**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition, and you should too. My internet and phone provider is the best, and without them my service would be more expensive and less reliable. Please don't limit my choices.

Isn't competition in business fundamental to capitalism and American democracy? If I remember my college economics correctly, the idea is that competition guarantees high-quality service at low prices. That's been my experience with my broadband service. Please don't mess with it.
