**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not pass this! The smaller companies that have come into the market have made the market more competitive and gives us consumers better option which in turn has given us better service not only in communication service but also in how we are treated as a customer. Before, we were at the big companies mercy and had to take what ever they were willing to give us and being screwed the whole time. Now I feel I have the best company out there and will never go back to ATT for service!

Please do not listen to the big companies and push the smaller companies out of business. This is not what we as customers want!
