**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We're a consumer who supports broadband competition. It should be competitive with many providers. We do not want to anticipate price hikes that will increase the cost of internet and telephone services.

We're against monopolies that can raise rates without being able to go to others for competitive pricing.

It's important for the rural community as well as suburban and city communities to have this local broadband provider.
