RE: WT Docket No. 18-197, Confidentiality of NRUF / LNP Data

Dear Mr. Stockdale and Ms. Harris:

The Attorney General of the State of California (the "Attorney General") is conducting an inquiry into whether the proposed acquisition of Sprint Corporation by T-Mobile US, Inc. would violate any federal and/or California state laws. In connection with this investigation, the Attorney General is seeking access to documents and information that contain Numbering Resource Utilization and Forecast ("NRUF") data and local number portability ("LNP") data pursuant to its subpoena powers under Cal. Gov. Code § 11181.

The Attorney General shall not divulge any documents or information it receives pursuant to § 11181 except in connection with a legitimate law enforcement purpose or a judicial proceeding. *See* Cal. Gov. Code § 11183. Additionally, if any documents or information we receive pursuant to § 11181 should become the subject of a discovery request or public records request by a third party, the Attorney General shall assert all privileges, exemptions from, or other objections to disclosure in response to such request that the Attorney General in good faith deems appropriate under applicable law.

If you have any questions of concerns please feel free to call me at (415) 510-3765.
