**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The internet provider I use is Sonic broadband internet & phone they provide good lower cost internet service& phone far better than what I had years prior with AT&T. AT&T has been a monopoly for years and their prices have gone up more & more. Their service has not. Competition is good for everyone Especially for the consumer that I am. I cannot afford higher price Phone & internet like what will be imposed if something is not done to keep our broadband customers protected like the competitive providers we have now.
