**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The airways belong to all of us. A wide range of providers benefits the commons. Please don't allow the AT&T and Verizons to take away this access to copper lines and limit competition.

I am sure you don't want to appear to favor large businesses over small ones, as the core of economic health in America is carried by small business. I am sure you want to be a champion for fairness on the airwaves, a trust you are to carry out as a steward for this American access.

I am writing to ask you to support broadband competition and protect these unbundled copper lines keeping the access to higher speed at a moderate cost, as it has been for 20 years.

Thanks you,

E Carney
