**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer that supports broadband competition. I am currently a SONIC customer accruing service at an affordable rate. I only require broadband WiFi and although some providers offer WiFi service on without a bundled package the rates are to high. Or you have to go with bundled packages that are expensive and require you to use services you dont need.

I fully support free enterprise and small business growth over a hand full of big corporations dominating the market which only leads to the consumer having fewer choices and paying higher prices.
