**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I no longer have an internet provider in my rural area that services my area aside from satellite internet which is unacceptable. Do not take away local providers in my area. I need broadband service in my area and without the local providers making it possible for broadband service, I would be stuck with no internet at all. Being in a rural community, I need the local broadband providers and need them to keep running new fiber lines to bring us broadband internet.
