.

Personally identifiable information is generally used for the normal business purpose of offering and rendering cable television service and other services to you.

Cable system employees have access to such information, when necessary, in connection with our business or when otherwise desirable. Access may be on a day-to-day basis.

As a customer you may review any personal information held by Duo County Telecom which pertains to you. Preparation time for this information varies because it is necessary to avoid disclosure of information regarding other customers. Please contact us by letter or by telephone to arrange for a review.

The review will be at Duo County Telephone business office in Jamestown. You may request correction of any errors in personal information that we collect and maintain pertaining to you.

Federal law prohibits collecting any personally identifiable information other than information necessary to carry on our business or to detect theft of service, unless you consent.

Duo County Telecom does not disclose personally identifiable information without your consent, unless we are required to do so by court order.

Any person aggrieved by an act of a cable operator in violation of these federal limitations on the collection and disclosure of personally identifiable information may bring a civil action in a United States District Court to enforce the limitations.

Adair/Cumberland County IPTV Subscriber Notice 2010

Dear Valued Customer:

In 2009 Duo County expanded our channel line-up by adding more new channels to include more than 30 Free HD channels — the largest Free HD programming selection in this service area. With 5 new High Definition channels like Golf HD, FOX Sports South HD and Syfy HD this makes Duo County's Digital TV the best value ever.

Additionally, Duo County is the ONLY entertainment provider to offer programming for local high school sports, community events, governmental meetings and local on-air event opportunities.

The value is even better when you bundle your Digital TV services into a Triple Play package which includes TV, Phone and Internet. We are pleased to announce that Duo County Triple Play customers will pay the same rate in 2010 as they have in 2009. However, for more savings you may reduce your bill by \$2 per month with a new agreement. Call one of our customer service representatives to learn how you can maximize your savings today.

Please refer to the back of this notice for the new and expanded 2010 line-up and rates. It was necessary to make minimal rate adjustments on Standard and Basic Digital plans due to increased programming costs. All premium and PPV rates remain the same.

We are excited about both our expanded Digital TV offerings, and expanded coverage areas thanks to new Broadband TV technology. We continue to work hard to provide unmatched customer service and the best new technology at competitive rates to all of our friends and neighbors.

www.duocounty.com

The Federal Cable Communications Policy Act of 1984 contains certain provisions regarding the collection and dissemination of personally identifiable information by cable television operators.

In accordance with those provisions, Duo County Telecom collects and maintains personally identifiable information concerning customers.

That information includes, among other things, your name, address, telephone number and billing records, service maintenance and repair records, premium service subscription information, marketing information, and customer complaints.

Personally identifiable information is generally used for the normal business purpose

of offering and rendering cable television service and other services to you.

Cable system employees have access to such information, when necessary, in connection with our business or when otherwise desirable. Access may be on a day-to-day basis.

As a customer you may review any personal information held by Duo County Telecom which pertains to you. Preparation time for this information varies because it is necessary to avoid disclosure of information regarding other customers. Please contact us by letter or by telephone to arrange for a review.

The review will be at Duo County Telecom's business office in Jamestown. You may request correction of any errors in personal

information that we collect and maintain pertaining to you.

Federal law prohibits collecting any personally identifiable information other than information necessary to carry on our business or to detect theft of service, unless you consent.

Duo County Telecom does not disclose personally identifiable information without your consent, unless we are required to do so by court order.

Any person aggrieved by an act of a cable operator in violation of these federal limitations on the collection and disclosure of personally identifiable information may bring a civil action in a United States District Court to enforce the limitations.

PRODUCTS AND SERVICES OFFERED

Duo County Telecom offers a variety of video programming tiers and services, including a Basic/Lifeline service tier that includes many of the local television broadcast stations in your area and an Expanded Basic service tier that includes many additional cable programming services. Many of the local broadcast stations included in the Basic/Lifeline service tier are also available in a digital format. Where available, there are many additional digital cable programming services that you may purchase with Duo County Digital Cable, which includes access to the interactive programming guide, digital music channels and pay-per-view channels. Tiers of service offered by Duo County Telecom are generally independent of each other, unless noted in special offers; however, as a prerequisite for subscribing to the various tiers offered including Premium or Pay-per-view events, customers are required by law to subscribe to Basic/Lifeline service. Duo County may also offer customers the option to rent equipment, such as set-top boxes, CableCards™, and remotes that may be needed to access certain programming services. Visit us at www.duocounty.com or call us at the number on your bill for more information about products and services in your area.

SIGNAL QUALITY & COMPLAINT PROCEDURES

If you experience problems with the quality of television signals you receive, you should call us at the telephone number listed on your bill. A DuoCare Expert can often resolve your problem over the telephone. If this cannot be done, we will set up an appointment for a skilled technician to come to your home. If, in your opinion, the service technician fails to correct the reception problem, you should call us again and we will review the actions taken. Should we continue to be unable to resolve the problem to your satisfaction, we will explain the reasons we cannot solve the problem. You may also refer to your monthly cable bill or call the local customer service number listed on your bill for the address of your franchise authority contact designated to receive consumer complaints.

INSTRUCTIONS ON HOW TO USE VIDEO/CABLE SERVICE

Customers may visit us at www.duocounty.com or call us at the telephone number on your bill for more information regarding how to use your cable service.

BILLING COMPLAINT PROCEDURES

Customers can direct cable billing or service complaints to Duo County Telecom at the telephone number listed on your bill. If you believe Duo County Telecom has not properly resolved your issue, you may contact your local franchise authority. Refer to your monthly cable bill or call the local customer service number listed on your bill for the address of your franchise authority contact designated to receive consumer complaints.

EQUIPMENT COMPATIBILITY

Most modern television sets, DVRs and VCRs are cable compatible for "cable ready" and can receive the analog television signals carried on the cable system if those signals have not been encrypted to secure the signals. Many of these newer devices are also "digital cable ready" and may be connected directly to the cable system to receive digital signals present on the system that have not been encrypted. Except with new television sets and other display devices equipped to use the Cable Card technology described below (sometimes referred to as DCR or UDCP devices), digital or high-definition television ("HDTV") signals carried on Duo County Television systems will not be viewable without a set-top channel converter compatible with and authorized by the Duo County Telecom system providing service to you.

CABLE CONVERTERS

If you have a cable ready or digital cable ready TV/display device you may not need a converter; however, some models of TVs, DVRs and VCRs - especially older TV sets that are not "cable ready" - may not receive all of the channels offered when connected directly to the cable system. If your TV, DVR or VCR is not able to receive all of the channels desired, you can obtain a set-top channel converter from Duo County Telecom at a monthly charge, or if available, at a retail store. If you plan to purchase cable services that we scramble or encrypt, such as premium, pay-per-view or some digital services, you should make sure that any

set-top converter, navigation device or digital cable ready TV/display device you purchase from a retail outlet is capable of working with separate security cards (CableCards™) that we must provide in order for your equipment to access such programming services. Upon request, we will provide you with the technical parameters that are needed for any such device to operate with our security cards and cable system. In addition, you should know that receivers with scrambling units are illegal to sell or use unless authorized by Duo County Telecom.

If you receive service through a set-top channel converter, you may not be able to use special features and functions of your TV, DVR and VCR. These may include features that allow you to view a program on one channel while simultaneously recording a program on another channel; record two or more consecutive programs that appear on different channels; and, use advanced picture generation and display features such as "Picture-in-Picture", channel review and other functions that necessitate channel selection by the consumer device. You may be able to resolve these issues (and other compatibility issues associated with the reception of non-encrypted programming services) through an additional converter or other equipment that is available for lease from Duo County Telecom upon request, or from another electronics retail vendor. Please call us for technical assistance with questions about the type of special equipment needed to resolve individual compatibility problems.

CABLE CARDS

Certain new TV/display devices (sometimes referred to as DCR or UDCP devices) are sold with a port for a Cable Card, which can substitute for a set-top channel converter. The current generation of these TV/display devices cannot interact with the cards to allow you to use any interactive or two-way services that we offer, such as pay-per-view and the interactive programming guide. Devices capable of supporting two-way services (called Tru2way™ devices) will be available in the future, and Duo County Telecom is committed to supporting that technology when it becomes available. For more information, you may contact us by calling Customer Care.

REMOTE CONTROLS

Duo County Telecom includes a remote control unit with set-top channel converters. Some television, VCR or DVD remote controls are also capable of controlling the basic features of your set-top box. "Universal" remote control units that are compatible with the basic features of set-top boxes may be also be obtained from many other sources, such as consumer appliance, electronics outlets or over the Internet. These universal remote controls may not be compatible with certain set top features or services available from Duo County Telecom in certain markets. If you have specific questions concerning where to find remote controls or their compatibility, we encourage you to contact Customer Care at the number listed on your monthly bill.
