**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner currently using internet service with Sonic.

The company stands for what is right both in telecommunications and also with issues in the local community, including defending its clients against unfair internet legislation and supporting local victims of the Sonoma county fires.

Sonic is a veritable symbol of what American business strives to be -committed, intelligent and willing to work harder in order to do a better job.

Please support an environment where business can thrive through fair competition so that small business, the community and the country in general can thrive.
