**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are a small business in Arcadia, CA and it is critical that there is more competition. We had the hardest time getting internet installed at our office because our location could only get one provider. It should not be this way- we need to have competition so that the providers actually care about customer service and fair pricing. This was a major headache and hindrance for our small business. Internet services are so fundamental to everyone now that we should not let only one provider be the only option in local territories.
