**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The major players in the internet service provider industry are getting way too powerful, and when that happens, consumers lose. The FCC should never allow major corporations to make rules that force the competition out. It will only lead to extremely limited choices, and that is UNAMERICAN!!

It is imperative that the FCC allow for a free market. We, the people, cannot, and will not, stand idly by while the most powerful people and corporations deny consumers the right to affordable internet access and the ability to NOT be held hostage to games being played by the big guns. Smaller companies should not be deprived of their right to provide internet access at competitive prices.

We say NO TO PRICE HIKES!! NO TO MONOPOLIES!!

We will not be silenced, we will not be bullied, and we will not stand by while the FCC attempts to destroy our democracy!
