**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner in San Francisco who supports broadband competition. I have used Sonic.net since opening my business and their broadband is critical to running it. Their broadband service is fast, customer service impeccable, and prices competitive. I hope to see continued growth in competitive deployment and want to see Sonic and other small broadband companies have a chance to grow fast. This helps our communities, small businesses, and schools have more options in broadband that is affordable, fast, and easy to troubleshoot. Please continue allowing access to unbundled network elements to small broadband companies.

Thank you for taking the time to consider the small networks.

Alexandrea Brown
