**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I would like to ask that you allow me to have choice to select providers to render internet services to my home & business.

It is important for us consumers to be able to
select the provider that will suit or needs best.

I used to live in Europe and had benefited from fiber technology 6 years ago. I live in San Francisco now and am not able to get fiber technology in my neighborhood. Frankly I find that shocking . I tried to work with AT& T the sole provider but that was disastrous.

Please allow smaller companies to conduct business in our community so the competition could result in improved services and its pricing for all of us.

I thank you ,
Best,
