**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

When it comes to broadband with my household, it is essential part our household education. There are three of here who go full time to college and having internet is necessary to complete our education. In our area, we live on paycheck to paycheck lofesyltyle and having access to low/moderate priced internet is all we can afford. If providers like Sonic internet are not allowed to use other telecom providers' lines, then we will be forced to go with the only other providers in the area, spectrum or att. They typically have provided poor service, whereas compared to Sonic, the service has been outstanding. Hence I we ask that we allow shared access on lines from big telecoms, as it provides better service and competition overall.
