*If I'm approved, when does my Access program from AT&T start?*

We will let you know several weeks before the re-certification deadline, and we'll also send you at least one reminder notice. Before the deadline, you'll need to show that you still meet the requirements for participation in the Access program from AT&T. If you do not complete the required steps by the specified date and do not notify us of your intent to cancel service, we will remove your program discount and bill you at current market rates.

*What happens if I no longer meet the qualification requirements?*

If we find that you no longer meet the requirements for participation in the Access program from AT&T, we'll remove your program discount and bill you at regular rates for your Internet service unless you: tell us to cancel the service or provide documentation showing that you do in fact meet the requirements.

We will notify you in advance of your annual re-certification date. If you would like to resume participation in the program at a later date, you are allowed to do so. If we learn that the person whose SNAP information was used to apply for the program no longer lives in your household, we will give you the opportunity to:

- Provide documentation showing that someone else in your household is a SNAP participant, or
- Notify us that you intend to cancel your Internet service, or
- Take no further action, in which case we'll remove your program discount and bill you at regular rates.

## other questions & resources

*If a customer moves to a different address while they have service under the Access program from AT&T, will they be required to re-certify eligibility for the program?*

An existing Access from AT&T customer moving to a new address should have that transaction handled by the Access from AT&T dedicated call center at 855.220.5211 (in Spanish, 855.220.5225) to ensure the discount stays on their account. No re-certification is required for a service address change, unless the customer is within their annual re-certification window.

*Can services under the Access program from AT&T be cancelled within the same year a household signs up? What is the process for cancelling?*

There is no term commitment for services provided under the Access program from AT&T. Customers may cancel at any time by calling the number on their bill, or by calling the Access from AT&T dedicated call center at 855.220.5211. (For help in Spanish, call 855.220.5225.)

*If a customer disconnects service under the Access program from AT&T, will they be required to return the modem or gateway equipment? If they do not return the equipment, is there a fee?*

Customers should contact the Access from AT&T dedicated call center at 855.220.5211 (in Spanish, 855.220.5225) to confirm the equipment return requirements for their specific account. Failure to adhere to the applicable equipment return requirements could result in the application of fees.

*How do I know whether I'm a SNAP participant?*

The U.S. Supplemental Nutrition Assistance Program used to be known as the Food Stamp Program. It's a nationwide program, but each state administers the program on behalf of the federal government. If you receive food benefits through your state government (EBT, food card), you're probably a SNAP participant.

*How do I enroll in the Supplemental Nutrition Assistance Program?*

Go to the USDA SNAP website at [www.fns.usda.gov/snap/apply](http://www.fns.usda.gov/snap/apply), where you'll find instructions on how to apply.

*What is Supplemental Security Income (SSI)?*

Information about the SSI program in California is available here <https://www.ssa.gov/pubs/EN-05-11125.pdf>

*Why do California households qualify based on SSI participation, but not households in other states?*

California SSI recipients are not eligible for SNAP benefits because they receive a State supplement to their SSI benefits in lieu of SNAP benefits. For this reason, AT&T decided to expand program eligibility to California SSI recipients under the same requirements that apply to SNAP participants.

*I am a California resident and I live with my uncle, who receives SSI benefits, and my sister, who is a SNAP participant. How do I qualify for Access from AT&T?*

You may submit an application for Access from AT&T based on either the SSI benefits received by your uncle, or the SNAP benefits received by your sister. You will only have to provide information for one of these individuals, and you may choose either. However, only one account will be available at your address.

*I'm currently a Lifeline customer and get wireline phone service at home from AT&T at a discount. Does the Access program from AT&T replace Lifeline?*

The Access program from AT&T provides discounted wireline Internet service; Lifeline provides discounted phone service. The Access program from AT&T and Lifeline are two completely separate programs, each with its own eligibility requirements. It may be possible to receive discounted services through both the Access program from AT&T and Lifeline. Similarly, it may be possible to be eligible for one program but not the other. For details on Lifeline, visit [www.att.com/lifeline](http://www.att.com/lifeline).

*I'm new to the Internet, and am not sure how to get started. Do you have any resources that can help me?*

AT&T has assembled a valuable collection of tools for online beginners, called Digital You. Whether you're searching for a low-cost computer to get online at home, your child is starting to explore the Internet to help complete schoolwork, or you want to boost your online skills for everything from paying bills to applying for jobs—Digital You can help! Visit [digitalyou.att.com](http://digitalyou.att.com) to learn how to increase your confidence, skills, privacy, and safety as you connect online.

*Can services under the Access program from AT&T be cancelled within the same year a household signs up? What is the process for cancelling?*

There is no term commitment for services provided under the Access program from AT&T. Customers may cancel at any time by calling the number on their bill, or by calling the Access from AT&T dedicated call center at 855.220.5211. (For help in Spanish, call 855.220.5225.)

*If a customer moves to a different address while they have service under the Access program from AT&T, will they be required to re-certify eligibility for the program?*

An existing Access from AT&T customer moving to a new address should have that transaction handled by the Access from AT&T dedicated call center at 855.220.5211 (in Spanish, 855.220.5225) to ensure the discount stays on their account. No re-certification is required for a service address change, unless the customer is within their annual re-certification window.

*If a customer disconnects service under the Access program from AT&T, will they be required to return the modem or gateway equipment? If they do not return the equipment, is there a fee?*

Customers should contact the Access from AT&T dedicated call center at 855.220.5211 (in Spanish, 855.220.5225) to confirm the equipment return requirements for their specific account. Failure to adhere to the applicable equipment return requirements could result in the application of fees.

#### *Suppose I'm assigned a speed of 5Mbps. Can I switch to 3Mbps so that my monthly bill is \$5 instead of \$10?*

No. This program applies only to the highest of the three program speed tiers available at your address. This speed will be automatically assigned to you by AT&T.

*What exactly do you mean by wireline home Internet service?*

"Wireline home Internet service" refers to AT&T's wireline Broadband Internet Access Service, which is delivered to a fixed location over a physical wire or cable.

*Does this offer apply to wireless (cellular) Internet service?*

No. This offer applies only to wireline home Internet service in AT&T's 21-state **service area**.

*The program materials say that an in-home Wi-Fi modem is included at no extra cost. What does that mean?*

Access from AT&T service includes a Wi-Fi capable modem or gateway which broadcasts a wireless Wi-Fi signal inside your home, allowing you to extend the reach of your wireline Internet service. You can access this wireless Wi-Fi signal on a variety of Wi-Fi compatible devices, including: laptops, tablets, smartphones, and many more.

*The program materials say that Access from AT&T service includes access to AT&T's entire national Wi-Fi hotspot network at no extra cost. What does that mean?*

You can connect your Wi-Fi enabled devices away from home, at thousands of AT&T Wi-Fi hotspots nationwide. For complete details and to locate AT&T Wi-Fi hotspots, visit [www.attwifi.com](http://www.attwifi.com).

**signing up for service**

*How do I know if I'm eligible for the Access program from AT&T?*

You are eligible for the Access program if:

- At least one person in your household participates in the Supplemental Nutrition Assistance Program (SNAP);
- You live in one of the 21 states where AT&T provides wireline home Internet service; and
- At least one of the Access from AT&T Internet speed tiers is available at the address where you live.

California residents also are eligible if:

- At least one member of your household receives Supplemental Security Income (SSI) benefits; and
- At least one of the Access from AT&T Internet speed tiers is available at the address where you live.

Other requirements also apply. To know for sure that you can participate in the program, visit [www.att.com/access](http://www.att.com/access) to check service availability at your address and submit an application to see whether your household qualifies.

*How do I find out if I'm located in AT&T's 21-state service area?*

The 21-state service area is the broad area (also known as footprint) where AT&T provides wireline services. You can view a map of this service area at [www.att.com/local](http://www.att.com/local). Actual service availability and speeds may vary by individual address.

*What information will I need to provide to participate in the Access program from AT&T?*

You can view a list of the required information you'll need to provide [here](#).

*Can I provide a taxpayer ID instead of a Social Security number?*

You may provide either a social security number, a taxpayer ID number, or a tribal ID number.

*Can I apply for the Access program from AT&T at a local AT&T store?*

No, AT&T retail stores are not able to process Access from AT&T applications or orders. You will be able to access the application at [www.att.com/access](http://www.att.com/access) and submit the form online or via email. You may also print the form and send via fax or mail. If you experience difficulties with the application, you can contact an AT&T representative by phone at 855.220.5211. (For help in Spanish, call 855.220.5225.)

*Do I need to pay a deposit to get service?*

No deposit is required to establish Internet service under the Access program from AT&T.

*Will AT&T conduct a credit check when I apply for service?*

As part of standard AT&T policy, all orders for new service are subject to a credit check, including a bureau credit check. Results of the credit check will not impact your ability to obtain Internet service under the Access program from AT&T.

*After I sign up for the offer and provide the required information, how will I know if I qualify?*

After we receive and process your application, a letter indicating your application status will be mailed to you. This letter will include instructions on the next steps in the ordering process.

*I have more than one Internet account with AT&T. If I'm approved for participation in the Access program from AT&T, will all my Internet accounts be included?*

No. Only one AT&T Internet account per household can be included in the Access program from AT&T. You'll need to choose which account you want to include.

*If I'm approved, when does my Access program from AT&T start?*

Your service under the program starts when your Access from AT&T order is completed. That may be the same day you call in to activate your discount (if you have existing AT&T service)—or at a later date (if you are newly establishing wireline Internet service). Your customer service representative will advise you of your service activation date when you call to place your order.

*I currently have a bundle of AT&T services. If I get service through Access from AT&T, does the bundle pricing stay the same for the other products?*

You may be able to keep bundled pricing for other AT&T services even if you switch your Internet service to the Access program from AT&T. For complete details, please call an AT&T representative by phone at 855.220.5211. (For help in Spanish, call 855.220.5225.)

*Is my continued participation guaranteed?*

You can continue to participate while the offer is in effect as long as your household continues to meet the qualification requirements for the offer.

*How will I know when to re-certify that I meet the qualification requirements?*

Once you are an Access from AT&T customer, your service will automatically renew each year the program continues. AT&T will notify you, in advance of your annual renewal date, that no action is required as long as you still participate in the Qualifying Program. If you do not participate in the Qualifying Program, contact us to discuss other internet service programs.

*What happens if I no longer meet the qualification requirements?*

If we find that you no longer meet the requirements for participation in the Access program from AT&T, we'll remove your program discount and bill you at regular rates for your Internet service unless you:

- Tell us to cancel the service or
- Provide documentation showing that you do in fact meet the requirements.

*The only SNAP participant in my household will be moving out before it's time to re-certify. Will I be able to continue participating in the Access program from AT&T?*

Access from AT&T customers need to meet the qualification requirements at all times, and having at least one SNAP participant in a household is necessary for continued participation in the Access program from AT&T. If we learn that the person whose SNAP information was used to apply for the program no longer lives in your household, we will give you the opportunity to:

- Provide documentation showing that someone else in your household is a SNAP participant, or
- Notify us that you intend to cancel your Internet service, or
- Take no further action, in which case we'll remove your program discount and bill you at regular rates.

## installation

*Am I required to sign-up for online billing to participate in the Access program from AT&T?*

No, online billing is not required.

*Will someone need to come to my home to install service?*

AT&T will send you a self-installation kit with simple step-by-step instructions, making it easy to complete the installation process yourself. If you need additional help after attempting self-installation, you may request a technician (at no charge) to assist with installation.

*If I need to call in a technician for installation assistance at my home, will there be a charge?*

No, there is no charge. AT&T will send you a self-installation kit with step-by-step instructions. In most cases, customers can complete the installation process themselves. If you need additional help after attempting self-installation, you may request a technician to assist with installation.

## other questions & resources

*How do I know whether I'm a SNAP participant?*

The U.S. Supplemental Nutrition Assistance Program used to be known as the Food Stamp Program. It's a nationwide program, but each state administers the program on behalf of the federal government. If you receive food benefits through your state government (EBT, food card), you're probably a SNAP participant.

*How do I enroll in the Supplemental Nutrition Assistance Program?*

Go to the USDA SNAP website at [www.fns.usda.gov/snap/apply](http://www.fns.usda.gov/snap/apply), where you'll find instructions on how to apply.

*What is Supplemental Security Income (SSI)?*

Information about the SSI program in California is available here <https://www.ssa.gov/pubs/EN-05-11125.pdf>

*Why do California households qualify based on SSI participation, but not households in other states?*

California SSI recipients are not eligible for SNAP benefits because they receive a State supplement to their SSI benefits in lieu of SNAP benefits. For this reason, AT&T decided to expand program eligibility to California SSI recipients under the same requirements that apply to SNAP participants.

*I am a California resident and I live with my uncle, who receives SSI benefits, and my sister, who is a SNAP participant.*

*How do I qualify for Access from AT&T?*

You may submit an application for Access from AT&T based on either the SSI benefits received by your uncle, or the SNAP benefits received by your sister. You will only have to provide information for one of these individuals, and you may choose either. However, only one account will be available at your address.

*I'm currently a Lifeline customer and get wireline phone service at home from AT&T at a discount. Does the Access program from AT&T replace Lifeline?*

The Access program from AT&T provides discounted wireline Internet service; Lifeline provides discounted phone service. The Access program from AT&T and Lifeline are two completely separate programs, each with its own eligibility requirements. It may be possible to receive discounted services through both the Access program from AT&T and Lifeline. Similarly, it may be possible to be eligible for one program but not the other. For details on Lifeline, visit [www.att.com/lifeline](http://www.att.com/lifeline).

*I'm new to the Internet, and am not sure how to get started. Do you have any resources that can help me?*

AT&T has assembled a valuable collection of tools for online beginners, called Digital You. Whether you're searching for a low-cost computer to get online at home, your child is starting to explore the Internet to help complete schoolwork, or you want to boost your online skills for everything from paying bills to applying for jobs—Digital You can help! Visit [digitalyou.att.com](http://digitalyou.att.com) to learn how to increase your confidence, skills, privacy, and safety as you connect online.

*Can services under the Access program from AT&T be cancelled within the same year a household signs up? What is the process for cancelling?*

There is no term commitment for services provided under the Access program from AT&T. Customers may cancel at any time by calling the number on their bill, or by calling the Access from AT&T dedicated call center at 855.220.5211. (For help in Spanish, call 855.220.5225.)

*If a customer moves to a different address while they have service under the Access program from AT&T, will they be required to re-certify eligibility for the program?*

An existing Access from AT&T customer moving to a new address should have that transaction handled by the Access from AT&T dedicated call center at 855.220.5211 (in Spanish, 855.220.5225) to ensure the discount stays on their account. No re-certification is required for a service address change, unless the customer is within their annual re-certification window.

*If a customer disconnects service under the Access program from AT&T, will they be required to return the modem or gateway equipment? If they do not return the equipment, is there a fee?*

Customers should contact the Access from AT&T dedicated call center at 855.220.5211 (in Spanish, 855.220.5225) to confirm the equipment return requirements for their specific account. Failure to adhere to the applicable equipment return requirements could result in the application of fees.

*“Access from AT&T” is an Affordable Wireline Home Internet Option For Low-Income Households*

[AT&T](#)<sup>1</sup> is making wireline home Internet service more affordable for low-income households starting today through Access from AT&T, a new program designed to help bridge the digital divide.

Qualifying households will get the fastest of three speed tiers – 10Mbps, 5Mbps or 3Mbps –available at their address. Internet speeds provided at 10Mbps and 5Mbps will cost \$10 a month, and Internet speeds at 3Mbps will cost \$5 a month. We will also waive installation and Internet equipment fees for participating households. Additional taxes and fees may apply.<sup>2</sup>

Access from AT&T is available to households with at least one resident participating in the U.S. Department of Agriculture Supplemental Nutrition Assistance Program, or SNAP, and located within the 21 states where we offer home Internet service.<sup>3</sup>

“We’re making it easier for more people to connect to friends, family, their communities and the possibilities of the Internet,” said Cheryl Choy, vice president wired voice and broadband products, AT&T. “Access from AT&T is an affordable Internet option available to millions of Americans with limited budgets.”

“At EveryoneOn, we believe that a home Internet connection is life-changing. From completing homework online to applying for a job to interacting with family and friends, a connection to the digital world is vital for all Americans” said Chike Aguh, chief executive officer of EveryoneOn. “Access from AT&T, and other programs like it, will help more low-income Americans experience the opportunity that the Internet provides.”

We're working with school districts and national and community-based organizations to educate eligible households on Access from AT&T. The new, low-cost program will be available through April 2020.<sup>4</sup> Complete program details are available at [att.com/access](http://att.com/access).

The [AT&T Digital You](http://att.com/digitalyou) portal has additional resources on the Access from AT&T program as well. The portal has resources and tools for getting online, using technology safely, utilizing online learning sites, job searching and more. Created in collaboration with Common Sense Media, the Digital You portal also provides free training on topics like basic computer skills and ways to maximize online privacy and security.

## News Release

### **AT&T and U.S. Department of Housing and Urban Development (HUD) Join Forces to Narrow the Digital Divide**

*30 Informational Events on Low-Cost Internet to Take Place  
In 15 ConnectHome Pilot Communities across U.S.*

**LOS ANGELES, Sept. 7, 2016** — AT&T is now a national stakeholder in the [ConnectHome](#) initiative of the U.S. Department of Housing and Urban Development (HUD). This public-private effort will help connect families living in HUD-assisted housing to low-cost internet service.

Over the next year, AT&T will host 30 events across 15 *ConnectHome* pilot communities located within AT&T's 21-state wireline service area. The events will help inform an estimated 1.4 million HUD-assisted households about Access from AT&T, a low-cost internet service [launched in April](#).

Speaking at a news conference today in the Los Angeles neighborhood Estrada Courts in Boyle Heights, HUD Secretary Julián Castro said that *ConnectHome* and Access from AT&T can accomplish more by working together.

"By expanding access to internet, *ConnectHome* is providing families the tools they need to be competitive in this 21<sup>st</sup> century global economy," said Secretary Castro. "Through this new collaboration, HUD and AT&T are taking an important step to narrow the digital divide and ensure opportunity for our nation's children."

"High-speed internet increases access to education, healthcare and employment. It's a key tool for advancing opportunities in all communities," said AT&T California President Ken McNeely. "Joining with HUD on the *ConnectHome* program helps us extend low-cost internet service to those who need it most."

AT&T will provide up to 100 [Udacity Nanodegree](#) program scholarships to select participants in designated HUD communities. Nanodegree programs are self-paced, online curricula that provide students in-demand skills to help obtain tech-related jobs. Courses help students and job-seekers develop skills in areas such as web development, mobile development and data analytics.

“Internet access is a modern necessity, not a luxury – especially for households with school-age children,” said Douglas Guthrie, president and CEO of the Housing Authority of the City of Los Angeles. “To date, we have provided internet access to over 2,200 households. We are confident that more families across the city and those living in public housing communities will have the opportunity to get connected with the help of AT&T driving additional awareness of their low-cost program.”

### Find an event

The 30 informational events are open forums for questions about Access from AT&T. Attendees can get help applying for the service online and learn about digital literacy tools on the [AT&T Digital You](#) portal.

The first event is from 10 a.m. to 1 p.m. Saturday, Sept. 10 in the computer lab of the Estrada Courts development during a Community Resource Fair.

AT&T is working with HUD and local housing authorities to schedule more events this fall. Join in one of these *ConnectHome* pilot communities:
