**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

NO price hikes that will increase the cost of internet and telephone services!!!C

I live in a rural community and depend on local broadband for internet & phone use. By eliminating competition, the end user will ultimately pay the price. Cost of living has dramatically increased due to inflation. It's critical to keep prices low so the rural community can stay connected.

You have a moral obligation to the consumer not business. Do the right thing.
