**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I don't have any providers that offer me the service required for our home needs. It allows our family to home school and stay connected to our community, where we work as school teachers and IT professionals.

Fiber and new networks will allow us to improve our quality of life and thrive, while contributing to our community and lifting those around us. It is a crucial right to information, and we *\*must\** support broadband competition!
