**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

After years of terrible service with AT&T I vowed that I would no longer give them one more dime of my hard earned money. I was fed up! Luckily this took place at a time when other broadband and telephone companies offered competitive pricing with much better service. I found a service provider who understood real customer service, the value of the dollar for a working class American, and didn't require me to take vacation days waiting for service and repairs that never arrived. It was only after I received quality service from another company that offered broadband and telephone service that the full impact of how bad AT&T is hit me! AT&T is the worst!

Do not take away competition in Broadband. This will effectively take away competitive pricing for what is now an essential utility for working class Americans.

Thank you,

MiHi Ahn
