Hi Lorrie,

I have a question about RFP's. I am adding Category 2 Services. This is what I need:

- [29-wireless access points with Cloud Controller and appropriate licensing](#)
- [29-Category 6 network drops for wireless access points](#)
- [1-Category 6 Patch Panel - 48 port](#)
- [2-miscellaneous Category 6 network drops](#)
- [2-48port 10/100/1000 switches](#)
- [1-8port 10/100/1000 switch](#)
- [1-36" Open Frame Wall Mount Equipment Rack](#)

Can I just upload this information on a word document as the RFP or do I need to enter it in a specific form?

Hope you're not too busy. I know this is probably your crazy time. Thanks for your help!

Good Morning Terri,

Yes, you can upload the info you've listed as a Word doc, or pdf, not a problem. Just make sure on the 470 that you also click on the "Function" pull-down and add each component type there.

Please let me know if you need more info.

Take care,

Lorrie

Hi,

Me again with more questions;

1. I submitted a category 1 last year for wireless for 5 year. Do I have to do anything this year? What happens after the 5 years are up?
2. The 5 year agreement is with Time Warner. I received a letter from them saying they are changing their SPIN or 498 ID number to 143048275. Do I have to go back and change the number, if so how do I do that?

Thanks so much!!

Terri
