**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Save the competitive intercom services we have today. I am a small business owner and I was with the big telephone and internet companies before switching to my local service. I do not want them to go away by cutting them out as an option. I prefer their better service and customer support and they offered faster internet service then the big companies were offering.

Broadband is critical to my business. Sonic is upgrading to fiber optic and I don't want to lose the options available. I currently use my local company for both phone and internet service.

Do not let the big Phone companies take away my options.

Thanks,

Alfredo Tofanelli
