**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My household is made up of consumers, work at home professionals, and a small business owner. Having multiple Internet Service Providers allows us not only to enjoy more competitive prices, but ensures that we have adequate choices in regards to privacy and performance. And, since you decided to eliminate net-neutrality, it is even more critical that we have choices for our ISP.

I switched to my current ISP provider from my previous one due to better billing options, better performance at my location, and better privacy protections. I object to any reduction in my choices due to anything other than market-driving forces.
