RE: CC Docket No. 02-6

To whom it may concern,

On behalf of The Magellan School (USAC entity #17003563) I am requesting a Window Waiver Request for submission of a USAC Form 471 applications in relation to the E-Rate program for the 2017 funding year. The delay is a result of the fact that the funding request is for broadband services that were originally funded in 2016 through the E-Rate program and for which the contract for said services expires in 2019. It was our understanding that the funding approved in 2016 would automatically renew given the length of the contract in question. However, we have been advised that this is not the case and that a new funding request is required. The Form 471 for which we need this waiver is for said funding.

The USAC Form 471 application in question are:

- 1) 171049569

We hope you will extend the waiver requested so that our applications can be considered for funding.

Sincerely,

Erin Defosse
